Notwithstanding the foregoing, terms in “*Description of Equity Shares and Terms of Articles of Association*”, “*Statement of Possible Tax Benefits*”, “*Industry Overview*”, “*Key Industrial Regulations and Policies*”, “*Financial Information*”, “*Outstanding Litigation and Material Developments*” and “*Offer Procedure*” on pages 312, 104, 115, 140, 207, 234 and 276 respectively of this Prospectus, will have the meaning as described to such terms in these respective sections.

CERTAIN CONVENTIONS, USE OF FINANCIAL INFORMATION AND MARKET DATA AND CURRENCY OF PRESENTATION

Certain Conventions

All references to “India” contained in this Prospectus are to the Republic of India and its territories and possessions and all references herein to the “Government”, “Indian Government”, “GOI”, Central Government” or the “State Government” are to the Government of India, central or state, as applicable.

Unless otherwise specified, any time mentioned in this Prospectus is in Indian Standard Time (“IST”). Unless indicated otherwise, all references to a year in this Prospectus are to a calendar year.

Unless stated otherwise, all references to page numbers in this Prospectus are to the page numbers of this Prospectus.

Financial Data

Unless stated otherwise or the context otherwise requires, the financial information and financial ratios in this Prospectus has been derived from our Consolidated Restated Financial Information. For further information, please see the section titled “***Financial Information***” on Page No. 207 of this Prospectus.

Our Company’s financial year commences on April 1 and ends on March 31 of the next year. Accordingly, all references to a particular financial year, unless stated otherwise, are to the twelve (12) month period ended on March 31 of that year.

The Consolidated Restated Financial Statements of our Company for the half year ended on September 30, 2025 and for the Financial Years ended March 31 2025, 2024 and 2023 comprise restated summary statement of assets and liabilities, the restated summary statement of profit and loss, the restated summary statement of cash flow and restated summary statement of changes in equity together with the annexures and notes thereto and the examination report thereon, as compiled from the Indian GAAP financial statements for respective period/year and in accordance with the requirements provided under the provisions of the Companies Act, SEBI ICDR Regulations and the Guidance Note on “*Reports in Company Prospectuses (Revised 2019)*” offered by ICAI.

There are significant differences between Ind AS, Indian GAAP, U.S. GAAP and IFRS. Our Company does not provide reconciliation of its financial information to IFRS or U.S. GAAP. Our Company has not attempted to explain those differences or quantify their impact on the financial data included in this Prospectus and it is urged that you consult your own advisors regarding such differences and their impact on our financial data. Accordingly, the degree to which the financial information included in this Prospectus will provide meaningful information is entirely dependent on the reader’s level of familiarity with Indian accounting policies and practices, the Companies Act, Ind AS, the Indian GAAP and the SEBI ICDR Regulations. Any reliance by persons not familiar with Indian accounting policies and practices on the financial disclosures presented in this Prospectus should, accordingly, be limited.

Unless the context otherwise indicates, any percentage amounts, as set forth in “***Risk Factors***”, “***Our Business***” and “***Management’s Discussion and Analysis of Financial Position and Results of Operations***” on Page Nos. 35, 140 and 216 respectively, of this Prospectus, and elsewhere in this Prospectus have been calculated on the basis of the Consolidated Restated Financial Statements of our Company, prepared in accordance with GAAP, and the Companies Act and restated in accordance with the SEBI ICDR Regulations.

In this Prospectus, any discrepancies in any table between the total and the sums of the amounts listed are due to rounding off. All figures in decimals have been rounded off to the second decimal and all the percentage figures have been rounded off to two decimal places including percentage figures in “***Risk Factors***”, “***Industry Overview***” and “***Our Business***” on Page Nos. 35, 115 and 140 respectively, of this Prospectus.

Currency and Units of Presentation

All references to:

- “Rupees” or “₹” or “INR” or “Rs.” are to Indian Rupee, the official currency of the Republic of India; and
- “USD” or “US\$” or “\$” are to United States Dollar, the official currency of the United States of America.

Our Company has presented all numerical information in this Prospectus in “LAKHS” units or in whole numbers where the numbers have been too small to represent in LAKHS. One lakh represents 1,00,000 and one million represents 10,00,000.

Exchange rates

This Prospectus contains conversions of certain other currency amounts into Indian Rupees that have been presented solely to comply with the SEBI ICDR Regulations. These conversions should not be construed as a representation that these currency amounts could have been, or can be converted into Indian Rupees, at any particular rate or at all.

The following table sets forth, for the periods indicated, information with respect to the exchange rate between the Indian Rupee and other foreign currencies:

Currency	Exchange rate as on			
	September 30, 2025	March 31, 2025	March 31, 2024	March 31, 2023
1 USD	88.79	85.58	83.37	82.22
1 Euro	104.22	92.32	90.22	89.61

Industry and Market Data

Unless stated otherwise, the industry and market data and forecasts used throughout this Prospectus has been obtained from industry sources as well as Government Publications. Industry sources as well as Government Publications generally state that the information contained in those publications has been obtained from sources believed to be reliable but that their accuracy and completeness and underlying assumptions are not guaranteed and their reliability cannot be assured.

The extent to which the market and industry data used in this Prospectus is meaningful depends on the reader's familiarity with and understanding of the methodologies used in compiling such data. There are no standard data gathering methodologies in the industry in which the business of our Company is conducted, and methodologies and assumptions may vary widely among different industry sources. Accordingly, investment decisions should not be based solely on such information.

In accordance with the SEBI ICDR Regulations, “**Basis for Offer Price**” on Page No. 104 of this Prospectus includes information relating to our peer group entities. Such information has been derived from publicly available sources, and neither we, nor the BRLM have independently verified such information. Such data involves risks, uncertainties and numerous assumptions and is subject to change based on various factors, including those discussed in “**Risk Factors**” on Page No. 35 of this Prospectus.

FORWARD - LOOKING STATEMENTS

This Prospectus contains certain “forward-looking statements”. These forward-looking statements generally can be identified by words or phrases such as “aim”, “anticipate”, “believe”, “expect”, “estimate”, “intend”, “objective”, “plan”, “propose”, “project”, “will”, “will continue”, “will pursue” or other words or phrases of similar import. Similarly, statements that describe our strategies, objectives, plans or goals are also forward-looking statements. All forward-looking statements are subject to risks, uncertainties, expectations and assumptions about us that could cause actual results to differ materially from those contemplated by the relevant forward-looking statement. These forward-looking statements, whether made by us or a third party, are based on our current plans, estimates and expectations and actual results may differ materially from those suggested by such forward-looking statements.

Actual results may differ materially from those suggested by forward-looking statements due to risks or uncertainties associated with expectations relating to and including, regulatory changes pertaining to the industries in India in which we operate and our ability to respond to them, our ability to successfully implement our strategy, our growth and expansion, technological changes, our exposure to market risks, general economic and political conditions in India which have an impact on its business activities or investments, the monetary and fiscal policies of India, inflation, deflation, unanticipated turbulence in interest rates, foreign exchange rates, equity prices or other rates or prices, the performance of the financial markets in India and globally, changes in domestic laws, regulations and taxes and changes in competition in the industries in which we operate.

Certain important factors that could cause actual results to differ materially from our Company’s expectations include, but are not limited to, the following:

- If we cannot maintain and expand our existing client base, our business, financial condition, cash flows and results of operations may be adversely affected
- Our business operates in industries characterized by rapid technological changes, and our inability to keep pace with such changes may adversely affect our competitiveness, business, and financial performance
- We are significantly dependent on our technology partnerships, and any adverse change in these relationships may adversely affect our business, operations, and financial condition.
- Our Company’s success depends largely upon its skilled professionals and its ability to attract and retain these personnel. The industry where our Company operates requires highly skilled and technical employees
- We generate a significant percentage of our revenue from operations from customers in Maharashtra and Madhya Pradesh in India. If our operations in these states are negatively affected, our financial results and future prospects would be adversely impacted
- We are dependent on a few vendors/ suppliers. Any loss of such suppliers or any increase in the price will have an adverse impact on our business and our revenue.
- Our success depends largely upon the knowledge and experience of our Promoters. Any loss of our Promoters and key managerial personnel or our ability to attract and retain them could adversely affect our business, operations and financial condition
- If our information security measures are compromised, damaged or interrupted by cyberattacks, breaches, computer viruses or other security problems, our business, reputation and financial condition could be adversely affected.
- We depend on few Customer Industries for majority of our revenue from operations. Loss of customers in these Customer industries may result in an adverse effect on our business, revenue from operations and financial conditions.
- We operate in a highly competitive industry and may be unable to compete successfully against existing or new competitors.

For further discussion of factors that could cause the actual results to differ from our estimates and expectations, see **“Risk Factors”**, **“Our Business”** and **“Management’s Discussion and Analysis of Financial Position and Results of Operations”** beginning on Page Nos. 35, 140 and 216, respectively, of this Prospectus. By their nature, certain market risk disclosures are only estimates and could be materially different from what actually occurs in the future. As a result, actual gains or losses could materially differ from those that have been estimated.

We cannot assure investors that the expectations reflected in these forward-looking statements will prove to be correct. Given these uncertainties, investors are cautioned not to place undue reliance on such forward-looking statements and not to regard such statements as a guarantee of future performance.

Neither our Company, our Directors, our Officers, Book Running Lead Manager and Underwriter nor any of their respective affiliates have any obligation to update or otherwise revise any statements reflecting circumstances arising after the date hereof or to reflect the occurrence of underlying events, even if the underlying assumptions do not come to fruition. In accordance with SEBI requirements, our Company, and the Book running Lead

Manager will ensure that investors in India are informed of material developments until such time as the grant of listing and trading permission by the Stock Exchange for the Equity Shares allotted pursuant to this Offer.

In accordance with the SEBI ICDR Regulations, our Company, the Promoters and the Book Running Lead Manager will ensure that the Bidders in India are informed of material developments until the time of the grant of listing and trading permission by the Stock Exchange for the Offer. In accordance with the requirements of SEBI, each of the Promoter Selling Shareholder will ensure that investors are informed of material developments in relation to the statements and undertakings specifically undertaken or confirmed by it in the Prospectus until the date of Allotment. Only statements and undertakings which are specifically confirmed or undertaken by each of the Promoter Selling Shareholder to the extent of information pertaining to it and/or its respective portion of the Offered Shares, as the case may be, in this Prospectus shall be deemed to be statements and undertakings made by such Selling Shareholder.

For further details, please refer to the chapter titled **“Industry Overview”** beginning on Page No. 115 of this Prospectus.

2. Summary of Business

We are a Customer Transformation Partner that helps businesses improve how they serve and communicate with their consumers. Our offerings are built around Customer Experience-as-a-Service (CXaaS) and AI-as-a-Service, helping organizations enhance customer engagement, streamline operations, and achieve measurable business outcomes.

We create solutions that make customer service smarter, faster, and more efficient by leveraging technologies such as artificial intelligence (AI), automation, and cloud platforms. Our tools include virtual assistants, automation features, and customer sentiment analysis, enabling companies to manage interactions across multiple channels i.e phone, chat, email, and others in a seamless manner. These solutions reduce costs and response time while improving the customer experience.

Since our inception in 2016 as a contact-center systems integrator, we have expanded into broader customer engagement and digital transformation services. We have served over 150 clients, including several from the ET500 list. More than 40% of our revenues are derived from long-term service contracts exceeding five years (around sixty months), reflecting continuity and stable client relationships.

We operate with a team of over 60 engineers in India, delivering solutions to both international clients and domestic enterprises, ensuring the presence across global and Indian markets. We serve clients in the USA, Singapore, and other international markets, supported by delivery partnerships while also catering to enterprises within India. Our business is further supported by technology partnerships with NICE Ltd., Acumatica, and Mitel, enabling us to provide customer experience, and unified communication solutions.

Our capabilities are demonstrated by the trust placed in us by leading enterprises across industries. We work with MakeMyTrip, RBL Bank, IGT Solutions Pvt. Ltd., IKS, and WNS, delivering customer experience solutions that are scalable, resilient, and outcome-driven. These associations reflect our ability to design and implement reliable CX platforms that enhance customer engagement, improve service efficiency, and create measurable business impact across travel, banking, IT-enabled services, and business process management sectors.

Our unique value proposition lies in delivering integrated AI, automation, and CX solutions that reduce implementation timelines through the work of our dedicated in-house data science team.

For further details, please refer to the chapter titled **“Our Business”** beginning on Page No. 140 of this Prospectus

SECTION III – RISK FACTORS

An investment in equity shares involves a high degree of risk. Investors should carefully consider all the information in the Prospectus, including the risks and uncertainties described below, before making an investment in our Equity Shares. The risks described below are not the only ones relevant to us or our Equity Shares, but also to the industry in which we operate or to India. Additional risks and uncertainties, not currently known to us or that we currently do not deem material may also adversely affect our business, results of operations, cash flows and financial condition. If any of the following risks, or other risks that are not currently known or are not currently deemed material, actually occur, our business, results of operations, cash flows and financial condition could be adversely affected, the price of our Equity Shares could decline, and investors may lose all or part of their investment. In order to obtain a complete understanding of our Company and our business, prospective investors should read this section in conjunction with “Our Business”, “Restated Financial Statements” and “Management’s Discussion and Analysis of Financial Condition and Results of Operations” on pages 140, 207 and 216, respectively of this Prospectus, as well as the other financial and statistical information contained in this Prospectus. In making an investment decision, prospective investors must rely on their own examination of us and our business and the terms of the Issue including the merits and risks involved. Potential investors should consult their tax, financial and legal advisors about the particular consequences of investing in the Issue. Unless specified or quantified in the relevant risk factors below, we are unable to quantify the financial or other impact of any of the risks described in this section.

This Prospectus also contains forward-looking statements that involve risks, assumptions, estimates and uncertainties. Our actual results could differ materially from those anticipated in these forward-looking statements as a result of certain factors, including the considerations described below and, in the section titled “Forward-Looking Statements” on page 24 of this Prospectus.

Unless otherwise indicated, the financial information included herein is based on our Restated Financial Statements included in this Prospectus. For further information, please see “Restated Financial Statements” on page 207 of this Prospectus. We have, in this Prospectus, included various operational and financial performance indicators, some of which may not be derived from our Restated Financial Statements and may not have been subjected to an audit or review by our Statutory Auditors. The manner in which such operational and financial performance indicators are calculated and presented, and the assumptions and estimates used in such calculation, may vary from that used by other companies in same business as of our Company in India and other jurisdictions. Investors are accordingly cautioned against placing undue reliance on such information in making an investment decision and should consult their own advisors and evaluate such information in the context of the Restated Financial Statements and other information relating to our business and operations included in this Prospectus.

To obtain a complete understanding, prospective investors should read this section in conjunction with the sections “Our Business”, “Industry Overview” and “Management’s Discussion and Analysis of Financial Condition and Results of Operations” on pages 140, 115 and 216 respectively, as well as the other financial and statistical information contained in this Prospectus.

Materiality:

The Risk Factors have been determined on the basis of their materiality. The following factors have been considered for determining the materiality of Risk Factors:

- *Some events may not be material individually but may be found material collectively;*
- *Some events may have material impact qualitatively instead of quantitatively; and*
- *Some events may not be material at present but may have a material impact in future.*

The financial and other related implications of risks concerned, whether quantifiable have been disclosed in the risk factors mentioned below. However, there are risk factors where the impact may not be quantifiable and hence, the same has not been disclosed in such risk factors. The numbering of the risk factors has been done to facilitate ease of reading and reference and does not in any manner indicate the importance of one risk over another.

In this Prospectus, any discrepancies in any table between total and sums of the amount listed are due to rounding off.

In this section, unless the context requires otherwise, any reference to “we”, “us” or “our” refers to Exato Technologies Limited.

The risk factors are classified as under for the sake of better clarity and increased understanding.

INTERNAL RISK FACTORS

- If we cannot maintain and expand our existing client base, our business, financial condition, cash flows and results of operations may be adversely affected.***

Our top ten customers contribute 89.27%, 88.15%, 85.38%, and 83.84% of our total revenue from operations or the half year ended September 30, 2025 and for financial year ended on March 31, 2025, 2024 and 2023, respectively. Our business operations are highly dependent on our customers and the loss of any of our customers may adversely affect our sales and consequently on our business and results of operations. Set forth below are details of our top clients' contribution to our revenues in the corresponding years:

(₹ in Lakhs)

Customer	For the Half Year Ended September 2025		Fiscal 2025		Fiscal 2024		Fiscal 2023	
	Revenue from Operations	(in %)	Revenue from Operations	(in %)	Revenue from Operations	(in %)	Revenue from Operations	(in %)
Top 5	4,723.41	66.47%	8,478.38	68.25	8,167.05	71.70	4,831.17	66.40
Top 10	6,343.51	89.27%	10,951.19	88.15	9,724.89	85.38	6,100.12	83.84

The loss of one or more of these significant or key customers or a reduction in the amount of business we obtain from them could have an adverse effect on our business, results of operations, financial condition and cash flows. We cannot assure you that the customers would renew the service agreements or pay us in a timely manner or we would be able maintain the historical levels of business from these customers or that we will be able to replace these customers in case we lose any of them. While we are constantly striving to increase our customer base and reduce dependence on any particular customer, there is no assurance that we will be able to broaden our customer base in any future periods or that our business or results of operations will not be adversely affected by a reduction in demand or cessation of our relationship with any of our major customers.

We presently do not have any exclusive arrangements with any of our customers. In the event our competitors' service offer better margins to such customers or otherwise incentivize them, there can be no assurance that our customers will continue to place orders with us. There can also be no assurance that our customers will place their orders with us on current or similar terms, or at all.

- Our business operates in industries characterized by rapid technological changes, and our inability to keep pace with such changes may adversely affect our competitiveness, business, and financial performance.***

The industries in which we operate, including customer experience solutions, automation, and enterprise software, are subject to rapid and continuous technological advancements. Technologies such as artificial intelligence, machine learning, conversational bots, robotic process automation, cloud computing, and data analytics are evolving at a fast pace. Our clients demand solutions that are not only cost-effective but also technologically advanced, scalable, and capable of addressing emerging business challenges. If we are unable to anticipate or adapt to such evolving trends in a timely and cost-efficient manner, our offerings may become less relevant or obsolete, leading to loss of market share and reduced revenues.

The risk of technological obsolescence is particularly relevant for our proposed proprietary platforms and intellectual property, including Prompt-Base Dialer, Call-Sense ZIVA, On-Board X, Compli-Call, and ShiftWise. These platforms require continuous innovation and enhancement to remain competitive in a market where rival solutions are regularly introduced by both established multinational IT service providers and emerging technology startups. Failure to update these platforms in line with market expectations or emerging technologies could adversely impact their adoption by clients, thereby affecting the return on our investments in product development.

Further, rapid technological changes also demand continuous investment in research and development, infrastructure upgrades, and workforce training. In addition, there is a risk that clients may adopt disruptive technologies directly from competitors or develop in-house capabilities, reducing the need for our solutions.

Similarly, changes in technology standards, industry preferences, or regulatory frameworks could render some of our solutions non-compliant or less attractive.

While we continue to invest in research and development and monitor technological trends closely, there can be no assurance that we will be able to keep pace with all future technological changes. Any failure on our part to effectively adapt to such changes may adversely affect our competitiveness, business prospects, financial condition, and results of operations.

3. *We are significantly dependent on our technology partnerships, and any adverse change in these relationships may adversely affect our business, operations, and financial condition.*

A substantial portion of our business relies on strategic partnerships with global technology providers such as NICE Ltd., Mitel, and Acumatica. These partnerships enable us to deliver advanced solutions in customer experience, automation, analytics, unified communications, and ERP. Through such collaborations we gain access to proprietary platforms, technical know-how, and early product updates, which form a critical part of our value proposition to clients.

However, our reliance on these technology providers exposes us to risks that are beyond our control. If any of these partnerships are terminated or not renewed on similar terms, or if commercial arrangements become less favorable, our ability to provide integrated services may be adversely impacted. Further, if any of our partners face regulatory actions, financial difficulties, or reputational setbacks, our association with them could indirectly affect our own credibility and client relationships. Since our delivery capability is linked to these platforms, discontinuation of product lines, delays in upgrades, or lack of alignment with our strategic direction could impair our ability to compete effectively.

While we are investing in building our own intellectual property and proprietary platforms to reduce such dependency, there can be no assurance that these efforts will be sufficient to mitigate the risks arising from our reliance on third-party technology providers.

4. *Our Company's success depends largely upon its skilled professionals and its ability to attract and retain these personnel. The industry where our Company operates requires highly skilled and technical employees.*

Our Company's ability to execute projects and to obtain new clients depends largely on our ability to attract, train, motivate and retain highly skilled software professionals with technical qualification, background and experience. The attrition rates in the industry in which we operate have been high due to a highly competitive skilled employee market in India. We invest in training human resources that we hire to perform the services we provide. These professionals are often targeted by the lateral recruitment efforts of our competitors. The performance of our Company will be benefited on the continued service of these persons or replacement of equally competent persons from the domestic or global markets. We may have difficulty in redeploying and retraining our employees to keep pace with continuing changes in technology, evolving standards and changing customer requirements.

There is intense competition for experienced skilled professionals with technical and industry expertise in our business and if we lose the services of any of these or other key individuals and are unable to find suitable replacements in a timely manner, our ability to realize our strategic objectives could be impaired. The loss of members of our team, particularly to competitors, could have a material adverse effect on our business and results of operations

5. *We generate a significant percentage of our revenue from operations from customers in Maharashtra and Madhya Pradesh in India. If our operations in these states are negatively affected, our financial results and future prospects would be adversely impacted.*

We run our operations both in India and in International Markets. However, a significant percentage of our revenue is contributed by Maharashtra and Madhya Pradesh. We derive majority of our revenue from both these states. As a result, our geographic concentration, our business and financial results are susceptible to economic, social, weather, and regulatory conditions or other circumstances in each of these states. Any deterioration of macroeconomic conditions in these states could unfavourably impact the volume of our business.

Below are the details of revenue from our operations, categorized by states, for the half year ended September 30, 2025 and for the fiscal years 2022-23, 2023-24 and 2024-25.

Any changes to local laws or regulations within these states that affect our ability to operate or increase our operating expenses in these markets would have an adverse effect on our business.

- We are dependent on a few vendors/suppliers. Any loss of such suppliers or any increase in the price will have an adverse impact on our business and our revenue.*

We rely on few vendors/suppliers for purchase of software licenses in order to cater the needs of our customers and provide our solutions to various industries. For the Half year ended September 30, 2025 our purchases from our top 10 vendors/suppliers aggregated ₹4,751.64 Lakhs and for the Fiscal 2025, 2024 and 2023, our purchases from our top 10 vendors/suppliers aggregated to ₹8,150.63 lakhs, ₹ 8,522.76 lakhs, and ₹ 5,194.49 lakhs, constituting for approximately 97.65%, 93.66%, 91.81% and 88.45% of our total purchases respectively. Further, we typically place purchase orders with our vendors for the aforementioned products. We cannot assure you that we will be able to retain any of our vendors or be able to place purchase orders on favorable terms with our existing vendors.

Although there may be many suppliers that provide similar products that we need for our operations, as part of our cost strategy and in order to maintain consistency in quality and quantity of supplies, we strategically partnership with certain suppliers typically prefer to continue purchases from them. If we are unable to retain our key suppliers on commercially favorable terms, we may have to seek alternative suppliers as replacements which may result in increased costs, impact quality and cause delays in our services and schedules, which in turn could adversely affect our business, results of operations and reputation. Moreover, any disruptions in the operations of the vendor or restriction on imports from such vendors could adversely affect our operations.

While there have been no such instances in the three preceding Fiscals, any failure by our suppliers to provide requisite products or software licenses to us on time or at all, or as per our specifications and quality standards for reasons such as capacity limitations, breakdowns, machine failures and security issues, could have an adverse impact on our ability to meet our delivery schedules. Continued fluctuations in the cost of technology, supply interruptions or shortages could cause our suppliers to increase their costs, which in turn may have an adverse impact on our business, results of operations, cash flows and financial condition. Further, our margins and profitability will be adversely affected if, and to the extent, we are unable to pass on the price escalation in our input materials to our customers.

7. *Our success depends largely upon the knowledge and experience of our Promoters and senior Management. Any loss of our Promoters, senior Management and key managerial personnel or our ability to attract and retain them could adversely affect our business, operations and financial condition.*

Our performance and its success largely depend on the efforts and abilities of our Promoters and senior Management. Our Promoters play key role in our functioning and we heavily rely on their knowledge and experience in operating our business. We believe that our relation with our promoter alongwith senior Management, who have rich experience in the Customer experience industry sector, managing customers and handling overall businesses, has enabled us to experience growth and profitability. Our Promoters, directors, senior management and key managerial personnel have been actively involved in the day-to-day operations and management of the Company. Our procurement of business orders also has high dependence on our Promoters and senior management relationship with customers and industry experiences of our Promoters. We believe that the inputs and experience of our Promoters and senior management are valuable for the development of business and operations and the strategic directions taken by our Company. We also depend significantly on the expertise, experience and continued efforts of our employees; hence, our performance and success substantially depend on the ability to attract and retain our key employees, including our experienced personnel. There can be no assurance that any member of our management or other experienced personnel will not leave us in the future. The lack of or loss of the services of such key persons in the organization could impair our ability to manage and expand our business. Our success is also dependent on our continuous ability to identify, hire, train retain and motivate our personnel. While we believe we have an experienced team, we may not be able to continuously attract or retain such personnel, or retain them on acceptable terms, given the demand for such personnel. Competition for qualified personnel with relevant industry expertise in India is intense and the loss of the services of our key personnel may adversely affect our business and results of operations.

8. *If our information security measures are compromised, damaged or interrupted by cyberattacks, breaches, computer viruses or other security problems, our business, reputation and financial condition could be adversely affected*

We are in to the business of Customer Experience as a Service (CXaaS) and analytical services and handle significant volumes of customer and client data. Consequently, we are exposed to cybersecurity risks which,

if realized, could adversely affect our operations, financial condition, reputation, and results of operations. In providing our services, we collect, store, process, and transmit sensitive information, we also maintain employee personal data such as names, contact details, and employment-related records. Client-provided data, including customer support records, call recordings, and limited financial or health information, where contractually mandated, are also retained.

Given the nature of information handled and platforms operated, we face exposure to cybersecurity threats including, but not limited to, hacking, malware, ransomware, phishing, and social engineering. Any unauthorized access, loss, or disclosure of sensitive information, or disruptions to our systems, whether arising from external threats, employee error, insider misconduct, vulnerabilities in third-party systems, or other causes, could subject us to regulatory investigations, litigation, contractual liabilities, operational interruptions, financial losses, and reputational harm. While we have not experienced any material cyber related incidents during the Fiscals 2025, 2024 and 2023 and there have been no reported instances of any data breach or security compromise in the past, we cannot assure you if we will be in a position to control or mitigate any such instances in the future which could have an adverse impact on our business operations and revenue from operations.

We employ security systems, including firewalls and password encryption, multi-factor authentication for access controls, endpoint protection solutions and role-based access control protocols designed to minimize the risk of security breaches but we cannot assure you that these security measures will be successful. As the techniques used to exploit vulnerabilities evolve rapidly and may not always be detectable in advance, we may be unable to anticipate these techniques or to implement adequate preventative measures.

9. *We depend on few Customer Industries for majority of our revenue from operations. Loss of customers in these Customer industries may result in an adverse effect on our business, revenue from operations and financial conditions.*

The substantial portion of our revenue is significantly dependent on certain key industries. For instance, we derive majority of our revenue from the BFSI, IT/ITES & BPO/KPO, Retail, Telecom and Manufacturing the details of which are described below for the half year ended September 30, 2025 and F.Y. ended March 31, 2025, March 31, 2024 and March 31, 2023.

(₹ in Lakhs)

Vertical	For the Half Year Ended September 2025		Fiscal 2025		Fiscal 2024		Fiscal 2023	
	Revenue from Operations	(in %)	Revenue from Operations	(in %)	Revenue from Operations	(in %)	Revenue from Operations	(in %)
BFSI	3,116.24	43.85	4,598.10	37.01	5,613.16	49.28	3,247.48	44.63
IT/ITES & BPO/KPO	3,715.38	52.28	6,917.33	55.68	4,646.65	40.79	3,457.99	47.52
Retail	253.84	3.57	768.84	6.19	369.82	3.25	206.82	2.84
Telecom	-	-	-	0.00	433.17	3.80	214.22	2.94
Manufacturing	20.96	0.29	138.68	1.12	327.92	2.88	149.76	2.06
Total	7,106.22	100.00	12,422.95	100.00	11,390.72	100.00	7,276.27	100.00

Thus a significant portion of our customer base is concentrated in these specific industries, and our business growth is partially dependent on the sustained demand for our services within these industries. Consequently, any loss of business from, or any significant reduction in the volume of business with, any of the customers from these industries, if not replaced, could adversely affect us.

A downturn in any of the industries in which our clients are engaged in could lead to a reduction in our operations, failure to sign on new clients, slow down in sourcing of new business and thereby reduce our revenue from operations. In the event of unfavorable economic conditions in these industries, companies may limit their spending on the services which we provide, which may in turn have an adverse effect on our business, results of operations, cash flows and financial condition.

10. *There have been some instances of delays in filing of statutory forms and regulatory dues in the past with the various government authorities*

In the past, there have been instances of delays in filing of GST returns, ESIC returns and EPF returns with the concerned authorities. These delays have resulted in penalties and interest charges for late tax deposits. Despite efforts to regularize these delays, we cannot guarantee that future defaults or delays in payments or filings will not occur. As our operations expand, there is a risk that deficiencies in our internal controls and compliance processes may arise. We may not be able to implement or maintain adequate measures to rectify or mitigate these deficiencies in a timely manner, if at all. Consequently, we may be subject to legal proceedings or regulatory actions, including monetary penalties by statutory authorities, which could adversely affect our business, financial condition, and reputation.

Although these delays have been regularized, we cannot assure you that there will be no future defaults or delays in the payment of such dues or the filing of returns. We also cannot guarantee that we will not be subject to legal proceedings or regulatory actions, including monetary penalties by statutory authorities, due to such delays. These issues could negatively impact our business, financial condition, and reputation.

The details of delays in filing of EPF returns in the last three fiscal years is given below:

Particulars	Period	Due Date	Filed Dated	No. of Days Delayed
EPF-FY-2022-23	April	15-05-2022	17-May-22	2

11. One of our objects of the Issue is investment in product development, and any failure to successfully develop, protect, or monetize our intellectual property may adversely affect our business and financial results.

One of our Objects of our proposed public issue is to allocate funds towards investment in product development. In the past, we have already incurred significant expenses towards developing our proprietary intellectual property (“IP”), including platforms such as Prompt-Base Dialer, Call-Sense ZIVA, On-Board X, Compli-Call, and ShiftWise. These platforms are central to our strategy of creating differentiated offerings, reducing dependency on third-party technology providers, and generating recurring and scalable revenue streams.

However, the development and commercialization of IP involve substantial risks. The process requires significant investments in research and development, skilled workforce, and infrastructure, while the outcomes remain uncertain. There can be no assurance that the additional investments we intend to make from the Issue proceeds will result in successful development of commercially viable products, achieve desired market adoption, or generate adequate revenues to justify such expenditure. If these initiatives fail to achieve intended results, the investments may not yield commensurate returns, thereby adversely impacting our financial performance.

Further, our proprietary platforms face intense competition from global technology providers and established IT service companies with superior financial, technological, and distribution capabilities. Clients may prefer such established alternatives, limiting the scalability of our solutions. In addition, rapid technological changes, such as increased adoption of generative AI, SaaS platforms, and automation tools, could render our current and under-development products less relevant or obsolete, thereby reducing their market potential. We also face risks in relation to the protection of our IP. While we adopt legal and contractual measures to safeguard our intellectual property rights, these may not be adequate in all cases.

Although product development and IP creation are critical to our growth, and we have earmarked amount ₹ 680.00 Lakhs specifically for this purpose, there can be no assurance that our investments will be successfully monetized, or that we will be able to generate sustainable revenue streams from such assets. Any failure in this regard could adversely affect our business, prospects, financial condition, and results of operations.

12. *We have working capital requirements. If we experience insufficient cash flows to make required payments on our debt or fund working capital requirements, there may be an adverse effect on our results of operations*

Our business requires significant amount of working capital and major portion of our working capital is utilized towards Trade Receivables. Our Trade Receivables or the half year ended September 30, 2025 and for the period ended March 31, 2025, March 31, 2024 and March 31, 2023 were Rs. 5494.26 Lakhs, Rs. 3370.19 lakhs, 2552.13 lakhs and 790.92 lakhs. The results of operations of our business are dependent on our ability to effectively manage our trade receivables. To effectively manage our trade receivables, we must be able to accurately evaluate the credit worthiness of our customers and ensure that suitable terms and conditions are given to them in order to ensure our continued relationship with them. However, if our management fails to accurately evaluate the terms and conditions with our customers, it may lead to write-offs bad debts and/ or delay in recoveries which could lead to a liquidity crunch, thereby adversely affecting our business and results of operations. A liquidity crunch may also result in increased working capital borrowings and, consequently, higher finance cost which will adversely impact our profitability.

Our inability to maintain sufficient cash flow, credit facility and other sourcing of funding, in a timely manner, or at all, to meet the requirement of working capital or pay out debts, could adversely affect our financial condition and result of our operations. In the event we are not able to recover our dues from our trade receivables or sell our inventory, we may not be able to maintain our Sales level and thus adversely affecting our financial health.

For further details of working capital requirements, please refer to the chapter titled "**Objects of the Issue**" on page 92 of the Prospectus.

13. *We operate in a highly competitive industry and may be unable to compete successfully against existing or new competitors.*

The industry in which our Company operates is highly competitive in nature, and we expect competition to increase in the future from established competitors as well as new market entrants. Many of our existing competitors have, and some of our potential competitors could have, substantial competitive advantages longer operating histories, brand awareness, larger client bases, larger sales and marketing budgets and resources, broader distribution and established relationships with partners and clients, greater professional services and client support resources and more mature intellectual property portfolios, and substantially greater financial, technical and other resources. Certain of our competitors may also have greater ease of implementation of their products with clients in our industry, as well as flexibility and scale. Additionally, certain of our large-scale competitors have considerably broader offerings and they may leverage their

relationships based on other services they offer or incorporate functionality into existing products to gain business in a manner that discourages users from engaging us.

Further, some of our competitors may enter into new alliances with each other or may establish or strengthen cooperative relationships with each other. Any such consolidation, acquisition, alliance, or cooperative relationship could result into pricing pressure and loss of our industry share and could result in a competitor having higher financial, technical, marketing, service, and other resources, all of which may harm our ability to compete effectively. Any inability to meet and address the foregoing could adversely affect our business, financial condition, and results of operations.

14. *We have had negative cash flows from Operating activities in the past in some of the recent years.*

As per our Restated Financial Statements, our cash flow from Operating activities was negative in the Fiscal years as set out below:

Particulars	For the half year ended September 30, 2025	March 31, 2025	March 31, 2024	March 31, 2023
Net cash generated from/ (used in) Operating activities	(1136.43)	1267.76	(1412.26)	1039.71

(₹ in lacs)

Any negative cash flow in future could adversely affect our operations and financial conditions and the trading price of our Equity Shares. For further details, see “*Financial Information*” on page 207.

15. *Our Registered Office and our Regional Office from where we operate is not owned by us. If we are unable to renew or continue the lease arrangements on commercially acceptable or favourable terms in the future, it may adversely impact our operations.*

Our Registered Office and our Regional Office, which are central to our operations, is not owned by us and is taken on lease. We have a Rent Agreement with M/s. RR Toshniwal and Company Private Limited dated March 28, 2025, for a term of three years for our Registered Office located. Additionally, our regional Office premises are leased from a Sanchit Software and Solutions Private Limited under a Leave & License agreement dated 06th August, 2025 for a term of One year.

Our business and operations are significantly dependent on this leased office space. There can be no assurance that we will be able to retain or renew the agreement for these premises on the same or similar terms in the future. We may also face challenges in negotiating the renewal of our lease agreement, which could result in increased rental rates or difficulty in finding alternate premises on favorable terms. Such scenarios may lead to disruptions in our operations, which could adversely affect our business, financial results, and overall financial condition.

For further details on our leased properties, please refer to the section “Our Business” on page 140.

16. *Our Company's performance in the past may not be an indicative factor for Company's future growth or performance*

Our revenue from operations has grown at a 9.06%, from ₹11,390.73 lakhs in FY 2024 to ₹12,422.95 lakhs in FY 2025; however, such growth may not be indicative of future performance. Sustaining and managing this growth will require continuous enhancement of our operational, financial, and internal control systems. Rapid expansion may place significant strain on our personnel, infrastructure, and management processes, and could impact our ability to maintain customer satisfaction, meet performance standards, and adapt to evolving technologies. Additionally, managing a growing business across multiple geographies poses challenges in maintaining standardization, oversight, and company culture. Our future growth also depends on factors beyond our control, including competition and our ability to manage both organic and inorganic growth. Any inability to manage these factors effectively could adversely affect our business, prospects, and financial performance

17. *Our business is exposed to risks of project delays and execution challenges, and any inability to meet client expectations or contractual obligations may adversely affect our business, reputation, and financial results.*

Our business model involves delivering complex, technology-driven solutions such as customer experience platforms, automation systems, cloud migration, and proprietary IP deployments, which often require

customization, integration with third-party technologies, and alignment with client-specific requirements. Many of our contracts are long-term in nature. The successful execution of such projects depends on various factors, including availability of skilled manpower, timely client inputs, seamless integration of partner technologies, and effective coordination between multiple stakeholders.

Given the complexity of such projects, delays or challenges may arise due to unforeseen technical issues, evolving client requirements, delays in third-party support, or inadequate availability of skilled personnel. In certain cases, delays may also result from client-side factors such as changes in project scope, delays in approvals, or infrastructure readiness. Any such delays or execution challenges may not only increase project costs but could also result in penalties, liquidated damages, or loss of milestone-linked payments under the terms of our contracts.

Further, project execution challenges may disrupt our resource allocation, as delays in one project may reduce our capacity to undertake or timely execute other projects. This could affect our ability to scale our business and manage growth efficiently. Additionally, in projects involving cutting-edge technologies such as AI, automation, and cloud, there is always a risk that rapid changes in technology standards may require rework or additional customization, further increasing costs and execution risks.

While we have established project management practices, internal controls, and experienced teams to mitigate these risks, there can be no assurance that we will not face project delays or execution challenges in the future. Any significant delay, cost overrun, or inability to meet contractual obligations may materially and adversely affect our business, operations, financial condition, and prospects.

18. *Our Company and our Directors are party to certain legal proceeding. Any adverse decision in such proceedings may have a material adverse effect on our business, results of operations and financial condition.*

Our Company and our Directors are party to certain legal proceedings. These legal proceedings are pending at different levels of adjudication before various courts and legal forums. A summary of outstanding litigation proceedings involving our Company, as on the date of this Prospectus as disclosed in “**Outstanding Litigations and Material Developments**” on page 234, in terms of the SEBI ICDR Regulations and the Materiality Policy is provided below:

There can be no assurance that litigations involving our Company and our Directors will be decided in favour of our Company or our Directors it may divert the attention of our management and Promoters and consume our corporate resources and we may incur significant expenses in such proceedings and we may have to make provisions in our financial statements, which could increase our expenses and liabilities. If such claims are determined against Company, there could be a material adverse effect on our reputation, business, financial condition and results of operations, which could adversely affect the trading price of our Equity Shares.

Furthermore, we may not be able to quantify all the claims in which we are involved. Failure to successfully defend these or other claims or if our current provisions prove to be inadequate, our business and results of operations could be adversely affected. Even if we are successful in defending such cases, we will be subjected to legal and other costs relating to defending such litigation, and such costs could be substantial. In addition, we cannot assure that similar proceedings will not be initiated in the future. This could adversely affect our business, cash flows, financial condition, and results of operation. For further details, pertaining to material pending outstanding litigations involving our Company, see “***Outstanding Litigations and Material Developments***” on page 234

19. *Failure to offer customer support in a timely and effective manner may adversely affect our relationship with our customers.*

From time to time, our customers require our customer support team to assist them in using our services, help them in resolving post-deployment issues quickly and in providing ongoing support. If we do not devote sufficient resources or are otherwise unsuccessful in assisting our customers effectively, it could adversely affect our ability to retain existing customers and could prevent prospective customers from adopting our services. We may be unable to respond quickly enough to accommodate short-term increases in demand for customer support. We also may be unable to modify the nature, scope and delivery of our customer support to compete with changes in the support services provided by our competitors. Increased demand for customer support, without corresponding revenue, could increase costs and adversely affect our business, results of operations and financial condition.

Our sales are highly dependent on our business reputation and on positive recommendations from our customers. Any failure to maintain high-quality customer support, or a market perception that we do not maintain high-quality customer support, could adversely affect our reputation, business, results of operations and financial condition.

20. *Our Company has taken unsecured loans that may be recalled by the lenders at any time and our Company may not have adequate working capital to make timely payments or at all.*

Our Company has availed unsecured loans which may be recalled by its lenders at any time. As of September 30, 2025, such loans amounted to Rs 819.77 Lakhs. In the event that any lender seeks a repayment of any such loan, our Company would need to find alternative sources of financing, which may not be available on commercially reasonable terms, or at all. As a result, any such demand may materially and affect our business, cash flows, financial condition and results of operations.

21. *One of our Promoter Mr. Appuorv K Sinha has provided personal guarantee to certain loan facilities availed by us, which if revoked may require alternative guarantees, repayment of amounts due or termination of the facilities.*

One of our Promoter Mr. Appuorv K Sinha, has provided personal guarantee in relation to certain loan facilities availed of by us. In the event that any of these guarantees are revoked by him, the lenders for such facilities may require alternate guarantee, repayment of amounts outstanding under such facilities, or may even terminate such facilities. We may not be successful in procuring alternative guarantees satisfactory to the lenders, and as a result may need to repay outstanding amounts under such facilities or seek additional sources of capital, which may not be available on acceptable terms or at all and any such failure to raise additional capital could affect our operations and our financial condition.

22. *We have in the past entered into related party transactions and may continue to do so in the future.*

We have entered into and may in the course of our business continue to enter into transactions specified in the Restated Financial Information contained in this Prospectus with related parties that include our Promoters, Directors, and Promoter group for further details in relation to our related party transactions, see “**Related Party Transactions**” on page 207.

While all such transactions have been conducted on an arm's length basis and in the ordinary course of business and as per the Companies Act, 2013 and other applicable laws, there can be no assurance that we could not have achieved more favourable terms. Furthermore, it is likely that we may enter into related party transactions in the future. There can be no assurance that such transactions, individually or taken together, will not have an adverse effect on our business, prospects, results of operations and financial condition, including because of potential conflicts of interest or otherwise. In addition, our business and growth prospects may decline if we cannot benefit from our relationships with them in the future.

23. *One of our Promoter Mrs. Swati Sinha does not have prior experience in the industry in which we operate.*

One of our Promoter Mrs. Swati Sinha does not have prior experience in the industry in which we operate. While the Promoter has business acumen and experience in other fields, the lack of direct industry expertise could pose challenges in understanding the specific dynamics, technical requirements, and competitive landscape of our business.

Although our Company is supported by a qualified management team with relevant industry knowledge, there can be no assurance that the Promoter's limited experience in this sector will not adversely affect our business operations, strategic decisions, or future growth. Any such impact could, in turn, affect our financial performance and the value of your investment in our Equity Shares.

24. *Research and development in the software industry is a long and costly process which is subject to various uncertainties. We may not be able to sufficiently invest in the same or generate a timely return on our investment.*

Software and product development is a complex and time-consuming process that requires huge capital investment and often involves a significant period of wait to earn a return. While investing in research and development is important to our business, it is also bears huge risk as commercial success of these newly developed technologies and software highly depends on various factors such as the degree of innovation of these products and services, sufficient support from channel, effective marketing and distribution, etc. As the product life cycle in our industry is quite short, there is even larger requirement to invest in research and development to replace the obsolete technology, maintain differentiation in the market, retain existing customers, onboard new customers, maintain our competitive position, etc. These capital expenditures may negatively impact the operations and operating results if corresponding and timely revenues streams are not generated to offset these expenses. Even if the newly developed products and services prove to be lucrative, the operating margins generated as the result might not be enough to offset the capital expenditure and generate profitability for our company rendering the new products and services unprofitable or not as profitable as the existing/previous technologies developed. Moreover, it could be determined that certain software product candidates or programs may lack potential and subsequently terminated. This would result

in significant loss of resources (both financial and otherwise) and incurring of large opportunity costs for our business. In turn, this may adversely impact the business, operating results and financial position of our Company.

25. *Any failure to comply with financial and other restrictive covenants imposed on us under our financing agreements may affect our operational flexibility, business, results of operations and prospects.*

As on March 31, 2025, our total secured and unsecured borrowings amounted to Rs. 2,797.75 Lakhs. Our leverage has several important consequences, including the following:

- A portion of our cash flow will be used towards repayment of debt, which will reduce the availability of cash to fund working capital requirements, capital expenditures and other general corporate purposes;
- Market interest rate fluctuations may impact the cost of our borrowings, particularly since some loans are at variable interest rates;
- In the event we default in repayment of the loans / facilities availed by us and any interest thereof, charges against our properties may be enforced by the lenders.
- Our ability to obtain additional financing on favourable terms may be restricted.

The termination of, or declaration or enforcement of default under any current or future financing agreement (if not waived or cured) may affect our ability to raise additional funds or renew maturing borrowings to finance our existing operations and pursue our growth initiatives and, therefore, have an effect on our business, results of operations and prospects. While there have been no such instances in the past, there can be no assurance that there will not be such instances in the future. For further details of our loans, please refer to the chapter titled “Financial Indebtedness” beginning on page no. 211 of this Prospectus.

26. *Our directors do not have any prior experience of being a director in any other listed company in India.*

Our current board of directors consists of five members, including two executive directors (one of whom serves as the Managing Director) and three non-executive directors, of which two are independent directors. Despite the qualifications and relevant expertise of our board members in their respective fields, none of them have prior experience serving as directors on the board of any other listed company in India. This lack of experience in listed company governance may pose challenges for our company in adhering to established corporate governance norms and practices. Additionally, this absence of experience may impact our company's credibility and reputation with investors and other stakeholders. For more details, please refer to the chapter titled “Our Management” on page 185 of this Prospectus.

27. *We require certain approvals and licenses in the ordinary course of business and are required to comply with certain rules and regulations to operate our business, any failure to obtain, retain and renew such approvals and licences or comply with such rules and regulations may adversely affect our operations.*

We require several statutory and regulatory permits, licenses and approvals to operate our business. Many of these approvals are subject to periodical renewal. Any failure to renew the approvals that may expire, or to apply for the required approvals, licences, registrations or permits, or any suspension or revocation of any of the approvals, licences, registrations and permits that have been or may be issued to us, could result in delaying the operations of our business, which may adversely affect our business, financial condition, results of operations and prospects.

Additionally, some of our permits, licenses and approvals are subject to several conditions and we cannot provide any assurance that we will be able to continuously meet such conditions or be able to prove compliance with such conditions to the statutory authorities, which may lead to the cancellation, revocation or suspension of relevant permits, licenses or approvals which may result in the interruption of our operations and may have a material adverse effect on our business, financial condition, cash flows and results of operations. If we fail to comply with all applicable regulations or if the regulations governing our business or their implementation change, we may incur increased costs, be subject to penalties or suffer a disruption in our business activities, any of which could adversely affect our results of operations. For further details, see “**Key Industry Regulations and Policies**” and “**Government and Other Approvals**” for permits/licenses required for the business on pages 140 and 239, respectively.

28. *Our contingent liabilities as stated in our Restated Financial Statements could affect our financial condition.*

Our contingent liabilities or the half year ended September 30, 2025 and for the Financial Year as on March 31, 2025, March 31, 2024 and March 31, 2023 were as follows:

Particulars	For the Half Year Ended September 30, 2025	March 31, 2025	March 31, 2024	March 31, 2023
(a) claims against the company not acknowledged as debt;*	81.29	81.29	164.60	2.72

*Note:

1. The GST Department has raised demand vide Order No. 91/AY/AC/South Ex/2024-25 dated August 22, 2024 issued u/s 73 of the Central Goods & Service Act, 2017. The outstanding demand is Rs. 83,30,716; against which the company has filed an appeal to the appellate authority dated March 26, 2025 and order was received in favour of the company.
2. Income Tax penalty for AY 2024-25 under order u/s 154 is made on the company. The company has contested the same. Amount involved is Rs. 78,56,856. The same is contested by the company and is under rectification u/s 154 by the jurisdictional assessing officer currently.
3. Income Tax interest on demand for AY 2020-21 of Rs. 39,947 for which immunity order already received, however effect of waiver of interest yet to be given by the department.
4. There is outstanding TDS demand for Rs 2,32,464 for which the company will contest the same.

For further details of the contingent liabilities and commitments of our Company, see "**Restated Financial Information**" on page 207 of this Prospectus. If a significant portion of these liabilities materialize, fully or partly, it could have an effect on our results of operations and financial condition. Further, there can be no assurance that we will not incur similar or increased levels of contingent liabilities in the future.

29. Our Company has some instances of non-compliances and delayed in compliances with some statutory provisions of the Companies Act and delayed compliance may attract penalties against our company which could impact the financial position of us to that extent.

Our Company has, in the past, experienced certain instances of non-compliance and delay in statutory filings with the Registrar of Companies ("RoC") under the Companies Act, 2013. Such delays/non-compliances have resulted in the payment of additional fees and could, in the future, attract regulatory scrutiny, penalties, or other actions. The details of certain delayed filings are as under:

Further, the Company availed a motor vehicle loan from BMW India Financial Services India Private Limited on 27.07.2024. In accordance with the provisions of Section 77 of the Companies Act, 2013 read with the Companies (Registration of Charges) Rules, 2014, the Company was required to file e-Form CHG-1 for registration of the said charge with the RoC within 30 days from the date of creation of charge, i.e., on or before 25.08.2024. However, as on the date of this Prospectus, the prescribed form has not been filed and consequently, the charge remains unregistered. However, The Company has made an adjudication application under section 454 read with section 77 and 86 of the Companies Act, 2013 with the RoC.

Additionally, there have been instances of delay in refund of share application money received by the Company pursuant to private placement of shares. However, the Company has initiated the process of refunding the said amounts to the respective allottees.

In addition, there have been some clerical and typographical errors in certain forms and filings made with the RoC. While such errors were not material and corrective steps have been taken, they nonetheless reflect instances of procedural lapses in compliance.

Further, No show cause notice in respect to the above has been received by the Company till date and no penalty or fine has been imposed by any regulatory authority in respect to the same. It cannot be assured, that there will not be such instances in the future or the Company will not commit any further delays in relation to its reporting requirements, or any penalty or fine will not be imposed by any regulatory authority in respect to the same. The happening of such event may cause an adverse effect on results of operations and financial position.

30. *We may be unable to sufficiently obtain, maintain, protect, or enforce our intellectual property and other proprietary rights*

As on date of this Prospectus, we have registered the trademark for our logo “ ” under class 99 of the Trademarks Act, 1999.

If we are unable to renew our trademarks for various reasons including our inability to remove objections to any trademark application, or if any of our unregistered trademark are registered in favour of or used by a third party in India or abroad, we may not be able to claim registered ownership of such trademark and consequently, we may not be able to seek remedies for infringement of those trademarks by third parties other than relief against passing off by other entities, causing damage to our business prospects, reputation and goodwill in India and abroad. Apart from this, any failure to register or renew registration of our registered trademark may affect our right to use such trademark in future. Further, our efforts to protect our intellectual property in India and abroad may not be adequate and any third-party claim on any of our unprotected intellectual property may lead to erosion of our business value and our reputation, which could adversely affect our operations. Third parties may also infringe or copy our registered brand name in India and abroad which has been registered by us in India. We may not be able to detect any unauthorized use or take appropriate and timely steps to enforce or protect our trademarks in India and abroad. Further, if we do not maintain our brand name and identity, which we believe is one of the factors that differentiates us from our competitors, we may not be able to maintain our competitive edge in India and abroad. If we are unable to compete successfully, we could lose our customers, which would negatively affect our financial performance and profitability. Moreover, our ability to protect, enforce or utilize our brand name is subject to risks, including general litigation risks. Furthermore, we cannot assure you that such brand name will not be adversely affected in the future by actions that are beyond our control, including customer complaints or adverse publicity from any other source in India and abroad. Any damage to our brand name, if not immediately and sufficiently remedied, could have an adverse effect on our business and competitive position in India and abroad. For further details, see “Government and Other Approvals” and “Our Business” on pages 239 and 140, respectively

31. *Our insurance coverage may not be adequate to protect us against all potential losses to which we may be subject and this may have an adverse effect on our business and financial condition.*

We have obtained various insurance policies in connection with our operations as given in chapter titled “Our Business – Insurance” on page 140. While we are of the opinion that the insurance coverage which our

Company maintains would be reasonably adequate to cover the normal risks associated with the operations of our business, we cannot assure you that any claim under the insurance policies maintained by us will be honoured fully, in part or on time, or that we have taken out sufficient insurance to cover all our losses. Although there are no instances in the past wherein the company had suffered losses which was in excess of its insurance coverage Our Company's insurance policy may not provide adequate coverage in certain circumstances and are subject to certain deductibles, exclusions and limits on coverage.

In addition, our insurance coverage expires from time to time and we apply for the renewal of our insurance coverage in the normal course of our business, but we cannot assure you that such renewals will be granted in a timely manner, at acceptable cost or at all. To the extent that we suffer loss or damage for which we did not obtain or maintain insurance, and which is not covered by insurance or exceeds our insurance coverage or where our insurance claims are rejected, the loss would have to be borne by us and our results of operations, cash flows and financial condition may be adversely affected.

32. *We face foreign exchange risks that could affect our results of operations.*

Our revenue from operations is affected by foreign exchanges fluctuations. The Foreign currency exposure of our company for the half year ended September 30, 2025 and for the year 2024-25, 2023-24 and 2022-23 is ₹ 1,792.36 Lakhs, ₹ 2,968.18 Lakhs, ₹ 684.45 Lakhs and ₹ 502.16 Lakhs. Because of our foreign currency exposures, exchange rate fluctuations, can have an adverse impact on our results of operations, cash flows and financial condition. The exchange rate between the Indian Rupee and U.S. dollar has been volatile in recent periods and may continue to fluctuate in the future.

Fluctuations in the exchange rates may affect us to the extent of our sales. Our Company may enter into certain contracts to hedge exchange rate fluctuations which may or may not adequately cover the potential loss that may arise as a result of such foreign exchange transactions. Moreover, these hedges do not cover all such exposures and are in any event subject to their own risks, including counterparty credit risk. Adverse moves in exchange rates that we have not adequately hedged may impact our profitability and financial condition.

For further details of our financial statements, please refer to the chapter titled "Financial Information of our Company" on page 207 of this Prospectus.

33. *Our marketing and advertising campaigns may not be successful in increasing the popularity of our services and offerings. If our marketing initiatives are not effective, this may adversely affect our business and results of operations.*

If we are not able to effectively increase our customers and revenue from operations, we may need to increase our advertising and marketing spend in the future, including in response to increased spend from our competitors, and our business, results of operations and financial condition could be adversely affected. If we adopt unsuccessful marketing and advertising campaigns, we may fail to attract new customers or retain existing customers, our business and results of operations could be adversely affected.

34. *If we fail to maintain an effective system of internal controls, we may not be able to successfully manage, or accurately report, our financial risks.*

Effective internal controls are necessary for us to prepare reliable financial reports and effectively avoid fraud. Moreover, any internal controls that we may implement, or our level of compliance with such controls, may deteriorate over time, due to evolving business conditions. There can be no assurance that deficiencies in our internal controls will not arise in the future, or that we will be able to implement, and continue to maintain, adequate measures to rectify or mitigate any such deficiencies in our internal controls. Any inability on our part to adequately detect, rectify or mitigate any such deficiencies in our internal controls may adversely impact our ability to accurately report, or successfully manage, our financial risks, and to avoid fraud.

35. *Our ability to pay dividends in the future will depend upon our future earnings, financial condition, cash flows, working capital requirements and restrictive covenants in our financing arrangements.*

We may retain all our future earnings, if any, for use in the operations and expansion of our business. As a result, we may not declare dividends in the foreseeable future. Any future determination as to the declaration and payment of dividends will be at the discretion of our Board of Directors and will depend on factors that our Board of Directors deem relevant, including among others, our results of operations, financial condition,

cash requirements, business prospects and any other financing arrangements. Accordingly, realization of a gain on shareholders investments may largely depend upon the appreciation of the price of our Equity Shares. There can be no assurance that our Equity Shares will appreciate in value. For details of our dividend history, see “Dividend Policy” on page 205 of this Prospectus.

36. *In addition to normal remuneration or benefits and reimbursement of expenses, some of our Promoters and/ or Directors are interested in our Company to the extent of their shareholding and dividend entitlement thereon in our Company.*

Our Promoters and/ or Directors are interested in our Company to the extent of their shareholding and dividend entitlement thereon in our Company, in addition to normal remuneration paid to them for services rendered and reimbursement of expenses payable to them. For further information, see “**Capital Structure**” and “**Our Management**” on page 76, and page 185, respectively.

37. *Our Promoters and Promoter Group will continue to exercise significant influence over us and may cause us to take actions that are not in the best interest of our other shareholders.*

After the completion of the Issue, our Promoters along with the Promoter Group will collectively hold 54.73% majority shareholding in our Company. So long as our Promoters own a majority portion of our Equity Shares, they will be able to significantly influence the election of our Directors and control most matters affecting us, including our business strategies and policies, decisions with respect to mergers, business combinations, acquisitions or dispositions of assets, dividend policies, capital structure and financing, and may also delay or prevent a change of management or control, even if such a transaction may be beneficial to other shareholders of us.

Our Promoters will continue to determine decisions requiring majority voting of shareholders and our other shareholders may not be able to affect the outcome of such voting. Our Promoters may take or block actions with respect to our business which may conflict with the best interests of the Company or that of other shareholders. The interests of our Promoters, as the controlling shareholders of us, may also conflict with our interests or the interests of our other shareholders.

38. *The Objects of the Issue for which funds are being raised, are based on our management estimates and any bank or financial institution or any independent agency has not appraised the same. The deployment of funds in the project is entirely at our discretion, based on the parameters as mentioned in the chapter titles “Objects of the Issue”.*

The fund requirement and deployment, as mentioned in the “Objects of the Issue” on page 92 of this Prospectus is based on the estimates of our management and has not been appraised by any bank or financial institution or any other independent agency. These fund requirements are based on our current business plan. We cannot assure that the current business plan will be implemented in its entirety or at all. In view of the highly competitive and dynamic nature of our business, we may have to revise our business plan from time to time and consequently these fund requirements. In accordance with Sections 13(8) and 27 of the Companies Act, 2013, our Company shall not vary the Objects of the Issue unless our Company is authorised to do so by way of a special resolution of its Shareholders through a postal ballot and such variation will be in compliance with other applicable laws in addition to Companies Act, 2013 and the SEBI ICDR Regulations. The deployment of the funds as stated under chapter Objects of the Issue is at the discretion of our Board of Directors and is not subject to monitoring by any external independent agency and the Audit Committee of the Company shall monitor the deployment of funds for the overall objects of the Issue and specifically for the object “*Investment in Product Development*” and shall prepare a statement detailing the utilization of funds allocated towards the said object and provide disclosure for the same as per applicable provisions. Further, we cannot assure that the actual costs or schedule of implementation as stated under chapter Objects of the Issue will not vary from the estimated costs or schedule of implementation. Any such variance may be on account of one or more factors, some of which may be beyond our control. Occurrence of any such event may delay our business plans and/or may have an adverse bearing on our expected revenues and earnings.

39. *We could be harmed by employee misconduct or errors that are difficult to detect and any such incidences could adversely affect our financial condition, results of operations and reputation.*

Employee misconduct or errors could expose us to business risks or losses, and serious harm to our reputation. There can be no assurance that we will be able to detect or deter such misconduct. Moreover, the precautions we take to prevent and detect such activity may not be effective in all cases. Our employees may also commit errors that could subject us to claims and proceedings for alleged negligence, as well as

regulatory actions on account of which our business financial condition, results of operations and goodwill could be adversely affected.

While there have been no reported instances of any material employee misconduct or significant errors in the past, we cannot assure you that such events will not occur in the future. Any such incident, if it occurs, could adversely impact our business operations, reputation, and financial performance.

40. *The deployment of funds raised through this Offer shall not be subject to any Monitoring Agency and shall be purely dependent on the discretion of the management of our Company.*

Since the Offer size is less than Rs.5,000 Lakhs, there is no mandatory requirement of appointing an Independent Monitoring Agency for overseeing the deployment of utilization of funds raised through this Offer. The deployment of these funds raised through this Offer, is hence, at the discretion of the management and the Board of Directors of our Company and will not be subject to monitoring by any independent agency. The deployment of funds raised through the issue shall be made in compliance with the Companies Act, 2013, SEBI LODR (Listing Obligations and Disclosure Requirement) Regulations, 2015 and other applicable laws. Any inability on our part to effectively utilize the Offer proceeds could adversely affect our finances.

41. *We have not independently verified certain data in this Prospectus.*

We have not independently verified data from the Industry and related data contained in this Prospectus as mentioned under chapter ‘Industry Overview’ on page 115 and although we believe the sources mentioned in the report to be reliable, we cannot assure you that they are complete or reliable. Such data may also be produced on a different basis from comparable information compiled with regards to other countries. Therefore, discussions of matters relating to India, its economy or the industries in which we operate that is included herein are subject to the caveat that the statistical and other data upon which such discussions are based have not been verified by us and may be incomplete, inaccurate or unreliable. Due to incorrect or ineffective data collection methods or discrepancies between published information and market practice and other problems, the statistics herein may be inaccurate or may not be comparable to statistics produced elsewhere and should not be unduly relied upon. Further, we cannot assure you that they are stated or compiled on the same basis or with the same degree of accuracy, as the case may be, elsewhere.

42. *The average cost of acquisition of Equity Shares by our Promoters could be lower than the issue price.*

The average cost of acquisition of Equity Shares of our Promoters is lower than the face value of Equity Shares i.e. ₹10/-. For further details regarding the average cost of acquisition of Equity Shares by our Promoters in our Company and build-up of Equity Shares of our Promoters in our Company, please see section titled “Summary of Offer document” beginning on page 26.

43. *We will not receive any proceeds from the Offer for Sale. The Promoter Selling Shareholders will receive the Net Proceeds from the Offer for Sale.*

The Offer consists of a Fresh Issue and an Offer for Sale. The Promoter Selling Shareholder shall be entitled to the Net proceeds from the Offer for Sale, which comprise proceeds from the Offer for Sale net of Offer expenses shared by the Promoter Selling Shareholder, and our Company will not receive any proceeds from the Offer for Sale.

44. *Our Equity Shares have never been publicly traded and may experience price and volume fluctuations following the completion of the Issue, an active trading market for the Equity Shares may not develop, the price of our Equity Shares may be volatile and you may be unable to resell your Equity Shares at or above the Issue Price or at all*

Prior to the Issue, there has been no public market for our Equity Shares, and an active trading market may not develop or be sustained after the Issue. Listing and quotation do not guarantee that a market for our Equity Shares will develop or, if developed, the liquidity of such market for the Equity Shares. The Issue Price of the Equity Shares is determined considering various financials factors of the Company and may not be indicative of the market price of the Equity Shares at the time of commencement of trading of the Equity Shares or at any time thereafter. There has been significant volatility in the Indian stock markets in the recent past, and the trading price of our Equity Shares after this Issue could fluctuate significantly as a result of market volatility or due to various internal or external risks, including but not limited to those described in this Prospectus. A decrease in the market price of our Equity Shares could cause you to lose some or all of your investment.

45. *We cannot assure you that our Equity Shares will be listed on the BSE SME in a timely manner or at all, which may restrict your ability to dispose of the equity shares.*

Though we shall make best of our efforts to comply with all applicable regulatory, financial and operational requirements for getting the equity shares proposed to be offered through this Prospectus listed on BSE SME platform in a time bound manner, yet on account of any change in applicable laws, economic conditions and/or any other reason/s beyond our control, the said shares may not get listed on the BSE SME Platform in a timely manner or at all, which may restrict your ability to dispose of the equity shares. However, even in such circumstances, the company shall stay fully committed to pay such interest and/or refund the full application amount, as may be required in accordance with the applicable regulatory directives.

46. *Any future issuance of Equity Shares or convertible securities, including options under any stock option plan or other equity linked securities may dilute your shareholding, and significant sales of Equity Shares by our major shareholders, may adversely affect the trading price of our Equity Shares.*

Future issuances of Equity Shares by our Company after this Offer will dilute investors holdings in our Company. Further, any significant sales of Equity Shares after this Offer may adversely affect the trading price of our Equity Shares. In addition, the perception that such issuance or significant sales of Equity Shares may occur may adversely affect the trading price of our Equity Shares and impair our future ability to raise capital through offerings of Equity Shares.

47. *After this Issue, the price of the Equity Shares may be highly volatile, or an active trading market for the Equity Shares may not develop*

The price of the Equity Shares on the Stock Exchange may fluctuate as a result of the factors, including

- Volatility in the Indian and global capital market;
- Company's results of operations and financial performance;
- Performance of Company's competitors,
- Adverse media reports on Company or pertaining to our Industry;
- Changes in our estimates of performance or recommendations by financial analysts;
- Significant developments in India's economic and fiscal policies; and
- Significant developments in India's environmental regulations.

Current valuations may not be sustainable in the future and may also not be reflective of future valuations for our industry and our Company. There has been no public market for the Equity Shares and the prices of the Equity Shares may fluctuate after this Issue. There can be no assurance that an active trading market for the Equity Shares will develop or be sustained after this Issue or that the price at which the Equity Shares are initially traded will correspond to the price at which the Equity Shares will trade in the market subsequent to this Issue.

48. *QIBs and Non-Institutional Investors are not permitted to withdraw or lower their Bids (in terms of quantity of Equity Shares or the Bid Amount) at any stage after submitting a Bid and Individual Investors who applies for minimum application size are not permitted to withdraw their Bids after Bid/Offer Closing Date*

Pursuant to the SEBI ICDR Regulations, QIBs and Non-Institutional Investors are not permitted to withdraw or lower their Bids (in terms of quantity of Equity Shares or the Bid Amount) at any stage after submitting a Bid. Individual Investors who apply for minimum application size can revise or withdraw their Bids during the Bid/Offer Period. While our Company is required to complete Allotment pursuant to the Issue within such period as may be prescribed under applicable law, events affecting the Bidders' decision to invest in the Equity Shares, including adverse changes in international or national monetary policy, financial, political or economic conditions, our business, results of operation or financial condition may arise between the date of submission of the Bid and Allotment. Our Company may complete the Allotment of the Equity Shares even if such events occur, and such events limit the Bidders' ability to sell the Equity Shares Allotted pursuant to the Issue or cause the trading price of the Equity Shares to decline on listing.

49. *Rights of shareholders under Indian laws may be more limited than under the laws of other jurisdictions.*

Indian legal principles related to corporate procedures, directors' fiduciary duties and liabilities, and shareholders' rights may differ from those that would apply to a company in another jurisdiction. Shareholders' rights including in relation to class actions, under Indian law may not be as extensive as shareholders' rights under the laws of other countries or jurisdictions. Investors may have more difficulty in asserting their rights as shareholder in an Indian company than as shareholder of a corporation in another jurisdiction.

50. *We have not identified any alternate source of funding and hence any failure or delay on our part to mobilize the required resources or any shortfall in the Issue proceeds may delay the implementation schedule*

The proposed fund requirement, primarily, as detailed in the chapter titled “Objects of the Issue” beginning on page 92 is to be funded from the proceeds of this IPO. We have not identified any alternate source of funding and hence any failure or delay on our part to mobilize the required resources or any shortfall in the Issue proceeds may delay the implementation schedule. We, therefore, cannot assure that we would be able to execute our future plans/strategy within the estimated time frame.

51. *You may be subject to Indian taxes arising out of capital gains on the sale of the Equity Shares*

Under current Indian tax laws, capital gains arising from the sale of equity shares within 12 months in an Indian company are classified as short-term capital gains and generally taxable. Any gain realized on the sale of listed equity shares on a stock exchange that are held for more than 12 months is considered as long-term capital gains and is taxable at 12.5%, in excess of Rs.1,25,000. Any long-term gain realized on the sale of equity shares, which are sold other than on a recognized stock exchange and on which no STT has been paid, is also subject to tax in India. Capital gains arising from the sale of equity shares are exempt from taxation in India where an exemption from taxation in India is provided under a treaty between India and the country of which the seller is resident. Generally, Indian tax treaties do not limit India’s ability to impose tax on capital gains. As a result, residents of other countries may be liable to pay tax in India as well as in their own jurisdiction on a gain on the sale of equity shares.

EXTERNAL RISK FACTORS

52. *Natural calamities and force majeure events may have an adverse impact on our business.*

The occurrence of natural disasters, including cyclones, storms, floods, earthquakes, tsunamis, tornadoes, fires, explosions, pandemic disease and man-made disasters, including acts of terrorism and military actions, could adversely affect our results of operations, cash flows or financial condition. Terrorist attacks and other acts of violence or war in India or globally may adversely affect the Indian securities markets. In addition, any deterioration in international relations, especially between India and its neighboring countries, may result in investor concern regarding regional stability which could adversely affect the price of the Equity Shares. In addition, India has witnessed local civil disturbances in recent years and it is possible that future civil unrest as well as other adverse social, economic or political events in India could have an adverse effect on our business. Such incidents could also create a greater perception that investment in Indian companies involves a higher degree of risk and could have an adverse effect on our business and the market price of the Equity Shares.

53. *Changing laws, rules and regulations and legal uncertainties, including adverse application of tax laws, in the jurisdictions in which we operate may adversely affect our business and results of operations.*

The regulatory and policy environment in which we operate is evolving and subject to change. Such changes may adversely affect our business, results of operations and prospects, to the extent that we are unable to suitably respond to and comply with any such changes in applicable law and policy. For example, the Government of India implemented a comprehensive national goods and services tax (“GST”) regime with effect from July 1, 2017, that combined multiple taxes and levies by the Central and State Governments into a unified tax structure. Our business and financial performance could be adversely affected by any unexpected or onerous requirements or regulations resulting from the introduction of GST or any changes in laws or interpretation of existing laws, or the promulgation of new laws, rules and regulations relating to GST, as it is implemented. The Government has enacted the GAAR which have come into effect from April 1, 2017.

Uncertainty in the applicability, interpretation or implementation of any amendment to, or change in, governing law, regulation or policy, including by reason of an absence, or a limited body, of administrative or judicial precedent may be time consuming as well as costly for us to resolve and may impact the viability of our current businesses or restrict our ability to grow our businesses in the future.

54. *The Indian tax regime is currently undergoing substantial changes which could adversely affect our business.*

The goods and services tax (“GST”) that has been implemented with effect from July 1, 2017 combines taxes and levies by the GoI and state governments into a unified rate structure, and replaces indirect taxes on goods and services such as central excise duty, service tax, customs duty, central sales tax, state VAT, cess and surcharge and excise that were being collected by the GoI and state governments.

As regards the General Anti-Avoidance Rules (“GAAR”), The general anti avoidance rules (“GAAR”) provisions have been made effective from assessment year 2018-19 onwards, i.e.; financial Year 2017-18. The GAAR provisions intend to declare an arrangement as an “impermissible avoidance arrangement”, if the main purpose or one of the main purposes of such arrangement is to obtain a tax benefit, and satisfies at least one of the following tests (i) creates rights, or obligations, which are not ordinarily created between persons dealing at arm’s length; (ii) results, directly or indirectly, in misuse, or abuse, of the provisions of the Income Tax Act, 1961; (iii) lacks commercial substance or is deemed to lack commercial substance, in whole or in part; or (iv) is entered into, or carried out, by means, or in a manner, that is not ordinarily engaged for bona fide purposes. If GAAR provisions are invoked, the tax authorities will have wider powers, including denial of tax benefit or a benefit under a tax treaty. In the absence of any precedents on the subject, the application of these provisions is uncertain. As the taxation regime in India is undergoing a significant overhaul, its consequent effects on economy cannot be determined at present and there can be no assurance that such effects would not adversely affect our business, future financial performance and the trading price of the Equity Shares.

55. *We cannot guarantee the accuracy or completeness of facts and other statistics with respect to India, the Indian economy and industry in which we operate contained in the Prospectus.*

While facts and other statistics in the Prospectus relating to India, the Indian economy and the industry in which we operate has been based on various web site data and that we believe are reliable, we cannot guarantee the quality or reliability of such materials. While we have taken reasonable care in the reproduction of such information, industry facts and other statistics have not been prepared or independently verified by us or any of our respective affiliates or advisors and, therefore we make no representation as to their accuracy or completeness. These facts and other statistics include the facts and statistics included in the chapter titled “Industry Overview” beginning on page 115 of this Prospectus. Due to possibly flawed or ineffective data collection methods or discrepancies between published information and market practice and other problems, the statistics herein may be inaccurate or may not be comparable to statistics produced elsewhere and should not be unduly relied upon. Further, there is no assurance that they are stated or compiled on the same basis or with the same degree of accuracy, as the case may be, elsewhere.

56. *A third party could be prevented from acquiring control of us because of the anti-takeover provisions under Indian law*

There are provisions in Indian law that may discourage a third party from attempting to take control over us, even if a change in control would result in the purchase of your Equity Shares at a premium to the market price or would otherwise be beneficial to you. Under the Takeover Regulations an acquirer has been defined as any person who, directly or indirectly, acquires or agrees to acquire shares or voting rights or control over a company, whether individually or acting in concert with others. These provisions may discourage or prevent certain types of transactions involving an actual or threatened change in control of us.

57. *Significant differences exist between Ind AS and Indian GAAP and other accounting principles, such as IFRS and US GAAP, which may be material to investors' assessments of our financial condition, result of operations and cash flows*

Our financial statements included in this Prospectus are prepared and presented in conformity with Indian GAAP and restated in accordance with the requirements the SEBI (ICDR) Regulations and the Guidance Note on “Reports in Company Prospectuses (Revised 2019)” issued by the ICAI. Ind AS differs from Indian GAAP and other accounting principles with which prospective investors may be familiar in other countries, such as IFRS and U.S. GAAP. Accordingly, the degree to which the Financial Statements included in this Prospectus will provide meaningful information is entirely dependent on the reader’s level of familiarity with Indian accounting practices. Persons not familiar with Indian accounting practices should limit their reliance on the financial disclosures presented in this Prospectus.

58. *The requirements of being a listed company may strain our resources.*

We are not a listed company and have not been subjected to the increased scrutiny of our affairs by shareholders, regulators and the public at large that is associated by the virtue of being a listed company. As a listed company, we will incur considerable legal, accounting, corporate governance and other expenses that we did not incur as an unlisted company. We will be subject to the listing compliances and reporting requirements to the Stock Exchanges on which equity shares of our Company will be listed, which require us to file audited annual and unaudited half yearly reports with respect to our business and financial condition. If we experience any delays, we may fail to satisfy our reporting obligations and/or we may not be able to readily determine and accordingly report any changes in our results of operations as timely as other listed companies

59. Holders of Equity Shares may be restricted in their ability to exercise pre-emptive rights under Indian law and thereby suffer future dilution of their ownership position.

A public limited company incorporated in India must offer its equity shareholders pre-emptive rights to subscribe to a proportionate number of equity shares to maintain their existing ownership, prior to issuance of any new equity shares, unless the pre-emptive rights have been waived by the adoption of a special resolution by a three-fourths majority of the equity shareholders voting on such resolution.

If you are a foreign investor and the law of the foreign jurisdiction that you are in does not permit the exercise of such pre-emptive rights without our filing an offering document or registration statement with the applicable authority in such foreign jurisdiction, you will be unable to exercise such pre-emptive rights, unless we make such a filing. If we elect not to file a registration statement, the new securities may be issued to a custodian, who may sell the securities for your benefit. The value such custodian receives on the sale of any such securities and the related transaction costs cannot be predicted. To the extent that you are unable to exercise pre-emptive rights granted in respect of our Equity Shares, your proportional interests in our Company would be diluted.

60. Any downgrading of India's debt rating by an independent agency may harm our ability to raise financing.

Any adverse revisions to India's credit ratings international debt by international rating agencies may adversely affect our ability to raise additional overseas financing and the interest rates and other commercial terms at which such additional financing is available. This could have an adverse effect on our ability to fund our growth on favourable terms or at all, and consequently adversely affect our business and financial performance and the price of our Equity Shares.

61. We are subject to risks arising from interest rate fluctuations, which could adversely impact our business, financial condition and operating results.

Changes in interest rates could significantly affect our financial condition and results of operations. If the interest rates for future borrowings increase significantly, our cost of servicing such debt will increase. This may negatively impact our results of operations, planned capital expenditures and cash flows.

62. Global economic, political and social conditions may harm our ability to do business, increase our costs and negatively affect our stock price.

Global economic and political factors that are beyond our control, influence forecasts and directly affect performance of our business. These factors include interest rates, rates of economic growth, fiscal and monetary policies of governments, inflation, deflation, foreign exchange fluctuations, consumer credit availability, fluctuations in markets, consumer debt levels, unemployment trends and other matters that influence consumer confidence and spending. Increasing volatility in financial markets may cause these factors to change with a greater degree of frequency and magnitude, which may negatively affect our stock prices.

63. A slowdown in economic growth in India could adversely affect our business.

The structure of the Indian economy has undergone considerable changes in the last decade. These include increasing importance of external trade and of external capital flows. Any slowdown in the growth of the Indian economy or any future volatility in global commodity prices could adversely affect our business, financial condition and results of operations. India's economy could be adversely affected by a general rise in interest rates, fluctuations in currency exchange rates, adverse conditions affecting housing, tourism and electricity prices or various other factors. Further, conditions outside India, such as slowdowns in the economic growth of other countries, could have an impact on the growth of the Indian economy and government policy may change in response to such conditions. The Indian economy and financial markets are also significantly influenced by worldwide economic, financial and market conditions. Any financial or political turmoil or war especially in the United States, Europe or China or Asian emerging market countries, may have an impact on the Indian economy. Although economic conditions differ in each country, investors' reactions to any significant developments in one country can have adverse effects on the financial and market conditions in other countries. A loss of investor confidence in the financial systems, particularly in other emerging markets, may cause increased volatility in Indian financial markets, and could have an adverse effect on our business, financial condition and results of operations and the price of the Equity Shares.

64. If inflation were to rise further in India, we might not be able to increase the prices of our services at a proportional rate in order to pass costs on to our customers and our profits might decline

Inflation rates in India have been volatile in recent years, and such volatility may continue in the future. India has experienced high inflation in the recent past. Increased inflation can contribute to an increase in interest rates and increased costs to our business, including increased costs of salaries, and other expenses relevant to our business. High fluctuations in inflation rates may make it more difficult for us to accurately estimate or control our costs. Any increase in inflation in India can increase our expenses, which we may not be able to pass on to our customers, whether entirely or in part, and the same may adversely affect our business and financial condition. In particular, we might not be able to reduce our costs or increase our rates to pass the increase in costs on to our customers. In such case, our business, results of operations, cash flows and financial condition may be adversely affected. Further, the GoI has initiated fiscal measures to combat high inflation rates, and it is unclear whether these measures will remain in effect. There can be no assurance that Indian inflation levels will not worsen in the future.

65. *Foreign investors are subject to foreign investment restrictions under Indian law that limits our ability to attract foreign investors, which may adversely impact the market price of the Equity Shares.*

Under the foreign exchange regulations currently in force in India, transfer of shares between non- residents and residents are freely permitted (subject to certain exceptions) if they comply with the pricing guidelines and reporting requirements specified by the RBI. If the transfer of shares, which are sought to be transferred, is not in compliance with such pricing guidelines or reporting requirements or fall under any of the exceptions referred to above, then the prior approval of the RBI will be required. Additionally, shareholders who seek to convert the Rupee proceeds from a sale of shares in India into foreign currency and repatriate that foreign currency from India will require a no objection/ tax clearance certificate from the income tax authority. There can be no assurance that any approval required from the RBI or any other government agency can be obtained on any particular terms or at all.

*Our company, in consultation with the BRLM, undertook private placement of specified securities, as permitted under applicable laws, to specified persons, aggregating 1,75,000 equity shares (“**Pre-IPO Placement**”). The Pre-IPO Placement has not exceeded 20% of the fresh issue. The Pre-IPO Placement was at a price decided by our company, in consultation with the BRLM. Since the Pre-IPO Placement was undertaken, 1,75,000 equity shares allotted under the Pre-IPO Placement have been reduced from the fresh issue, subject to the offer complying with rule 19(2)(b) of the Securities Contracts (Regulation) Rules, 1957, as amended (“SCRR”). Our company has

appropriately intimated the subscribers to the Pre-IPO Placement, prior to allotment pursuant to the Pre-IPO Placement, that there is no guarantee that our company may proceed with the offer or the offer may be successful and will result into listing of the equity shares on the stock exchanges. Further, relevant disclosures in relation to such intimation to the subscribers to the Pre-IPO Placement were appropriately made in the relevant sections of the red herring prospectus and this prospectus.

Notes:

1. The offer was made in terms of Chapter IX of the SEBI (ICDR) Regulations, 2018, as amended from time to time. This offer was made by our company in terms of Regulation of 229 (2) and Regulation 253 (1) of SEBI ICDR Regulations read with Rule 19(2)(b)(i) of SCRR wherein not less than 25% of the post – offer paid up equity share capital of our company are being offered to the public for subscription.
2. The present offer has been authorized pursuant to a resolution of our Board dated August 21, 2025 and by Special Resolution passed under Section 62(1)(c) of the Companies Act, 2013 at an Annual General Meeting of our shareholders held on August 25, 2025.

Promoter Selling Shareholder has authorised and confirmed inclusion of their portion of the Offered Shares as part of the Offer for Sale, as set out below:

However, under-subscription, if any, in the QIB Portion will not be allowed to be met with spill over from other categories or a combination of categories.

In terms of SEBI Circular No. CIR/CFD/POLICYCELL/11/2015 dated November 10, 2015 and the SEBI (Issue of Capital and Disclosure Requirements) Regulations, 2018, all the investors applying in a public Offer shall use only Application Supported by Blocked Amount (ASBA) process for application providing details of the bank account which were blocked by the Self Certified Syndicate Banks (SCSBs) for the same. Further, pursuant to SEBI Circular No. SEBI/HO/CFD/DIL2/CIR/P/2018/138 dated November 01, 2018, Individual Investors applying in public Offer may use either Application Supported by Blocked Amount (ASBA) facility for making application or also can use UPI as a payment mechanism with Application Supported by Blocked Amount for making application. For details in this regards, specific attention is invited to the chapter titled "**Offer Procedure**" beginning on page 276 of this Prospectus.

The process of Book Building under the SEBI ICDR Regulations is subject to change from time to time and the investors are advised to make their own judgment about investment through this process prior to making a Bid or application in the Offer.

For further details on the method and procedure for Bidding, please see section entitled "**Offer Procedure**" on page 276 of this Prospectus.

Our Company will comply with the SEBI ICDR Regulations and any other directions issued by SEBI in relation to this Offer. The Selling Shareholder has specifically confirmed that it will comply with the SEBI ICDR Regulations and any other directions issued by SEBI, as applicable in relation to the Offered Shares. In this regard, our Company and the Selling Shareholder have appointed the Book Running Lead Manager to manage this Offer and procure Bids for this Offer.

Illustration of the Book Building and Price Discovery Process: Bidders should note that this example is solely for illustrative purposes and is not specific to the Offer. Bidders can bid at any price within the Price Band. For instance, assume a Price Band of ₹ 20 to ₹ 24 per share, offer size of 3,000 Equity Shares and receipt of five Bids from Bidders, details of which are shown in the table below. The illustrative book given below shows the demand for the Equity Shares of the Issuer at various prices and is collated from Bids received from various investors.

Bid Quantity	Bid Amount (₹)	Cumulative Quantity	Subscription
500	24	500	16.67%
1,000	23	1,500	50.00%
1,500	22	3,000	100.00%
2,000	21	5,000	166.67%
2,500	20	7,500	250.00%

The price discovery is a function of demand at various prices. The highest price at which the Issuer is able to Offer the desired number of Equity Shares is the price at which the book cuts off, i.e., ₹ 22.00 in the above example. The Company and the Promoter Selling Shareholders in consultation with the BRLM, may finalise the Offer Price at or below such Cut-Off Price, i.e., at or below ₹ 22.00. All Bids at or above this Offer Price and cut-off Bids are valid Bids and are considered for allocation in the respective categories.

Steps to be taken by the Bidders for Bidding:

- Check eligibility for making a Bid (see section titled "**Offer Procedure**" on page 276 of this Prospectus);
- Ensure that you have a demat account and the demat account details are correctly mentioned in the Bid cum Application Form;
- Ensure correctness of your PAN, DP ID and Client ID mentioned in the Bid cum Application Form. Based on these parameters, the Registrar to the Offer will obtain the Demographic Details of the Bidders from the Depositories.
- Except for Bids on behalf of the Central or State Government officials, residents of Sikkim and the officials

appointed by the courts, who may be exempt from specifying their PAN for transacting in the securities market, for Bids of all values ensure that you have mentioned your PAN allotted under the Income Tax Act in the Bid cum Application Form. The exemption for Central or State Governments and officials appointed by the courts and for investors residing in Sikkim is subject to the Depository Participant's verification of the veracity of such claims of the investors by collecting sufficient documentary evidence in support of their claims.

- Ensure that the Bid cum Application Form is duly completed as per instructions given in the Red Herring Prospectus and in the Bid cum Application Form;

Bid/Offer Program:

Event	Indicative Dates
Anchor Portion Offer Opened/Closed On	Thursday, November 27, 2025
Bid/Offer Opened on	Friday, November 28, 2025
Bid/Offer Closed on	Tuesday, December 02, 2025
Finalization of Basis of Allotment with the Designated Stock Exchange (T+1)	On or before Wednesday, December 03, 2025

Commencement of trading of the Equity Shares on the Stock Exchange (T+3)	On or before Friday, December 05, 2025

The above timetable is indicative and does not constitute any obligation on our Company or the Book Running Lead Manager. Whilst our Company shall ensure that all steps for the completion of the necessary formalities for the listing and the commencement of trading of the Equity Shares on the Stock Exchange are taken within 3 Working Days of the Bid/ Offer Closing Date, the timetable may change due to various factors, such as extension of the Bid/Offer Period by our Company, revision of the Price Band or any delays in receiving the final listing and trading approval from the Stock Exchange. The Commencement of trading of the Equity Shares will be entirely at the discretion of the Stock Exchange and in accordance with the applicable laws.

Bid Cum Application Forms and any revisions to the same were accepted only between 10.00 A.M. to 5.00 P.M. (IST) during the Offer Period (except for the Bid/ Offer Closing Date). On the Bid/ Offer Closing Date, the Bid Cum Application Forms were accepted only between 10.00 A.M. to 3.00 P.M. (IST) Individual Investor and Non-Institutional Investor. The time for applying for Individual Investor on Bid/Offer Closing Date maybe extended in consultation with the Book Running Lead Manager, RTA and BSE taking into account the total number of applications received up to the closure of timings.

Due to the limitation of time available for uploading the Bid Cum Application Forms on the Bid/ Offer Closing Date, Bidders were advised to submit their applications one (1) day prior to the Bid/ Offer Closing Date and, in any case, not later than 3.00 p.m. (IST) on the Bid/ Offer Closing Date. Any time mentioned in this Prospectus is IST. Bidders were cautioned that, in the event a large number of Bid Cum Application Forms are received on the Bid/Offer Closing Date, as is typically experienced in public Offer, some Bid Cum Application Forms may not get uploaded due to the lack of sufficient time. Such Bid Cum Application Forms that cannot be uploaded will not be considered for allocation under this Offer. Applications were accepted only on Working Days, i.e., Monday to Friday (excluding any public holidays). Neither our Company nor the BRLM is liable for any failure in uploading the Bid Cum Application Forms due to faults in any software/hardware system or otherwise.

In accordance with SEBI ICDR Regulations, QIBs and Non-Institutional Applicants were not allowed to withdraw or lower the size of their application (in terms of the quantity of the Equity Shares or the Application amount) at any stage. Individual Applicants could revise or withdraw their Bid Cum Application Forms prior to the Bid/ Offer Closing Date. Allocation to Individual Applicants, in this Offer was made on a proportionate basis.

In case of discrepancy in the data entered in the electronic book vis-à-vis the data contained in the physical Bid Cum Application Form, for a particular Applicant, the details as per the file received from Stock Exchange may be taken as the final data for the purpose of Allotment. In case of discrepancy in the data entered in the electronic book vis-à-vis the data contained in the physical or electronic Bid Cum Application Form, for a particular ASBA

Applicant, the Registrar to the Offer shall ask the relevant SCSBs / RTAs / DPs / stock brokers, as the case may be, for the rectified data.

WITHDRAWAL OF THE OFFER

If our Company withdraws the Offer any time after the Offer Opening Date but before the allotment of Equity Shares, a public notice within 2 (two) working days of the Offer Closing Date, providing reasons for not proceeding with the Offer shall be issued by our Company. The notice of withdrawal will be issued in the same newspapers where the pre-Offer advertisements have appeared and the Stock Exchange will also be informed promptly. The BRLM, through the Registrar to the Offer, will instruct the SCSBs to unblock the ASBA Accounts within 1 (one) working Day from the day of receipt of such instruction.

If our Company withdraw the Offer after the Bid/Offer Closing Date and subsequently decides to proceed with an Offer of the Equity Shares, our Company will have to file a fresh Draft Red Herring Prospectus with the stock exchange where the Equity Shares may be proposed to be listed.

Notwithstanding the foregoing, the Offer is subject to obtaining (i) the final listing and trading approval of the Stock Exchange with respect to the Equity Shares offered through the Prospectus, which our Company will apply for only after Allotment;

Website	www.girirajstock.com
Contact Person	Mr. Kuntal Laha
SEBI Registration No.	INZ000212638
Market Maker Registration No.	90318

In accordance with Regulation 261 of the SEBI ICDR Regulations, our Company and the Promoter Selling Shareholder had entered into an agreement with the Book Running Lead Manager and the Market Maker (duly registered with BSE Limited to fulfil the obligations of Market Making) dated November 13, 2025 to ensure compulsory Market Making for a minimum period of three years from the date of listing of equity shares offered in this Offer.

Giriraj Stock Broking Private Limited, registered with SME Platform of BSE Limited acted as the Market Maker and had agreed to receive or deliver of the specified securities in the market making process for a period of three years from the date of listing of our Equity Shares or for a period as may be notified by any amendment to SEBI ICDR Regulations.

The Market Maker shall fulfil the applicable obligations and conditions as specified in the SEBI ICDR Regulations, as amended from time to time and the circulars issued by BSE Limited and SEBI in this matter from time to time.

Following is a summary of the key details pertaining to the Market Making Arrangement:

1. The Market Maker shall be required to provide a 2-way quote for 75% of the time in a day. The same shall be monitored by the Stock Exchange. Further, the Market Maker shall inform the Stock Exchange in advance for each and every black out period when the quotes are not being offered by the Market Maker.
2. The prices quoted by Market Maker shall be in compliance with the Market Maker Spread Requirements and other particulars as specified or as per the requirements of SME Platform of BSE Limited (BSE SME) and SEBI from time to time.
3. The minimum depth of the quote shall be ₹ 1,00,000. However, the Investors with holdings of value less than ₹ 1,00,000 shall be allowed to offer their holding to the Market Maker in that scrip provided that he sells his entire holding in that scrip in one lot along with a declaration to the effect to the selling broker.
4. Execution of the order at the quoted price and quantity must be guaranteed by the Market Maker, for the quotes given by him.
5. After a period of three (3) months from the market making period, the market maker would be exempted to provide quote if the Shares of market maker in our Company reaches to 25% of Offer Size (Including the 1,34,000 Equity Shares ought to be allotted under this Offer). Any Equity Shares allotted to Market Maker under this Offer over and above 1,34,000 Equity Shares would not be taken in to consideration of computing the threshold of 25% of Offer Size. As soon as the Shares of market maker in our Company reduce to 24% of Offer Size, the market maker will resume providing 2-way quotes.
6. There shall be no exemption/threshold on downside. However, in the event the Market Maker exhausts his inventory through market making process, BSE Limited may intimate the same to SEBI after due verification.
7. There would not be more than five Market Maker for the Company's Equity Shares at any point of time and the Market Maker may compete with other Market Maker for better quotes to the investors.
8. On the first day of the listing, there will be pre-opening session (call auction) and there after the trading will happen as per the equity market hours. The circuits will apply from the first day of the listing on the discovered price during the pre-open call auction. In case equilibrium price is not discovered the price band in the normal trading session shall be based on Offer price.

9. The Market Maker may also be present in the opening call auction, but there is no obligation on him to do so.
10. There will be special circumstances under which the Market Maker may be allowed to withdraw temporarily / fully from the market – for instance due to system problems, any other problems. All controllable reasons require prior approval from the Exchange, while force-majeure will be applicable for non-controllable reasons. The decision of the Exchange for deciding controllable and non-controllable reasons would be final.
11. The Market Maker shall have the right to terminate said arrangement by giving one-month notice or on mutually acceptable terms to the Book Running Lead Manager, who shall then be responsible to appoint a replacement Market Maker.
12. In case of termination of the above mentioned Market Making agreement prior to the completion of the compulsory Market Making period, it shall be the responsibility of the Book Running Lead Manager to arrange for another Market Maker(s) in replacement during the term of the notice period being served by the Market Maker but prior to the date of releasing the existing Market Maker from its duties in order to ensure compliance with the requirements of Regulation 261 of the SEBI (ICDR) Regulations. Further the Company, the Promoter Selling Shareholder and the Book Running Lead Manager reserve the right to appoint other Market Maker(s) either as a replacement of the current Market Maker or as an additional Market Maker subject to the total number of Designated Market Makers does not exceed 5 (five) or as specified by the relevant laws and regulations applicable at that particular point of time.
13. **Risk containment measures and monitoring for Market Maker:** SME Platform of BSE Limited will have all margins which are applicable on the BSE Limited Main Board viz., Mark- to-Market, Value-At-Risk (VAR) Margin, Extreme Loss Margin, Special Margins and Base Minimum Capital etc. BSE Limited can impose any other margins as deemed necessary from time-to-time.
14. **Punitive Action in case of default by Market Maker:** SME Platform of BSE Limited will monitor the obligations on a real time basis and punitive action will be initiated for any exceptions and / or non-compliances. Penalties / fines may be imposed by the Exchange on the Market maker, in case he is not able to provide the desired liquidity in a particular security as per the specified guidelines. These penalties / fines will be set by the Exchange from time to time. The Exchange will impose a penalty on the Market Maker in case he is not present in the market (offering two way quotes) for at least 75% of the time. The nature of the penalty will be monetary as well as suspension in market making activities / trading membership.
15. The Department of Surveillance and Supervision of the Exchange would decide and publish the penalties / fines / suspension for any type of misconduct / manipulation / other irregularities by the Market Maker from time to time.
16. **Price Band and Spreads:** The price band shall be 20% and the market maker spread (difference between the sell and the buy quote) shall be within 10% or as intimated by Exchange from time to time.
SEBI Circular bearing reference no: CIR/MRD/DP/ 02/2012 dated January 20, 2012, has laid down that for Offer size up to ₹ 250 crores, the applicable price bands for the first day shall be:
 - a. In case equilibrium price is discovered in the Call Auction, the price band in the normal trading session shall be 5% of the equilibrium price.
 - b. In case equilibrium price is not discovered in the Call Auction, the price band in the normal trading session shall be 5% of the Offer price.All the above-mentioned conditions and systems regarding the Market Making Arrangement are subject to change based on changes or additional regulations and guidelines from SEBI and Stock Exchange from time to time.
17. Pursuant to SEBI Circular number CIR/MRD/DSA/31/2012 dated November 27, 2012, limits on the upper side for market makers during market making process has been made applicable, based on the Offer size and as follows:

Offer Size	Buy quote exemption threshold (including mandatory initial inventory of 5% of the Offer size)	Re-Entry threshold for buy quote (including mandatory initial inventory of 5% of the Offer size)
Upto ₹20 Crore	25%	24%
₹20 Crore to ₹50 Crore	20%	19%
₹50 Crore to ₹80 Crore	15%	14%
Above ₹80 Crore	12%	11%

The Market Making arrangement, trading and other related aspects including all those specified above shall be subject to the applicable provisions of law and / or norms issued by SEBI / BSE Limited from time to time.

Note:

Our company, in consultation with the BRLM, undertook private placement of specified securities, as permitted under applicable laws, to specified persons, aggregating 1,75,000 equity shares ("Pre-IPO Placement"). The Pre-IPO Placement has not exceeded 20% of the fresh issue. The Pre-IPO Placement was at a price decided by our company, in consultation with the BRLM. Since the Pre-IPO Placement was undertaken, 1,75,000 equity shares allotted under the Pre-IPO Placement have been reduced from the fresh issue, subject to the offer complying with rule 19(2)(b) of the Securities Contracts (Regulation) Rules, 1957, as amended ("SCRR"). Our company has appropriately intimated the subscribers to the Pre-IPO Placement, prior to allotment pursuant to

the Pre-IPO Placement, that there is no guarantee that our company may proceed with the offer or the offer may be successful and will result into listing of the equity shares on the stock exchanges. Further, relevant disclosures in relation to such intimation to the subscribers to the Pre-IPO Placement were appropriately made in the relevant sections of the red herring prospectus and this prospectus.

Means of Finance

The entire fund requirements for our Objects are proposed to be funded from the Net Proceeds, Pre-IPO Proceeds and internal accruals. Accordingly, we confirm that there are no requirements to make firm arrangements of finance through verifiable means towards at least 75% of the stated means of finance, in addition to the Net Proceeds, under SEBI ICDR Regulations and Paragraph 9(C)(1) of Part A of Schedule VI of the SEBI ICDR Regulations. Subject to applicable laws, in case of a shortfall in the Net Proceeds or any increase in the actual utilisation of funds earmarked for the Objects, our Company may explore a range of options including utilizing our internal accruals and/or seeking additional debt from existing and/or other lenders.

DETAILS OF THE FUND REQUIREMENTS:

1) Funding the working capital requirements of our company

Our Company proposes to utilise ₹ 1572.70 lakhs from the Net Proceeds towards funding its working capital requirements in Fiscal 2026 and 2027.

We have significant working capital requirements, and we fund our working capital requirements in the ordinary course of business from our internal accruals/equity and financing facilities from various banks, financial institutions and non-banking financial companies. Our Company requires additional working capital for funding future growth requirements of our Company. For details of the working capital facilities availed by us, see “*Financial Indebtedness*” on page 211.

Basis of estimation of working capital requirement

The details of our existing Company’s working capital as at September 30, 2025 and the source of funding, derived from the financial statements of our Company, as certified by our Statutory Auditor through their certificate dated November 13, 2025, are provided in the table below. On the basis of the existing and estimated working capital requirement of our Company on a standalone basis, and assumptions for such working capital requirements, our Board pursuant to its resolution dated November 13, 2025 has approved the estimated working capital requirements for Fiscals 2026 and 2027 as set forth below:

Assumptions for our estimated working capital requirements

The table below sets forth the details of holding levels (in days) as of and for the financial year ended March 31, 2025, March 31, 2024 and March 31, 2023 on the basis of restated financial statements and the estimated holding levels (in days) for the Fiscal 2026 and Fiscal 2027:

Particulars	Holding Level for year ended					
	Fiscal 2023 (Restated)	Fiscal 2024 (Restated)	Fiscal 2025 (Restated)	September 30, 2025 (Restated)	Fiscal 2026 (Estimated)	Fiscal 2027 (Estimated)
	(In days)	(In days)	(In days)	(In days)	(In days)	(In days)

Trade Receivables	52	54	88	114	87	88
Trade Payables	24	23	38	50	41	36

Key justifications

The table below sets forth the key justifications for holding levels:

Sr. No.	Particulars	Details
Current assets		
1.	Trade receivables	In FY 2022-23, receivables stood at 52 days, reflecting timely collections and efficient billing cycles. In FY 2023-24, they rose slightly to 54 days as Exato extended credit terms to large enterprise clients, securing multi-year contracts and subscription revenues. By FY 2024-25, receivables increased to 88 days, driven by ARR growth, milestone-based billing, and large-ticket enterprise deals. By September 2025, receivables increased further to 114 days due to a concentrated billing schedule and timing of collections associated with major enterprise deals. Importantly, higher receivables were offset by OEM rebates and marketing development funds, boosting margins and liquidity. Going forward, receivables are projected to stabilize at 87 days in FY 2025-26 and 88 days by FY 2026-27 as ARR and subscription revenues expand alongwith effective credit management strategies which includes streamlined invoicing and timely collection processes.
2.	Inventories	In FY 2022-23, The Company Maintained Only 5 Days of Inventory Through a Just-In-Time Approach Supported by Strong Vendor Partnerships. With Rising Enterprise Contracts in Fy 2023-24, Holdings Increased To 13 Days to Ensure Timely Execution of Hardware, Licenses, And It Infrastructure Needs. By Fy 2024-25, Levels Rose To 18 Days Due To Larger Projects, Global Supply Risks, And One-Time Stocking for Upgraded Capabilities. By

Sr. No.	Particulars	Details
		September 2025, Inventory Days Reduced Again To 13 Days as Supply-Chain Pressures Eased and Planning Accuracy Improved. Going Forward, Improved Vendor Tie-Ups, Demand Forecasting, And Technology Integration Will Optimize Levels Back To 13 Days in Fy 2025-26 And Fy 2026-27, Ensuring Working Capital Efficiency and Delivery Agility.
Current liabilities		
1.	Trade payables	In FY 2022-23, payable days were 24, highlighting prompt vendor settlements and conservative working capital management that built goodwill with OEMs and partners. FY 2023-24 remained stable at 23 days, reinforcing supplier confidence and ensuring uninterrupted access to critical IT resources. In FY 2024-25, payable days rose to 38, driven by extended credit from OEMs due to ARR growth, bulk procurement for enterprise projects, and alignment with elongated receivable cycles. By September 2025, payable days rose further to 50 days, reflecting negotiated credit extensions, cash flow optimization during peak project execution and alignment with receivable inflows. This approach ensured liquidity stability while securing rebates and marketing funds, enhancing margins and co-marketing. Looking ahead, payable days are projected at 41 in FY 2025-26 before normalizing to 36 in FY 2026-27, balancing vendor goodwill with working capital efficiency.

2) Investment in Product Development

We intend to utilize ₹680.00 lakhs from the Net Proceeds of the Issue towards investment in product development of our proprietary platforms, namely Prompt Base Dialer, Unified Agent Management (UAM), and CompliCall. These products form an integral part of our strategy to strengthen our intellectual property portfolio, reduce dependence on third-party technologies, and provide differentiated, scalable, and compliance-driven customer experience (CX) and automation solutions to our clients.

Our business strategy is centered on combining services with proprietary intellectual property (IP) products to deliver differentiated and scalable customer experience (CX) and automation solutions. In addition to offering solutions built on leading partner technologies, we have been consistently investing in developing our own IP to reduce dependency on third-party vendors, create higher-margin revenue streams, and respond quickly to evolving customer preferences.

Enterprises across BFSI, IT/ITES, telecom, healthcare, and retail sectors are increasingly leveraging AI, automation, and compliance-driven platforms to enhance productivity, manage regulatory risks, and deliver superior customer experiences. We believe that our proprietary product suite is well positioned to target this growing opportunity and strengthen our differentiation in a competitive market.

At present, our Company is developing five proprietary platforms as part of its long-term IP roadmap. From these, we propose to utilize the Net Proceeds of the Issue to fund the development and commercialization of three priority products, namely:

1. CompliCall

CompliCall is a system that makes sure every customer call is recorded. If the recording does not start, the call itself does not go through. This ensures full accountability, security, and compliance with rules, especially in industries like banks, insurance, telecom, and healthcare where recording is compulsory. It also helps companies check the quality of service, train employees using real recordings, and avoid fraud or data leaks.

In simple terms: It is like a “safety lock” on calls i.e no recording, no call. This protects both the company and its customers.

Key Use Cases:

- **Regulatory Compliance:** Many industries like banks, insurance, and telecom are required by law to record calls. CompliCall ensures that no call happens unless recording is active, so companies always remain compliant.
- **Quality Check & Training:** Managers can listen to recorded calls to check how employees are talking to customers and use them to train staff for better service.
- **Security & Trust:** Since every call is recorded, there is less chance of misuse, fraud, or disputes. Both the company and the customer are protected.
- **Automatic Monitoring:** The system works on its own. There is no need for manual checking which make the process more reliable and error-free.

2. Unified Agent Management (UAM)

UAM is a software that manages user IDs and access rights for employees and vendors across many applications used by a bank or a company. Today, organizations use hundreds of apps i.e some financial, some non-financial and keeping track of who has access to what is difficult. With UAM, a central team controls and approves user access, ensuring that only the right people can log into the right applications.

In simple terms: UAM acts like a gatekeeper for all digital applications in a company. It makes sure that only the right person can enter the right door, at the right time, with proper permissions.

Key Use Cases:

- **Centralized Access Control:** Instead of each department handling user IDs separately, UAM allows one central team to control who gets access to which application.
- **New Employee/Vendor Onboarding:** When a new person joins, the system quickly gives them access to the right applications after checking their details.
- **Security & Compliance:** Ensures that only authorized people can access sensitive systems like financial or customer data.
- **Efficiency:** Saves time and reduces mistakes compared to manually tracking hundreds of logins and applications.

3. Prompt Base Dialer

Prompt Base Dialer is an intelligent calling system that helps agents while they are talking to customers. It provides real-time suggestions, prompts, or scripts based on the customer's profile and the flow of conversation. This helps agents save time, handle more calls, follow compliance rules, and improve the overall customer experience.

In simple terms: Prompt Base Dialer works like a virtual coach for agents, whispering the right advice in real time so they can do their job better and faster.

Key SME Use Cases:

- **Sales & Lead Generation:** Helps sales agents with ready-made talking points, so they can convince customers more effectively.
- **Customer Support:** Suggests quick answers to agents during calls, reducing the time customers spend waiting.
- **Healthcare:** Can remind patients about appointments or follow up after treatment.
- **Financial Services:** Guides agents to stick to compliance rules while offering products like loans or insurance.

Historical Expenditure on Proprietary Products

Our Company has already invested approximately ₹1,215.49 lakhs till September 30, 2025 in developing proprietary IP. This includes both manpower costs ₹428.87 lakhs and other costs ₹786.62 lakhs incurred across the three products. This historical investment demonstrates our long-term commitment to IP development and innovation. A summary of historical expenditure is provided below:

(₹ in Lakhs)

Particulars	Manpower Cost till September 30, 2025	Other Cost till September 30, 2025	Total Cost
CompliCall	174.02	116.95	290.97

Unified Agent Management (UAM)	108.91	198.03	306.94
Prompt Base Dialer	145.94	471.65	617.59
Total	428.87	786.62	1,215.49

The major portion of the fund which we are raising will be used for manpower costs. Our product development team comprises highly skilled professionals including engineering leads, application developers, QA engineers, UX designers, and AI specialists. These employees are engaged full-time on these IP development projects, and their apportioned CTC has been identified in the project cost.

Employee-wise apportioned CTC has been budgeted and will continue to be met till the expected completion timelines. The proposed IPO funds will thus primarily support salaries and benefits of these employees directly working on product development.

Where required, we may also engage external advisors/consultants for specialized modules, particularly in Prompt Base Dialer and UAM, but the majority of costs remain manpower-driven.

Proposed Deployment of IPO Proceeds

The estimated balance cost for completing development of these products is ₹1,812.65 lakhs, out of which ₹680.00 lakhs will be funded from the Net Proceeds of the Issue and the remaining through internal accruals.

All employees assigned to the development of our three priority proprietary platforms i.e Prompt Base Dialer, Unified Agent Management (UAM), and CompliCall are deployed exclusively on these projects and are not engaged in the development of our other products, namely Call Sense – ZIVA and Shiftwise – Middleware.

The Audit Committee of the Company shall monitor the deployment of funds for the object **“Investment in Product Development”** and shall prepare and maintain a statement detailing the utilization of funds allocated towards the said object periodically

Benefits from the Investment in Product Development

The proposed investment in product development is expected to provide the following benefits to our Company:

- Strengthen our intellectual property portfolio and reduce reliance on third-party technology providers.
- Enhance recurring revenue opportunities by offering these products on a subscription/ARR model.
- Address growing client demand for AI-driven, cloud-ready, and compliance-focused CX solutions.
- Differentiate our offerings in a highly competitive market by providing proprietary, scalable, and customizable products.
- Improve margins by shifting revenue mix towards proprietary solutions, which offer higher profitability compared to third-party product implementations.

3) Repayment/prepayment of all or certain of our borrowings availed of by our Company

Our Company has entered into various financial arrangements from time to time, with banks and financial institutions. The loan facilities availed by our Company include borrowings in the form of, inter alia, term loans, Business Loan, and working capital facilities. For further details, please refer **“Financial Indebtedness”** on page 211 of this Prospectus.

As on November 15, 2025, the total amount outstanding under our loan facilities (term loans, Business Loan, and working capital facilities) that are currently proposed to be repaid from the net proceeds was ₹ 253.33 lakhs. Our Company proposes to utilise an estimated amount of ₹ 253.33 Lakhs from the Net Proceeds towards part or full repayment and/or pre-payment of borrowings availed by us.

The repayment/ prepayment, will help reduce our outstanding indebtedness, assist us in maintaining a favorable debt-equity ratio and enable utilization of some additional amount from our internal accruals for further investment in business growth and expansion. In addition, we believe that since our debt-equity ratio will improve significantly, it will enable us to raise further resources at competitive rates and additional funds or capital in the future to fund potential business development opportunities.

Given the nature of these borrowings and the terms of repayment/prepayment, the aggregate outstanding borrowing amounts may vary from time to time. Further, the amounts outstanding under these borrowings as well as the sanctioned limits are dependent on several factors and may vary with our business cycle with multiple intermediate repayments, drawdowns and enhancement of sanctioned limits. However, the aggregate amount to be utilized from the Net Proceeds towards repayment/ prepayment of certain borrowings, in part or in full, would not exceed ₹ 253.33 lakhs.

Further, the amounts outstanding under these borrowings as well as the sanctioned limits are dependent on several factors and may vary with our business cycle with multiple intermediate repayments, drawdowns and enhancement

of sanctioned limits. In light of the above, if at the time of filing of the Prospectus, any of the below mentioned loans are repaid in part or full or refinanced or if any additional credit facilities are availed or drawn down or if the limits under the working capital borrowings are increased, then the table below shall be suitably revised to reflect the revised amounts or loans as the case may be which have been availed by our Company.

In accordance with the terms of the relevant borrowing arrangements, prepayment of certain borrowings may attract prepayment penalties as stipulated in the relevant borrowing documents. Such prepayment charges, as applicable, will also be funded out of the Net Proceeds, in accordance with the requirements of our Company. If the Net Proceeds are insufficient for making payments for such pre-payment penalties, the excess amount shall be funded through our internal accruals

The following table provides details of borrowings availed by our Company, which are outstanding as on November 15, 2025, which are currently proposed to be re-paid or pre-paid, in full or in part, to the extent of ₹ 253.33 lakhs from the Net Proceeds.

*As Certified by the M/s. Arora Prem & Associates Chartered Accountants by their certificate dated November 16, 2025.

We herewith confirm that there has been no instance of delays, defaults and rescheduling/ restructuring/ of the outstanding borrowings for which a part of net proceeds will be utilized for repayment/ prepayment.

We confirms that the repayment or prepayment of borrowings, proposed to be undertaken from the Net Proceeds of the Issue, shall not result in any direct or indirect benefit to the Promoter, members of the Promoter Group, or any of their respective relatives or related parties, as defined under the applicable provisions of the Companies Act, 2013 and SEBI ICDR Regulations.

In accordance with paragraph 9(A)(2)(b) of Part A of Schedule VI of the SEBI ICDR Regulations, the Statutory Auditors of our Company have Issued a certificate dated November 16, 2025 certifying that the borrowings have been utilized by our Company, towards the purposes for which such borrowings were availed.

We may consider various factors for identifying the loans that will be repaid or pre-paid out of the Net Proceeds, including: (i) costs, expenses and charges relating to the facility including interest rates involved; (ii) presence of onerous terms and conditions under the facility; (iii) ease of operation with the lender; (iv) terms and conditions of consents and waivers; (v) provisions of any law, rules, regulations governing such borrowings; and/or (vi) other commercial considerations including, among others, the amount of the loan outstanding and the remaining tenor of the loan.

4) General corporate purposes

We propose to deploy the balance Net Proceeds, aggregating to ₹ 468.44 Lakhs towards general corporate purposes to drive our business growth. The general corporate purposes for which our Company proposes to utilise the Net Proceeds and Pre-ipo Proceeds include, without limitation, (i) meeting ongoing general corporate contingencies and exigencies and business requirements of our Company and subsidiaries, (ii) expenses incurred by us in the ordinary course of business, (iii) employee and other personnel expenses incurred by us, (iv) brand building and other marketing expenses, (v) working capital requirements (vi) any other purpose, as may be approved by our Board or a duly constituted committee thereof from time to time, subject to compliance with applicable law, including provisions of the Companies Act.

We confirm that any offer related expenses shall not be considered as a part of General Corporate Purpose. Further, we confirm that the amount for general corporate purposes, as mentioned in this Prospectus, shall not exceed fifteen percent of the amount being raised by our Company or ₹ 10 Crores, whichever is less.

For more details on financial information, investors please refer the chapter titled "**Restated Financial Information**" beginning on Page No. 207 of this Prospectus.

Investors should evaluate our Company by taking into consideration its earnings and based on its growth strategy. Some of the quantitative factors which may form the basis for computing the price are as follows:

1. Basic and Diluted Earnings per Share (EPS), (Face Value of ₹ 10/- each) (Post Bonus)

Year ended	Basic and Diluted EPS	Weights	(in ₹)
Financial Year ended on March 31, 2025	13.86	3	
Financial Year ended on March 31, 2024	7.63	2	
Financial Year ended on March 31, 2023	7.99	1	
Weighted Average (of the above three financial years)		10.81	
For the period ended September 30, 2025*		9.54	

*Not Annualised

Note:

- i. *Basic EPS: Net Profit after tax as consolidated divided by weighted average number of Equity Shares outstanding at the end of the year/period.*
- ii. *Diluted EPS: Net Profit after tax as Consolidated restated divided by weighted average number of Equity Shares outstanding at the end of the year/period for diluted EPS.*
- iii. *Weighted average number of Equity Shares is the number of Equity Shares outstanding at the beginning of the year/period adjusted by the number of Equity Shares issued during the year/period multiplied by the time weighting factor. The time weighting factor is the number of days for which the specific shares are outstanding as a proportion of the total number of days during the year/period.*
- iv. *The above statement should be read with significant accounting policies and notes on Restated Financial Statements as appearing in the Financial Statements.*
- v. *The EPS has been calculated in accordance with AS 20 Earnings Per Share (EPS) issued by Institute of Chartered Accountants of India.*

2. Price Earning (P/E) Ratio in relation to the Price Band of ₹ 133 to ₹ 140 per Equity Share of Face Value of ₹ 10/- each fully paid up

Particulars	(P/E) Ratio at the Floor Price (number of times)	(P/E) Ratio at the Cap Price (number of times)

Lowest	45.99
Average	45.99

Note: Since we have one listed peer, the highest, lowest, and average industry P/E are the same.

4. Return on Net Worth (RoNW):

Year ended	RoNW(%)	Weight
Financial Year ended on March 31, 2025	23.03%	3
Financial Year ended on March 31, 2024	19.64%	2
Financial Year ended on March 31, 2023	23.29%	1
Weighted Average (of the above three financial years)		21.94%
For the period ended September 30, 2025*	14.64%	

*Not Annualised

Note:

- a) *RoNW is calculated as net profit after taxation divided by networth for that year/period.*
- b) *Networth is computed as the sum of the aggregate of paid up equity share capital, all reserves created out of the profits, securities premium account received in respect of equity shares and debit or credit balance of profit and loss account. It may be noted that equity component of financial instruments is excluded while calculating Networth of the Company.*
- c) *Weighted average = Aggregate of year-wise weighted RoNW divided by the aggregate of weights i.e (RoNW x Weight) for each year divide by Total of weights.*

5. Net Asset Value (NAV) per Equity Share

Particulars	NAV per Share (₹)
As on March 31, 2025	55.56
As on March 31, 2024	38.41
As on March 31, 2023	31.24
As on September 30, 2025	65.10

Several of these benefits are dependent on the Company or its shareholders fulfilling the conditions prescribed under the relevant provisions of the statute. Hence, the ability of the Company or its shareholders to derive the stated special tax benefits is dependent upon their fulfilling such conditions, which based on business imperatives the Company faces in the future, the Company may or may not choose to fulfill.

The benefits discussed in the enclosed annexure are not exhaustive. This statement is only intended to provide general information to the investors and is neither designed nor intended to be a substitute for professional tax advice. In view of the individual nature of the tax consequences and the changing tax laws, each investor is advised to consult his or her own tax consultant with respect to the specific tax implications arising out of their participation in the Issue. Neither are we suggesting nor advising the investor to invest money based on this statement.

We do not express any opinion or provide any assurance as to whether:

- i) the Company or its shareholders will continue to obtain these benefits in future; or
- ii) the conditions prescribed for availing the benefits have been/would be met with.

The contents of the enclosed statement are based on information, explanations and representations obtained from the Company and on the basis of our understanding of the business activities and operations of the Company.

The benefits discussed in the enclosed statement are not exhaustive nor are they conclusive. The contents stated in the annexure are based on the information, explanations and representations obtained from the Company.

We hereby give consent to include this statement of tax benefits in the Red Herring Prospectus and the Prospectus and submission of this certificate as may be necessary, to SME Platform of BSE Limited where the Equity Shares are proposed to be listed ("Stock Exchange") and the Registrar of Companies, Kanpur ("RoC"), SEBI or any regulatory authority and/or for the records to be maintained by the Lead Manager in connection with the Issue and in accordance with applicable law.

Terms capitalized and not defined herein shall have the same meaning as ascribed to them in the Red Herring Prospectus/Prospectus.

Yours sincerely,

GLOBAL ECONOMY

Macroeconomic Environment

Global growth is projected to slow from 3.3 percent in 2024 to 3.2 percent in 2025 and to 3.1 percent in 2026. This is an improvement relative to the July WEO Update—but cumulatively 0.2 percentage point below forecasts made before the policy shifts in the October 2024 WEO, with the slowdown reflecting headwinds from uncertainty and protectionism, even though the tariff shock is smaller than originally announced. On an end-of-year basis, global growth is projected to slow down from 3.6 percent in 2024 to 2.6 percent in 2025. Advanced economies are forecast to grow about 1½ percent in 2025–26, with the United States slowing to 2.0 percent. Emerging market and developing economies are projected to moderate to just above 4.0 percent. Inflation is expected to decline to 4.2 percent globally in 2025 and to 3.7 percent in 2026, with notable variation: above-target inflation in the United States—with risks tilted to the upside—and subdued inflation in much of the rest of the world. World trade volume is forecast to grow at an average rate of 2.9 percent in 2025–26—boosted by front-loading in 2025 yet still much slower than the 3.5 percent growth rate in 2024—with persistent trade fragmentation limiting gains.

Growth Projections (Real GDP Growth, % Change)

(Source: <https://www.imf.org/en/Publications/WEO/Issues/2025/10/14/world-economic-outlook-october-2025>)

The growth forecast is little changed from the July 2025 WEO Update, reflecting gradual adaptation to trade tensions, but is decisively below the pre-pandemic average of 3.7 percent. Looking at sequential growth from the

second half of 2025 into 2026 gives a clearer picture by removing the distortion from front-loading in the first half of 2025: The global economy is projected to grow at an annualized average rate of 3.0 percent over these six quarters, a slowdown of 0.6 percentage point from the 3.6 percent average rate in 2024. The forecast for 2025–26 is also lower, by a cumulative 0.2 percentage point, than projected in the October 2024 WEO, before the major shifts in policy stances in key jurisdictions. Given the fluidity of trade policy assumptions during 2025, comparisons of current forecasts with those in the April 2025 WEO or in the July 2025 WEO Update may obscure the direction the world economy has travelled.

Inflation Forecast

Under the baseline, global headline inflation is projected to decline to 4.2 percent in 2025 and to 3.7 percent in 2026. This path is virtually the same as depicted in the previous projections, but there is variation across countries and regions.

Inflation forecasts are revised upward in quite a few economies, relative to the October 2024 WEO, which serves as a pre-policy-shift benchmark. Among advanced economies, the most notable cases are the United Kingdom and the United States. In the United Kingdom, headline inflation, which started picking up in 2024, is expected to continue rising in 2025 partly because of changes in regulated prices. This is projected to be temporary, with a loosening labor market and moderating wage growth eventually helping inflation return to target at the end of 2026.

In the United States, inflation is expected to pick up beginning in the second half of 2025, as the impact of tariffs is no longer absorbed within supply chains and instead passed on to consumers. Inflation then is expected to return to the Federal Reserve's 2 percent target during 2027. This forecast assumes only modest second-round effects, implying potential upside risks to US inflation in the baseline amid downside risks to employment.

Among emerging market and developing economies, inflation forecasts for Brazil and Mexico are revised upward. For Brazil, the revision is more pronounced and in part reflects the stabilization of inflation expectations above target rates, reflecting credibility challenges associated with fiscal policy uncertainties last year, although relief from more recent currency appreciation is expected to arrive in late 2025 and in 2026. For Mexico, volatile categories such as food and more-persistent-than-expected services inflation contribute to the upward revision.

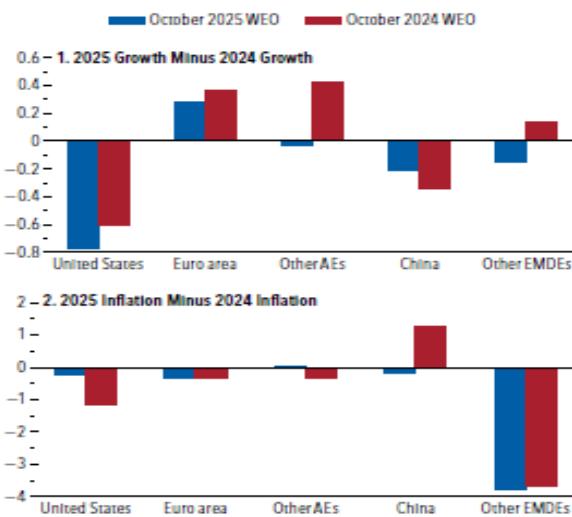

For several other economies, inflation forecasts are revised downward, compared with the October 2024 WEO. In much of emerging and developing Asia, that is the case. This is largely a reflection of lower-than-expected outturns, with food, energy, and administrative prices playing a significant role (for example, in China, India, and Thailand).

Taken together with the GDP growth forecasts, the picture varies across countries. US growth in 2025, forecast at 2.0 percent, is lower than the 2.2 percent projected in the October 2024 WEO. Inflation in 2025, forecast at 2.7 percent, is higher than the 1.9 percent projected in the October 2024 WEO. Relative to forecasts prior to the policy shifts, the US economy is expected to slow more sharply in 2025 than was projected a year ago. Meanwhile, inflation is expected to remain largely unchanged and elevated, compared with the notable decline projected in October 2024.

This combination of a sharper growth slowdown and a slower pace in disinflation in the United States contrasts with the less sharp growth slowdown and muted inflation in China. Elsewhere, in most cases, a pickup in growth is no longer expected or is projected to be much weaker, while inflation is still expected to decline at about the same pace as before. This is broadly in line with what would be anticipated from the introduction of higher US tariffs, with small deviations in the inflation outlook attributable to idiosyncratic offsetting factors.

Changes in GDP Growth and Inflation

(Percentage points)

Note: AEs = advanced economies; EMDEs = emerging market and developing

World trade is expected to decline modestly over the five-year forecast horizon. Compared with the April 2025 WEO, world trade volume is expected to grow faster in 2025 but more slowly in 2026. This reflects the front-loading patterns observed. Trade volume growth at an average rate of 2.9 percent in 2025–26, even with the temporary boost from front-loading in 2025, is lower than projected in the October 2024 WEO, which envisioned an average growth rate of 3.3 percent.

Global current account imbalances in 2025 are expected to exceed those in the October 2024 WEO and to narrow thereafter. Among the three largest contributors to the overall balance (China, Germany, United States), preemptive trade ahead of prospective tariffs widens the US deficit and the surplus for China, before unwinding as pull-forward behavior dissipates.

Projected Change in Current Account Balance

tariffs would normally be associated with a stronger currency for the tariffing country, helping with the absorption of the tariff shock. The recent depreciation of the US dollar, instead, enhances export price competitiveness and restrains import-intensive consumption possibly helping to narrow US external deficits.

A weaker dollar also tends to ease global financial conditions, providing some near-term global demand, but this is likely to be eroded by higher inflation in the United States relative to the rest of the world and the associated adjustment in the real effective exchange rate. Last but not least, fiscal changes have accompanied trade developments. China and Germany have recently announced and expanded spending measures to boost domestic demand, which will lower net savings and reduce external surpluses. In the United States, the OBBBA is expected to widen the fiscal deficit over the medium-term relative to projections in previous WEO reports, despite back-loaded spending cuts and sizable tariff receipts. This weighs on public saving and so tends to widen the current account deficit—or at least temper any narrowing from other channels.

Trade Reallocation in Response to Tariffs: Will This Time Be Different?

The shift in US trade policy in 2025 differs notably from the changes during 2018–19. For instance, whereas the previous round of tariff increases was directed primarily at a single trading partner—China—the current period is characterized by broader-based tariff hikes affecting a wider range of countries, alongside a marked rise in trade policy uncertainty. This raises an important question: Has the distinct nature of the 2025 tariff shock led to different patterns of adjustment in bilateral trade between the United States and China, both with each other and with third-party countries, relative to the aftermath of 2018–19 tariff hikes? This box sheds some preliminary light on this question based on bilateral monthly trade flow data.

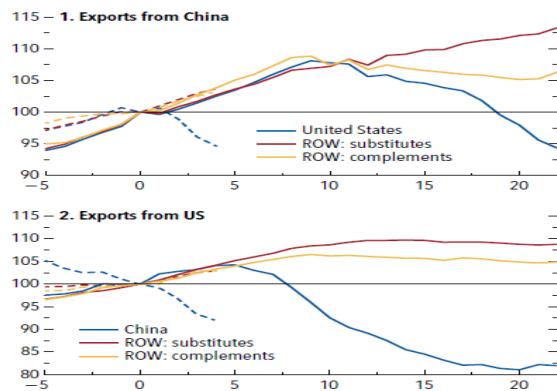

The narrowing of global imbalances works through three main channels. The first is trade policy shifts. In the United States, the rise in import costs and greater uncertainty dampen investment, softening import demand. At the same time, tariffs on intermediate inputs act as a tax on US manufacturers, raising production costs for exports of final products and US products that compete against imports—leaving the net effects on the current account ambiguous.

Further, even as higher tariff receipts are likely to lift public savings, decreasing private savings are likely to offset this increase. Overall, the impact on the current account of this channel is likely to be limited, consistent with both model-based and empirical analysis (2025 *External Sector Report*).

Second, exchange rate movements are an additional channel of external adjustment. Higher unilateral

question based on bilateral monthly trade flow data.

Looking at the trade patterns through a geographic lens rather than through structural similarities between different countries reveals some of the underlying differences between the two tariff episodes so far. In 2018–19, Asian and USMCA (U.S.-Mexico-Canada Agreement) countries—many of which fall into the China’s substitutes category—absorbed China’s falling exports to the United States. Meanwhile, falling US exports to China were accompanied by increases in other destinations, such as the European Union, together with stable exports to

Change in Exports by Destination Region and Tariff Episode

(Billions of US dollars)

Canada and Mexico.

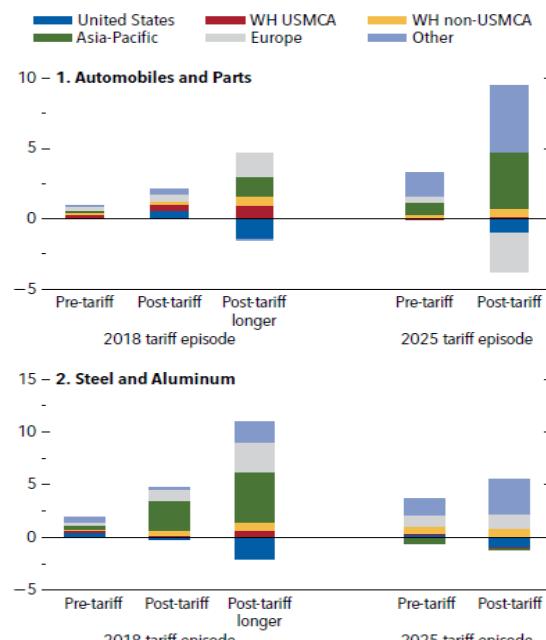

Early signals from the latest trade data point to potentially faster trade shifts this time. For example, Chinese exports to third-country markets—especially in Asia and Europe—increased more in February–April 2025 than in February–April 2018. At the same time, Canada and Mexico have accounted for a small share of China’s change

There is ample evidence of changes in international trade, foreign direct investment, and global value chains in response to the tariff increases of 2018–19 and the rise in trade tensions (see, for example, Fajgelbaum and others 2024; Freund and others 2024; Gopinath and others 2025; Graziano and others 2024). The bilateral US-China decoupling was accompanied by increased trade and investment ties with third countries. China’s exports to the United States fell by about 6 percent within two years. This was accompanied by a steady increase in exports to China’s substitutes (based on the degree of substitutability between that country’s products and Chinese varieties) and less of an increase in China’s complements.

Preliminary trade data for 2025 (marked in dashed lines) reveal early signs of further decoupling between the United States and China, both with each other and with third-party countries, relative to the aftermath of 2018–19 tariff hikes? This box sheds some preliminary light on this

in exports since February 2025 and have made a negative contribution to US export growth, in contrast to 2018–19. High tariffs on non-USMCA-compliant products and on steel and aluminum content on a value-added basis, combined with further tightening and enforcement of rules of origin, may be partially responsible, along with other factors.

It is too soon to assess the magnitude of a longer-term reallocation—which in 2018–19 picked up speed only after about 12 months. The extent of shifts may be different this time because threats of higher tariffs on exports to the United States have affected most countries since January 2025—unlike the China-specific changes to the US trade policy in the 2018 episode—and overall policy uncertainty is high, complicating firms' reallocation decisions. In addition, further actions are being taken to reduce reallocation, including tighter rules of origin, customs enforcement of transshipment, duties applied on value-added content, and extended screening procedures for foreign direct investment.

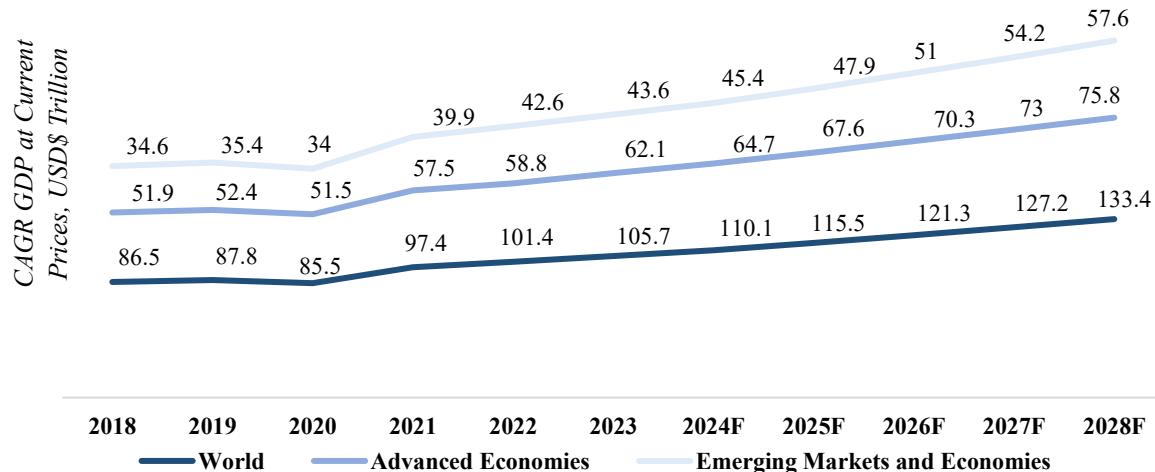

Such shifts observed in gross trade data can also be induced by other factors, many of which are unrelated to trade policy, including broader changes in the countries' competitiveness. At the aggregate level, the observed increase in Chinese exports to third countries is also not necessarily for the same products whose exports to the United States dropped. In addition, movements in exchange rates and relative prices may affect the degree of reallocation in real terms. This preliminary analysis is, hence, illustrative, and will require further analysis to isolate the role of different factors once sufficient data become available. The pace and geography of reallocation will also depend on frictions, including policy choices by third countries.

Model simulations of long-term reallocation (Rotunno and Ruta 2025) suggest that, once uncertainty is resolved, China's exports to non-US markets could increase by 4–6 percent in the baseline, with the extent and direction of diversion depending crucially on the distribution of tariffs and third-country policies.

While similar caveats apply to trends observed at the sectoral level, early evidence suggests that trade flows are already being redirected to Asia in several important sectors targeted by tariff increases, including automobiles and parts, and to Europe in steel and aluminium. In addition, there is some evidence that changes in third countries' imports from China in a given sector, including to Asia, are correlated with the change in their exports in the same sector to other regions, including the United States and Europe.

This may suggest that trade diversion to other markets is larger than what is captured in gross trade data and could be consistent with either trade reallocation, trade rerouting, or a combination of the two.

GDP at Current Prices, Global, 2018-2028F

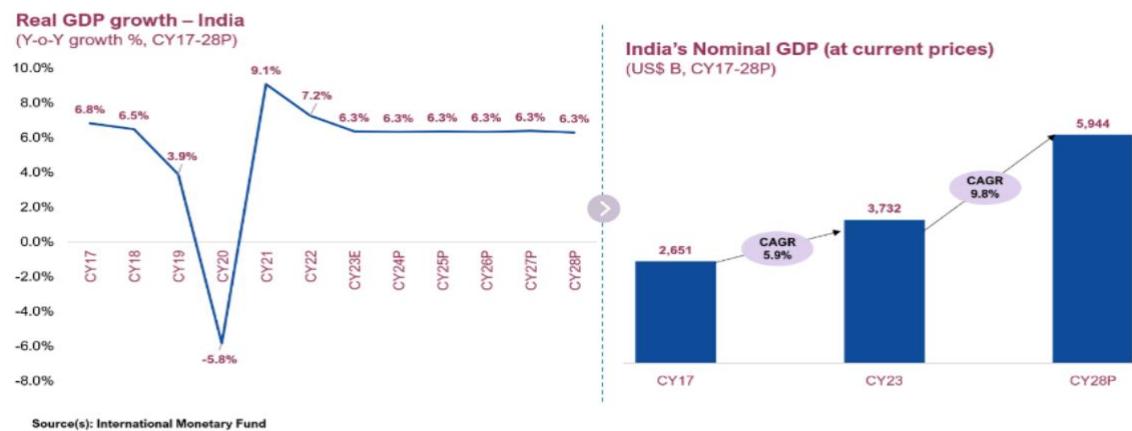

(Source: *World Economic Outlook-October 2025*)

INDIA MACROECONOMIC

OVERVIEW

India's GDP was at US\$ 3,732b In CY23 and is estimated to reach US\$ 5,944b in CY28, growing at a CAGR of 9.8% from CY23 To CY28

India is the fifth largest economy in CY23 and is expected to be the third largest by CY30. India's GDP (at current prices) grew from US\$ 2,651B to US\$ 3,732B between CY17 and CY23. The increase can be attributed to the robust reforms like GST, corporate tax revision, revised FDI limit, and growth across sectors. The real GDP growth is expected to reach 5.9% Y-o-Y growth in CY23, and eventually stabilize and maintain a growth rate of 6% till CY28.

Over the next 10-15 years, India is anticipated to be among the top economies of the world on the back of rising demand, robust growth in various manufacturing and infrastructure sectors, and an increase in private consumption. India's manufacturing sector is on a robust growth trajectory, with output surging to its highest levels in nearly three years, with the Manufacturing Purchasing Managers' Index reaching an impressive 58.6 in August CY23. Key economic indicators such as steel production, cement production, and vehicle sales continue to show strong growth, indicating positive momentum in the manufacturing sector.

Robust GDP Growth

India's growth story continues to draw global attention, backed by strong fundamentals and consistent performance. Real GDP, which measures the economy's output after removing the effects of inflation, expanded by 6.5 per cent in 2024–25. The Reserve Bank of India expects this pace to continue into 2025–26. Other projections echo this optimism, with the United Nations forecasting growth of 6.3 per cent this year and 6.4 per cent next year, while the Confederation of Indian Industry places its estimate slightly higher at 6.40 to 6.70 per cent.

This sustained performance is being driven by strong domestic demand. Rural consumption has picked up, city spending is rising, and private investment is on the upswing. Businesses are expanding capacity, with many operating near their maximum output levels. At the same time, public investment remains high, especially in infrastructure, while stable borrowing conditions are helping firms and consumers make forward-looking decisions.

Global Economic Growth Projections for 2025

Source: World Economic Situation and Prospects 2025 (Mid Year Update)

Global conditions, by contrast, remain fragile. The United Nations has described the world economy as being in a “precarious moment,” citing trade tensions, policy uncertainties, and declining cross-border investments. Amid this, India continues to stand out as a bright spot, with global institutions and industry bodies expressing confidence in its growth prospects.

Over the past decade, India’s economic size has expanded sharply. In 2014–15, the GDP at current prices was ₹106.57 lakh crore. This figure is expected to rise to ₹331.03 lakh crore in 2024–25, nearly tripling in ten years. In the past year alone, nominal GDP increased by 9.9 per cent, while real GDP rose by 6.5 per cent, underscoring the economy’s continued resilience and vigour.

(Source: [Press Note Details: Press Information Bureau](#))

India's economy in 2025 is poised for substantial growth, supported by strategic policy reforms, strong domestic demand, and increasing foreign investment. The Union Budget 2025-26, presented by Finance Minister Nirmala Sitharaman, introduced significant reforms, including a new Income Tax Bill aimed at simplifying compliance and providing relief to middle-class taxpayers. Additionally, the budget focused on boosting manufacturing, consumption, and the startup ecosystem, with enhanced credit access for MSMEs and incentives for innovation.

Economic growth projections remain optimistic, with the International Monetary Fund (IMF) forecasting a 6.5% GDP growth rate for both 2025 and 2026, while the United Nations expects a 6.6% expansion. Deloitte estimates growth between 6.5% and 6.8%, driven by rising domestic demand and increased government spending. Meanwhile, India's retail inflation eased to a five-month low of 4.31% in January 2025, primarily due to declining food prices, potentially allowing the Reserve Bank of India (RBI) to implement rate cuts to further stimulate the economy.

Corporate performance in the December quarter showed mixed results. A sample of 3,400 companies reported an aggregate revenue increase of 6.9%, while net profit grew by 12.6% year-on-year. Sectors such as banking, finance, IT, healthcare, and real estate witnessed positive earnings growth, whereas the automobile, cement, consumer goods, and oil and gas industries experienced declines.

India is also taking significant steps in energy and international trade. The government is pushing for nuclear energy expansion by amending liability laws to attract private and foreign investment, with long-term plans to scale up nuclear power production. On the global stage, Prime Minister Narendra Modi recently met with U.S. President Donald Trump to discuss strengthening military and trade ties, including potential defense deals and efforts to double bilateral trade to \$500 billion by 2030.

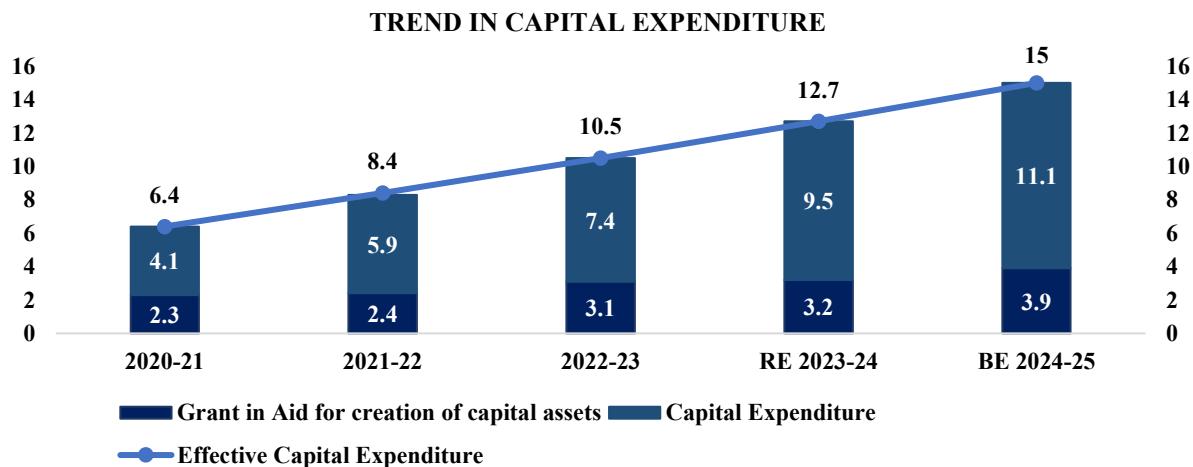

FISCAL DEFICIT IN RELATION TO GDP(%)

Despite these positive developments, Indian stock markets have faced recent downturns due to high valuations, modest corporate earnings, and global trade uncertainties. Both the Nifty 50 and BSE Sensex indices experienced declines, and market analysts project a cautious outlook for the near future. Nonetheless, India's overall economic trajectory remains strong, with continued policy support and structural reforms expected to sustain growth momentum in the coming years.

(Source: <https://www.financialexpress.com/policy/economy-indias-capex-sees-sharp-boost-budget-estimates-at-15-for-fy25-3539513/>)

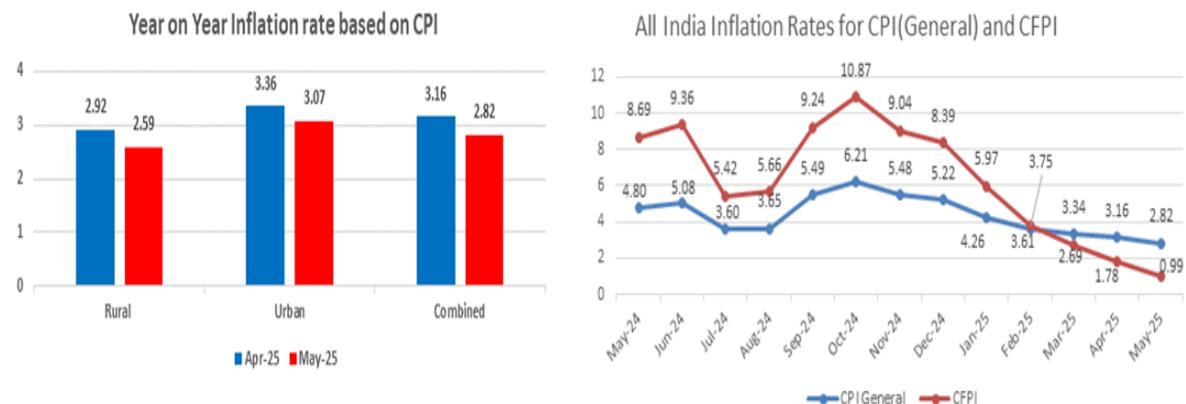

These figures indicate a consistent increase in capital expenditure relative to GDP, reflecting the government's focus on infrastructure development and economic growth.

Additionally, the Financial Express reports that the government's capital expenditure has seen a significant boost, with the budget allocation for FY25 around Rs 15 lakh crore, approximately 3.4% of GDP.

Inflation Under Control

Inflation in India has eased sharply, offering relief to both households and businesses. In May 2025, the year-on-year inflation rate based on the Consumer Price Index (CPI) stood at 2.82 per cent. This marks the lowest level since February 2019. It also reflects a drop of 34 basis points from the previous month.

Food prices, which often have a big impact on overall inflation, have also cooled. The Consumer Food Price Index (CFPI) recorded an inflation rate of just 0.99 per cent in May 2025. This is the lowest food inflation seen since October 2021. Rural and urban food inflation were almost identical, at 0.95 per cent and 0.96 per cent, respectively. Compared to April 2025, food inflation declined by 79 basis points, showing a clear downward trend in essential items like vegetables and grains.

According to the Reserve Bank of India's Financial Stability Report released in June 2025, the outlook for inflation remains favourable. Food prices are expected to stay stable due to robust crop production. On the global front, the risk of imported inflation appears low for now. A slowdown in global demand is likely to keep prices of crude oil and other commodities in check. However, recent tensions in the Middle East have added some uncertainty to this picture.

Overall, the Reserve Bank believes that inflation will stay aligned with its medium-term target of 4 per cent. In fact, it may even fall slightly below that level in the coming months. This easing trend gives confidence that the current price stability is not temporary, but part of a broader pattern of economic stability.

The Survey underscores that the Indian Rupee has also been one of the least volatile currencies among its emerging market peers in FY24. India's external debt vulnerability indicators also continued to be benign. External debt as a ratio to GDP stood at a low level of 18.7 per cent as of end-March 2024.

The ratio of foreign exchange reserves to total debt stood at 97.4 per cent as of March 2024 as per the Economic Survey 2023- 24. Foreign Direct Investment

India continues to be a top choice for global investors. The country has an investor-friendly FDI policy, allowing 100 per cent foreign ownership in most sectors through the automatic route. As a result, FDI inflows rose to a USD 81.04 billion (provisional) in FY 2024-25, marking a 14 per cent increase from USD 71.28 billion in FY 2023-24. This is more than double the USD 36.05 billion received in FY 2013-14, showing long-term progress.

The services sector led the inflow of equity investments, attracting 19 per cent of total FDI in FY 2024-25. This was followed by computer software and hardware at 16 per cent, and trading at 8 per cent. FDI into the services sector grew by 40.77 per cent, reaching USD 9.35 billion, compared to USD 6.64 billion the previous year. In the manufacturing segment, FDI grew by 18 per cent, from USD 16.12 billion in FY 2023-24 to USD 19.04 billion in FY 2024-25.

Road ahead for the Indian Economy

In the second quarter of FY24, the growth momentum of the first quarter was sustained, and High-Frequency Indicators (HFIs) performed well in July and August of 2023. India's comparatively strong position in the external sector reflects the country's positive outlook for economic growth and rising employment rates. India ranked 5th in foreign direct investment inflows among the developed and developing nations listed for the first quarter of 2022.

India's economic story during the first half of FY24 highlighted the unwavering support the government gave to its capital expenditure, which, in FY24, stood 37.4% higher than the same period last year. In the Union Budget of 2024-25, capital expenditure took lead by steeply increasing the capital expenditure outlay by 17.1 % to Rs. 11 lakh crore (US\$ 133.51 billion) over Rs. 9.48 lakh crore (US\$ 113.91 billion) in 2023-24. Stronger revenue generation because of improved tax compliance, increased profitability of the company, and increasing economic activity also contributed to rising capital spending levels.

The outlook for 2025 depends on how effectively India addresses its economic challenges.

Key priorities include:

- Boosting Consumption: Wage growth, employment initiatives, and targeted welfare programs are essential to reviving domestic demand.
- Encouraging Private Investment: Streamlined policies, reduced tariffs, and greater ease of doing business can attract both domestic and foreign investors.
- Expanding Global Trade: Lowering trade barriers and enhancing export competitiveness are crucial to capturing a larger share of global markets.
- Sustaining Reforms: Addressing inefficiencies in the informal sector, agriculture, and traditional industries will ensure more balanced growth.
- Monetary Policy Adjustments: While rate cuts may provide short-term relief, they must be complemented by structural measures to stimulate demand and investment.

GLOBAL AI INDUSTRY

The global artificial intelligence market size was valued at USD 115.62 Billion in 2024. Looking forward, the market to reach USD 854.51 Billion by 2033, exhibiting a CAGR of 23.64% from 2025-2033. North America currently dominates the market, holding a market share of over 30.6% in 2024. The growth of the North American region is driven by technological innovation, robust infrastructure, strong governmental support, and increasing investment in research and development (R&D).

The increasing volume of data generated daily from myriad sources such as social media platforms, internet of things (IoT) devices, and online transactions is creating a critical need for artificial intelligence (AI) to process and analyze these vast datasets efficiently. This data proliferation enables more sophisticated and accurate AI applications, fueling further adoption. Moreover, improvements in computing power, along with advances in algorithms and deep learning models, are enhancing the capabilities and performance of AI systems. These technological innovations enable AI to handle increasingly intricate tasks in various fields. Besides this, many industries are leveraging AI to automate complex processes to boost efficiency, reduce costs, and minimize human error. This trend spans numerous sectors, including manufacturing, logistics, finance, and customer service, where automation directly contributes to productivity and profitability.

Artificial Intelligence Market Trends:

Increasing Demand for Personalized AI Solutions

Businesses are increasingly turning to AI to deliver tailored individual experiences, driven by the need for personalized interactions. According to McKinsey, 71% of users expect companies to deliver personalized content, highlighting the rising demand for personalized AI adoption. AI technologies analyze user data in real time to craft unique recommendations, products, and services, improving client satisfaction and strengthening brand loyalty by providing personalized solutions. For instance, in September 2024, Accenture introduced its customized experiences on Salesforce, combining AI and data to provide companies with a comprehensive user perspective.

This AI-powered solution assists organizations in providing tailored, instant experiences across multiple channels, which improves user engagement, loyalty, and operational efficiency in different sectors. The increasing sophistication of AI algorithms allows for deeper insights into user behavior and trends, which facilitates even more targeted and effective marketing strategies. Furthermore, AI's scalability enables companies to adapt quickly to changing market conditions and individual preferences, securing a competitive edge in their respective fields.

Rising use of AI for Advanced Data Analysis

AI is becoming essential for handling and interpreting vast amounts of complex data. It enables organizations to uncover patterns, predict trends, and make informed decisions. According to McKinsey, the demand for AI-ready data center capacity is projected to grow at an average annual rate of 33% from 2023 to 2030, driven by increasing advancements in data analysis. AI helps companies to optimize strategies and gain deeper insights into user behavior, market trends, and operational efficiency, by automating data processing.

For example, in September 2024, OpenAI introduced its "o1" AI models, asserting improved reasoning skills for tackling intricate issues in mathematics, programming, and scientific fields. In addition, integrated into ChatGPT Plus, these models represent a critical step toward achieving humanlike cognitive capabilities, thereby advancing artificial general intelligence development.

Expanding Adoption of AI across Industries

AI is being rapidly adopted in various sectors, ranging from healthcare to finance and manufacturing, to automate processes, enhance productivity, and reduce costs. For instance, the increasing use of AI shows that 35% of companies deploy it across multiple departments, while 80% of executives believe automation can enhance any business decision. Its versatility and scalability allow companies to implement AI for diverse applications, such as process automation, predictive maintenance, and user service, transforming business operations.

For instance, in May 2024, Newgen Software launched LumYn, the world's first Gen AI-powered hyper-personalization platform for banks. LumYn enhances client engagement by leveraging conversational AI and predictive intelligence, enabling tailored product launches while ensuring data privacy and security. This adoption

is also fueled by the integration of AI with cloud computing and big data technologies, which enhance its analytical capabilities and accessibility, thereby broadening its applicability across different sectors. Moreover, regulatory advancements and increasing governmental support for AI research and ethical guidelines are promoting safe and responsible AI deployment, further driving its market penetration and innovation.

Artificial Intelligence Industry Segmentation:

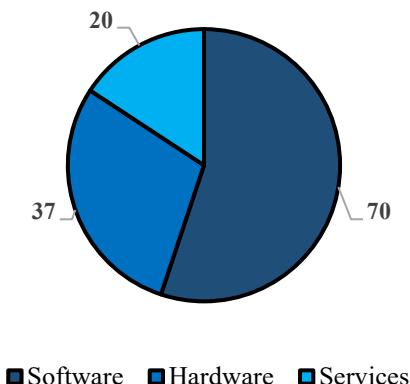

IMARC Group provides an analysis of the key trends in each segment of the global artificial intelligence market, along with forecast at the global, regional, and country levels from 2025-2033. The market has been categorized based on type, offering, technology, system, and end-use industry.

Narrow or weak artificial intelligence exhibits a clear dominance in the market owing to its specialized capabilities that are tailored to perform specific tasks with high efficiency and accuracy. This type of AI is designed to handle particular applications such as voice recognition, image analysis, or data processing, making it highly effective and widely applicable across various sectors. The precision and reliability of narrow AI in executing defined tasks enable organizations to enhance productivity, reduce operational costs, and improve service quality.

Unlike general AI, which remains largely theoretical and complex to implement, narrow AI can be integrated seamlessly into existing technological frameworks, allowing for immediate improvements in business processes. Its applicability in consumer electronics, healthcare diagnostics, financial services, and many other fields underscores its utility and broad market acceptance. Additionally, the development costs for narrow AI are relatively lower, promoting rapid innovation and adoption. This targeted approach ensures that narrow AI continues to lead the market, providing practical and scalable solutions that address specific industry needs.

Artificial Intelligence Market

Market Share by Offering 2024 (In %)

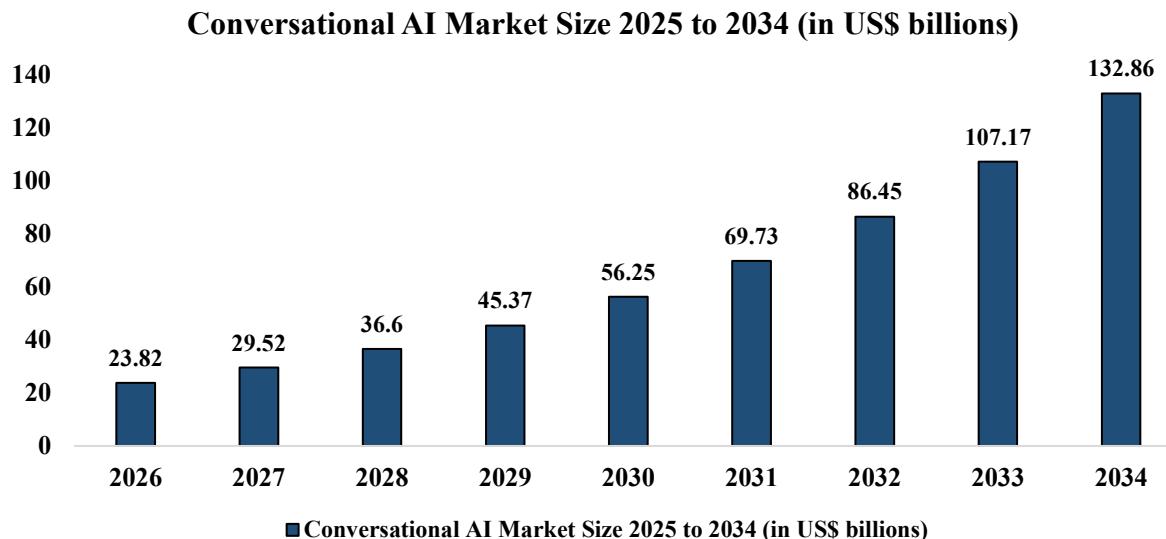

Software stands as the largest component in 2024, holding 36.7% of the market. Software leads the market attributed to its pivotal role in the deployment and functionality of AI systems. As the foundational layer that enables AI algorithms to operate, AI software ranges from ML libraries and frameworks to more specialized applications for speech recognition, natural language processing (NLP), and robotic control. The versatility and scalability of AI software allow it to be customized for a variety of industry needs, making it indispensable for businesses looking to leverage AI for competitive advantage. Continuous improvements in software development practices and the introduction of more user-friendly AI tools have democratized access to AI technologies, enabling even smaller enterprises to implement sophisticated AI solutions. Furthermore, as AI software becomes increasingly integrated with cloud technology, it offers enhanced accessibility and flexibility, facilitating widespread adoption across sectors.

Conversational AI: A High-Growth Market Fueling CX Innovation

The global conversational AI market, which includes technologies like chatbots and virtual assistants that mimic human conversation, is growing at an exceptionally fast pace. In 2024, this market was valued at approximately

USD 15.5 billion, and it's projected to swell to USD 132.86 billion by 2034, expanding at a robust compound annual growth rate (CAGR) of 23.97% between 2025 and 2034.

North America currently leads the way—accounting for over 30% of the market share in 2024—while the Asia-Pacific region is rapidly catching up. The APAC region is expected to post the highest growth rate, driven by the booming e-commerce and retail sectors, where conversational AI solves challenges from 24×7 customer support to personalized shopping experiences.

Analysis by End-Use Industry:

Manufacturing leads the market due to its extensive adoption of AI technologies to revolutionize production processes. AI integration in manufacturing not only automates repetitive tasks but also enhances quality control through precise, real-time monitoring and analytics, drastically reducing error rates and downtime. AI-driven systems like predictive maintenance predict equipment failures before they occur, optimizing machine performance and extending equipment lifespans, which significantly cuts costs and improves efficiency. Additionally, AI's ability to analyze vast amounts of data helps streamline supply chain operations, improving inventory management through accurate demand forecasting and resource allocation. These technologies also support advanced robotics that work alongside humans to increase productivity and safety in manufacturing environments. The continual evolution of AI capabilities allows for increasingly sophisticated implementations, pushing manufacturers toward more innovative, efficient, and cost-effective production methods. This transformative impact of AI ensures its leading position in the manufacturing sector, driving continuous improvements and competitive advantage.

INDIAN AI INDUSTRY

India is undergoing a remarkable transformation in Artificial Intelligence, driven by the visionary leadership of PM Modi. For the first time in India's history, the government is actively shaping an AI ecosystem where computing power, GPUs, and research opportunities are accessible at an affordable cost.

Unlike in the past, AI in India is no longer confined to a privileged few or dominated by global tech giants. Through forward-looking policies, the Modi government is empowering students, startups, and innovators with world-class AI infrastructure, fostering a truly level playing field. Initiatives such as the IndiaAI Mission and the establishment of Centres of Excellence for AI are strengthening the country's AI ecosystem, paving the way for innovation and self-reliance in this critical sector.

These efforts align with the vision of Viksit Bharat by 2047, where India aspires to become a global AI powerhouse, leveraging cutting-edge technology for economic growth, governance, and societal progress.

AI Compute and Semiconductor Infrastructure

India is rapidly building a strong AI computing and semiconductor infrastructure to support its growing digital economy. With the approval of the IndiaAI Mission in 2024, the government allocated ₹10,300 crore over five years to strengthen AI capabilities. A key focus of this mission is the development of a high-end common computing facility equipped with 18,693 Graphics Processing Units (GPUs), making it one of the most extensive AI compute infrastructures globally. This capacity is nearly nine times that of the open-source AI model DeepSeek and about two-thirds of what ChatGPT operates on.

Here are the key developments:

- ***Scaling AI Compute Infrastructure:*** The initial phase of the mission has already made 10,000 GPUs available, with the remaining units to be added soon. This will enable the creation of indigenous AI solutions tailored to Indian languages and contexts.
- ***Opening Access to High-Performance Computing:*** India has also pioneered the launch of an open GPU marketplace, making high-performance computing accessible to startups, researchers, and students. Unlike many countries where AI infrastructure is controlled by large corporations, this initiative ensures that small players have an opportunity to innovate.
- ***Robust GPU Supply Chain:*** The government has selected 10 companies to supply the GPUs, ensuring a robust and diversified supply chain.
- ***Indigenous GPU Capabilities:*** To further strengthen domestic capabilities, India aims to develop its own GPU within the next three to five years, reducing reliance on imported technology.
- ***Affordable Compute Access:*** A new common compute facility will soon be launched, allowing researchers and startups to access GPU power at a highly subsidised rate of ₹100 per hour, compared to the global cost of \$2.5 to \$3 per hour.
- ***Strengthening Semiconductor Manufacturing:*** In parallel, India is advancing semiconductor manufacturing, with five semiconductor plants under construction. These developments will not only support AI innovation but also reinforce India's position in the global electronics sector.

Advancing AI with Open Data and Centres of Excellence (COE)

Recognizing the importance of data in AI development, the Modi government has launched the IndiaAI Dataset Platform to provide seamless access to high-quality, non-personal datasets. This platform will house the largest collection of anonymized data, empowering Indian startups and researchers to develop advanced AI applications. By ensuring diverse and abundant datasets, this initiative will drive AI-driven solutions across key sectors, enhancing innovation and accuracy.

- ***India AI Dataset Platform for Open Data Access:*** The platform will enable Indian startups and researchers to access a unified repository of high-quality, anonymized datasets, reducing barriers to AI innovation.
- ***Boosting AI Model Accuracy with Diverse Data:*** By providing large-scale, non-personal datasets, the initiative will help reduce biases and improve the reliability of AI applications across domains such as agriculture, weather forecasting, and traffic management.
- ***Centres of Excellence:*** The government has established three AI Centres of Excellence (CoE) in Healthcare, Agriculture, and Sustainable Cities in New Delhi. The Budget 2025 further announced a new CoE for AI in education with an outlay of ₹500 crore, making it the fourth such center.
- ***Skilling for AI-Driven Industries:*** Plans are in place for five National Centres of Excellence for Skilling, which will equip youth with industry-relevant expertise. These centres will be set up in collaboration with global partners to support the 'Make for India, Make for the World' vision in manufacturing and AI innovation.

India's AI Models & Language Technologies

The government is facilitating the development of India's own foundational models, including Large Language Models (LLMs) and problem-specific AI solutions tailored to Indian needs. To foster AI research, multiple Centres of Excellence have also been set up.

- **India's Foundational Large Language Models:** IndiaAI has launched an initiative to develop indigenous foundational AI models, including LLMs and Small Language Models (SLMs), through a call for proposals.
- **Digital India BHASHINI:** An AI-led language translation platform designed to enable easy access to the internet and digital services in Indian languages, including voice-based access, and support content creation in Indian languages.
- **BharatGen:** The world's first government-funded multimodal LLM initiative, BharatGen was launched in 2024 in Delhi. It aims to enhance public service delivery and citizen engagement through foundational models in language, speech, and computer vision. BharatGen involves a consortium of AI researchers from premier academic institutions in India.
- **Sarvam-1 AI Model:** A large language model optimized for Indian languages, Sarvam-1 has 2 billion parameters and supports ten major Indian languages. It is designed for applications such as language translation, text summarization, and content generation.
- **Chitralekha:** An open-source video transcreation platform developed by AI4Bhārat, Chitralekha enables users to generate and edit audio transcripts in various Indic languages.
- **Hanooman's Everest 1.0:** A multilingual AI system developed by SML, Everest 1.0 supports 35 Indian languages, with plans to expand to 90.

AI Integration with Digital Public Infrastructure

India's Digital Public Infrastructure (DPI) has redefined digital innovation by combining public funding with private sector-led innovation. Platforms like Aadhaar, UPI, and DigiLocker serve as the foundation, while private entities build application-specific solutions on top of them. This model is now being enhanced with AI, integrating intelligent solutions into financial and governance platforms. The global appeal of India's DPI was evident at the G20 Summit, where several countries expressed interest in adopting similar frameworks. Japan's patent grant to India's UPI payment system further underscores its scalability.

For Mahakumbh 2025, AI-driven DPI solutions played a crucial role in managing the world's largest human gathering. AI-powered tools monitored real-time railway passenger movement to optimize crowd dispersal in Prayagraj. The Bhashini-powered Kumbh Sah'AI'yak Chatbot enabled voice-based lost-and-found services, real-time translation, and multilingual assistance. Its integration with Indian Railways and UP Police streamlined communication, ensuring swift issue resolution. By leveraging AI with DPI, Mahakumbh 2025 set a global benchmark for tech-enabled, inclusive, and efficient event management.

AI Talent & Workforce Development

India's workforce is at the heart of its digital revolution. The country is adding one Global Capability Center (GCC) every week, reinforcing its status as a preferred destination for global R&D and technological development. However, sustaining this growth will require continuous investment in education and skill development. The government is addressing this challenge by revamping university curricula to include AI, 5G, and semiconductor design, aligning with the National Education Policy (NEP) 2020. This ensures that graduates acquire job-ready skills, reducing the transition time between education and employment.

- **AI Talent Pipeline & AI Education:** Under the IndiaAI Future Skills initiative, AI education is being expanded across undergraduate, postgraduate, and Ph.D. programs. Fellowships are being provided to full-time Ph.D. scholars researching AI in the top 50 NIRF-ranked institutes. To enhance accessibility, Data and AI Labs are being established in Tier 2 and Tier 3 cities, with a model IndiaAI Data Lab already set up at NIELIT Delhi.
- **India Ranks 1st in Global AI Skill Penetration:** According to the Stanford AI Index 2024, India ranks first globally in AI skill penetration with a score of 2.8, ahead of the US (2.2) and Germany (1.9). AI talent concentration in India has grown by 263% since 2016, positioning the country as a major AI hub. India also leads in AI Skill Penetration for Women, with a score of 1.7, surpassing the US (1.2) and Israel (0.9).

- **AI Innovation:** India has emerged as the fastest-growing developer population globally and ranks second in public generative AI projects on GitHub. The country is home to 16% of the world's AI talent, showcasing its growing influence in AI innovation and adoption.
- **AI Talent Hubs:** The India Skills Report 2024 by Wheebox forecasts that India's AI industry will reach USD 28.8 billion by 2025, with a CAGR of 45%. The AI-skilled workforce has seen a 14-fold increase from 2016 to 2023, making India one of the top five fastest-growing AI talent hubs, alongside Singapore, Finland, Ireland, and Canada. The demand for AI professionals in India is projected to reach 1 million by 2026.

AI Adoption & Industry Growth

India's Generative AI (GenAI) ecosystem has seen remarkable growth, even amid a global downturn. The country's AI landscape is evolving from experimental use cases to scalable, production-ready solutions, reflecting its growing maturity.

- **Businesses Prioritizing AI Investments:** According to BCG, 80% of Indian companies consider AI a core strategic priority, surpassing the global average of 75%. Additionally, 69% plan to increase their tech investments in 2025, with one-third allocating over USD 25 million to AI initiatives.
- **GenAI Startup Funding:** According to a November 2024 report by National Association of Software and Service Companies (NASSCOM), Indian GenAI startup funding surged over six times quarter-on-quarter, reaching USD 51 million in Q2FY2025, driven by B2B and agentic AI startups.
- **AI Transforming Workplaces:** The Randstad AI & Equity Report 2024 states that seven in 10 Indian employees used AI at work in 2024, up from five in 10 a year earlier, showcasing AI's rapid integration into workplaces.
- **AI Empowering Small & Medium Businesses (SMBs):** AI-driven technologies, such as autonomous agents, are helping SMBs scale efficiently, personalize customer experiences, and optimize operations. According to Salesforce, 78% of Indian SMBs using AI reported revenue growth, while 93% stated AI has contributed to increased revenues.
- **Rapid Expansion of India's AI Economy:** As per the BCG-NASSCOM Report 2024, India's AI market is projected to grow at a CAGR of 25-35%, reinforcing its potential for innovation and job creation. While AI automates routine tasks, it is simultaneously generating new opportunities in data science, machine learning, and AI-driven applications.
- **AI Startup Support Ecosystem:** India hosts 520+ tech incubators and accelerators, ranking third globally in active programs. 42% of these were established in the past five years, catering to the evolving needs of Indian startups. AI-focused accelerators like T-Hub MATH provide crucial mentorship in product development, business strategy, and scaling. In early 2024, MATH supported over 60 startups, with five actively discussing funding, highlighting India's growing AI startup landscape.

Market Trends: The Shift from On-Premises to Cloud-Based Solutions

The cloud-based contact center market is surging ahead, with global valuations expected to rise from approximately USD 26.2 billion in 2024 to a staggering USD 86.4 billion by 2029, reflecting a rapid CAGR of 26.9%. Another market outlook predicts it expanding further to USD 222.9 billion by 2034, at a steady CAGR of 21.7%.

Cloud-based systems are increasingly favored over legacy on-premises setups for their flexibility, scalability, reduced upfront costs, and quicker deployment—allowing agents to work from anywhere and businesses to easily handle spikes in customer demand.

Market Drivers & Regional Highlights

Key growth drivers include the need for personalized customer engagement, the growing influence of social media, and the rise of AI-powered tools like virtual agents and speech analytics.

Geographically, North America leads due to its mature tech infrastructure, while Asia-Pacific is the fastest-growing market, benefiting from rapid digital transformation, government initiatives, and increasing cloud adoption among SMEs.

Migration Challenges and Hybrid Adoption

While cloud adoption is strong, it's not without challenges. Security concerns and integration complexities with legacy systems remain top barriers, cited by roughly 58% and 63% of contact center professionals, respectively. Many enterprises are adopting hybrid models—maintaining critical operations on-prem or private cloud for greater control and compliance, while transitioning other functions to the public cloud. This approach balances scalability with security and flexibility.

Additionally, high initial migration costs and the potential for operational disruption are key considerations slowing transitions from on-premises architectures.

AI-Powered CX Assistance: Enabling Smarter, Faster, and Happier Teams

Boosting Agent Productivity and Experience

- AI tools reduce repetitive and manual tasks—like typing routine replies and data entry—freeing agents to focus on complex or sensitive customer needs. Companies report agents can boost productivity by 35–66%, with up to 60% of routine inquiries automated.
- Agents supported by AI experience a 14% productivity increase, with some teams saving over an hour per day—especially among less-experienced staff.
- Over 80% of agents say AI-driven tools make their job easier and more efficient.
- In academic research, providing agents with real-time AI suggestions via Large Language Models improved their efficiency by 15%, supporting learning curves especially among non-native English speakers.

Enhancing First-Call Resolution and Accuracy

- AI-powered “agent assist”—such as real-time prompts and knowledge retrieval—dramatically improves First-Call Resolution (FCR). Some agents see FCR increase by 40%.
- Consistency also improves. AI-driven responses reduce mistakes and ensure accurate, standardized interactions across agent.
- Faster access to scripting, guidance, and customer context speeds up handling complex queries and reduces customer wait time.

Elevating Customer Satisfaction (CSAT)

- By automating simple tasks and streamlining interactions, service teams see CSAT uplift of 15–24%, and in some cases even as high as 36%, by focusing more on quality and personalization.
- Chatbots and AI agents handle up to 80–86% of standard queries autonomously, resolving issues with promptness and consistency—key contributors to improved customer satisfaction.
- Enhanced response speed—like reducing average response time by up to 74%—translates directly into happier customers.
- Feedback from industry surveys supports this: 77% of businesses report improved customer experience scores after implementing AI and 61% agent satisfaction improvement correlates with 69% improvement in CSAT when AI and humans work together.

Conclusion

India's rapid advancements in artificial intelligence, underpinned by strategic government initiatives, have positioned the country as a global AI powerhouse. By expanding AI compute infrastructure, fostering indigenous AI models, enhancing digital public infrastructure, and investing in talent development, India is creating an inclusive and innovation-driven ecosystem. The emphasis on open data, affordable access to high-performance

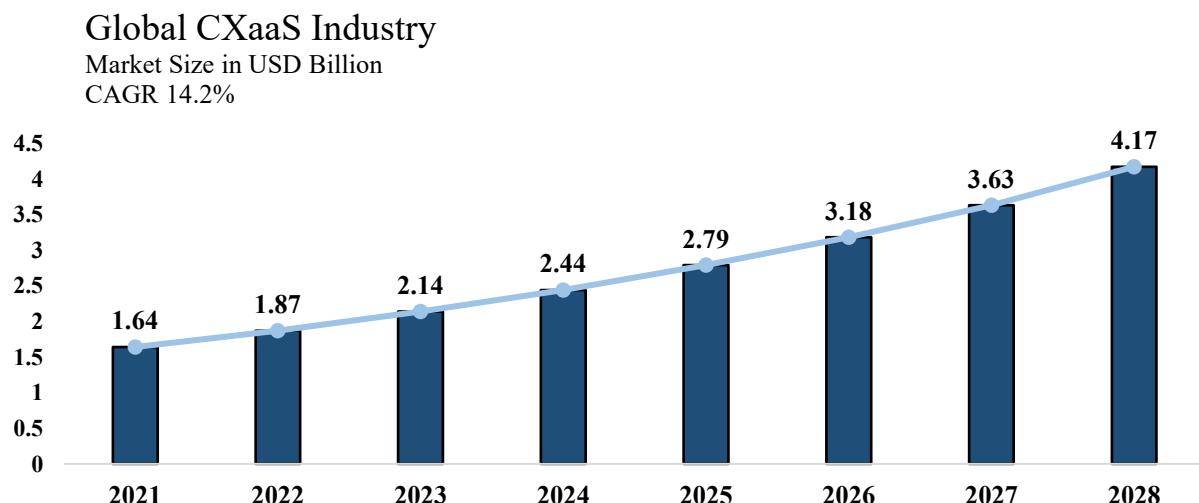

computing, and AI-driven solutions tailored to local needs ensures that the benefits of AI reach businesses, researchers, and citizens alike. As AI adoption accelerates across industries, India's proactive approach is not only strengthening its digital economy but also paving the way for self-reliance in critical technologies. With a clear vision for the future, India is set to become a leader in AI innovation, shaping the global AI landscape in the years to come.

CUSTOMER EXPERIENCE AS A SERVICE (CXaaS) INDUSTRY

Customer Experience as a Service (CXaaS) refers to cloud-based, managed platforms that orchestrate end-to-end customer interactions across all touch points (voice, chat, email, social media, etc.), often combining Contact Center-as-a-Service (CCaaS), Communications-Platform-as-a-Service (CPaaS) and AI-driven personalization. CXaaS integrates technology, data analytics and automation to optimize the entire customer journey. As one industry source explains, CXaaS “revolutionizes how businesses connect with customers by combining CCaaS, CPaaS, and Conversational AI,” enabling personalized, scalable experiences.

The global customer experience as a service (CXaaS) market size was USD 1.45 billion in 2020. The market is projected to grow from USD 1.64 billion in 2021 to USD 4.17 billion in 2028 at a CAGR of 14.2% during the 2021-2028 period. The global impact of COVID-19 has been unprecedented and staggering, with the CXaaS platform witnessing a positive demand shock across all regions amid the pandemic. Based on our analysis, the global market exhibited a significant growth of 13.2% in 2020 as compared to year-on-year growth during 2017-2019. The steady rise in CAGR is attributable to this market's demand and growth, returning to pre-pandemic levels once the pandemic is over.

The growth of global market is mainly driven by increasing adoption of digitization among various industry verticals, rapid integration of multichannel touch points, and a growing need for customer data analysis to drive business growth. Brands increasingly depend on customer experience management solutions to boost customer experience solutions, determine customer requirements, and manage customer interactions. The key players operating in the market enter into strategic partnerships and collaborations to integrate the customer experience as a service platform with several critical components and enhance their solutions. For instance, In January 2021, Hexaware Technologies Ltd. announced a partnership with Active.AI, headquartered in Singapore. The partnership aims to provide next-generation Digital Customer Experiences for the Banking and Insurance Industries. The collaboration will enable omnichannel banking experiences powered by innovation for a better customer experience.

Global Trends & Benchmarks

As we approach 2025, customer experience (CX) is set to become the primary battleground for competitive differentiation. Gartner projects that 85% of customer interactions will occur without human intervention, underscoring the escalating impact of AI-driven automation.

Key Insights:

- **Willingness to pay for CX:** Around 86% of buyers are prepared to pay more for a superior customer experience and 65% consider positive CX even more influential than advertising.
- **Performance Advantage:** Brands that lead in CX consistently outperform laggards by 80%, and 84% of companies focusing on CX report improved revenue (Dimension Data).
- **Retention & Loyalty:** A mere 5% boost in retention can generate 25-95% higher profits. Organizations excelling at CX see customers who are 7x more likely to make repeat purchases.

Technology & Personalization Trends

- **AI Adoption:** Companies implementing AI in CX workflows report a 25% lift in customer satisfaction with 73% of consumers acknowledging that AI enhances their experience
- **Predictive CX:** By 2025, half of customers expect companies to anticipate their needs and proactively offer relevant recommendations.
- **Hyper-Personalization:** Personalized experiences matter-80% of customers are likelier to buy from brands delivering tailored messaging (Epsilon), and personalized emails yield 6x higher transaction rates (Experian). Meanwhile, 74% of users get frustrated if website content isn't personalized, prompting 48% to leave and purchase elsewhere.

Omnichannel & Feedback

- **Seamless Experience:** Companies excelling in omnichannel CX retain 89% of customers, with omnichannel shoppers delivering 30% higher lifetime value. However, 90% of consumers expect consistent interactions across channels, and 74% are quick to switch if interactions are too difficult.
- **Voice of the Customer:** 77% of customers view brands more favourably when their feedback is invited proactively those that regularly act on feedback see 15% increased retention and a 25% reduction in churn.

Driving Factors

Increasing Need for a Comprehensive Customer Experience Service Platform to Aid Growth

Brands increasingly rely on customer experience services to discover consumer needs and ensure that customer demands and corporate offerings are in line. Businesses are also integrating cloud-based technology, advanced analytics, and automation to offer highly tailored customer experiences, decrease churn rate, and promote brand loyalty. Companies are always focusing on adopting CX offerings that allow successful customer experience to stay competitive in the market. Throughout the customer experience industry, companies create partnerships and co-operate with other major players to provide customized services based on customer outcomes and data interpretation. For instance,

These efforts by major players are assisting businesses in transforming their digital portfolios, eliminating friction in interactions, and establishing a culture of continual innovation that will enable them to make more fundamental organizational changes and enhance customer experience.

Restraining Factors

Difficulties in Receiving Constant Customer Feedback Through all Channels to Impede Market Progress

The customer interactions with enterprises matter for delivering effective customer experience suites and consistency throughout the customer journey. Businesses amass vast amounts of data through a number of channels to better understand consumer preferences, requirements, and purchase habits, among other attributes. With the constant expansion and complexity of touch points in the customer feedback process, businesses must enhance the speed of integration. Data is acquired from many touch points that are distinct from one another, and organizations must categorize the information depending on consumer needs and expectations. Due to the data set differentiation between different touch points, businesses and customer experience management teams find it difficult to structure it differently. To examine a huge number of structured and unstructured datasets, companies need to invest in resources.

Additionally, the companies must follow consumer protection policies such as General Data Protection Regulation (GDPR) and California Consumer Privacy Act (CCPA) to comply with security legislation. In data thefts or security breaches, businesses may be subject to legal proceedings against consumers' data. This factor causes difficulties that hinder customer experience as a service from providing the best Return on Investment (ROI).

Segmentation

CXaaS demand is driven by multiple industry verticals, with BFSI (banking/finance/insurance) historically holding the largest share due to heavy regulatory and service demands. Other major industries include Retail/e-commerce, IT/telecom, healthcare, and government. Enterprises of all sizes (SMEs to large firms) are adopting CXaaS for functions such as Omni-channel marketing, campaign management, agent assistance and analytics. Geographically, North America currently leads adoption (high cloud penetration), followed by Europe and Asia-Pacific. Within Asia, China, India, Japan and ASEAN markets are expanding fast.

Technological Innovations

Conversational AI and chatbots are among the most disruptive innovations in CXaaS.

AI-driven virtual agents can handle multiple queries simultaneously with natural language understanding. Advances in speech recognition and sentiment analysis allow systems to route or escalate issues intelligently. Gartner predicts voice and AI assistants will become more “emotionally aware” by 2025, making interactions feel more human. Notably, real-world deployments (e.g. Air India’s “AI.g” assistant) now handle tens of thousands of customer queries per day using GPT-based models.

Similarly, major cloud providers (Microsoft, AWS, Google) have released CX AI services (e.g. Azure OpenAI, Amazon Connect Contact Lens, Google Contact Center AI) which boost industry innovation. Other tech drivers include advanced analytics dashboards, integration of CRM/ERP with CX, and even emerging use of augmented reality (for product demos) in customer support.

Challenges and Opportunities

Challenges

Despite growth, the CXaaS industry faces hurdles. Integration of diverse channels and legacy systems remains complex, and many enterprises struggle to quantify ROI on CX investments. Data privacy and security are critical concerns as platforms handle sensitive information. There is a talent shortage for advanced analytics and AI skills in many markets. The competitive landscape is crowded, so smaller providers must differentiate on niche capabilities or vertical expertise. Regulatory changes (e.g. data localization laws in India, GDPR in EU) can impose additional compliance costs. For customers, ensuring consistent CX across fragmented vendor solutions can be difficult. Economic headwinds or budget constraints can also slow enterprise spending on CX upgrades.

Opportunities

On the other hand, multiple trends promise new growth. AI and automation not only improve service but open new revenue streams: for example, integrated CX platforms are enabling banking firms to reduce fraud by ~20% with AI analytics, and enabling retailers to boost online conversion rates by ~40%. Generative AI creates

opportunities for next-generation virtual agents and knowledge bases. The shift to Omni-channel and mobile-first experiences means CXaaS providers can upsell new modules (e.g. social media bots, video support). Emerging markets offer huge potential as developing economies digitize rapidly. In fact, India's digital economy is expected to hit \$1 trillion by 2030, with e-commerce alone projected at \$325 billion by 2030 (CAGR ~18%) – trends that will drive CX solution adoption. Indian consumers (72%) are relatively open to sharing data with trusted brands enabling personalized services. The rising importance of customer retention and loyalty (as noted by Indian and global experts) means companies will invest in better CX to differentiate. Additionally, the move to subscription SaaS models makes CXaaS more accessible to SMEs.

Future Outlook

Looking ahead to 2030, most analysts expect strong growth to continue. Fortune's 2028 forecast (CAGR 14.2%) suggests a global market exceeding \$5 billion by 2030. Some projections (extending related CX and AI sectors) are even more bullish: for example, the broader conversational AI market is expected to grow from ~\$13.6B in 2024 to ~\$151.6B by 2033 (CAGR ~29%), underscoring the role of AI in future CX. In India specifically, several indicators point to robust expansion: India's CEM/CX software market is forecasted to grow at ~17.5% CAGR (2024–2030). The large Indian BPO/CCaaS sector (worth ~\$6.08B in 2022) is projected to double by 2030), reflecting continued offshoring of contact centers. Government initiatives (Digital India, emphasis on AI) and rising consumer expectations will further spur domestic adoption.

GROWTH OF CONVERSATIONAL AI & CX

A substantial 88% of Indian CX leaders have attested to the significant Return on Investment (ROI) derived from AI tools. Concurrently, a similar proportion of Indian consumers express positive sentiments towards AI. These findings underscore India's emergence as a global frontrunner in adopting human-centric AI solutions to enhance customer experiences.

The Shift towards Human-Centric AI

As AI integration in customer experience evolves, Indian consumers demand more than efficiency—they want personal, empathetic, and engaging interactions. This sentiment reflects broader trends, with 81% of Indian consumers indicating they would engage more with AI if it felt more human-like. Indian businesses, termed "CX Trendsetters", are recognizing this demand and leveraging AI to deliver tailored experiences that build trust, foster loyalty, and differentiate them in a competitive market.

Key Findings for India: Trends Driving Transformation

AI Copilots: AI copilots, tools designed to assist human agents in handling routine tasks, are revolutionizing operational efficiency in India. With 76% of Indian agents believing AI copilots enhance their productivity, businesses are moving towards autonomous service models. Notably, 97% of CX Trendsetters in India report positive returns on AI-enabled copilots, emphasizing their role in improving customer journeys and operational agility.

Human-Like AI Interactions: Empathy-driven AI is becoming central to customer service in India. With 63% of Indian consumers more likely to trust AI that exhibits traits such as friendliness and empathy, businesses investing in human-like AI are experiencing increased customer satisfaction and loyalty. These systems resolve queries and create a deeper connection, reinforcing trust in AI technologies.

Personal AI Assistants: As Indian consumers grow accustomed to AI-powered assistants like Siri and Alexa, their expectations for customer service are evolving. 69% of Indian customers desire personal AI assistants for seamless company interactions. Indian CX leaders are already preparing for this shift, with 88% planning for a future where AI assistants dominate the customer service landscape.

Voice AI: The adoption of Voice AI is rapidly growing, with 69% of Indian consumers having already engaged with this technology and 84% keen on its conversational capabilities. Its ability to handle complex inquiries efficiently positions Voice AI as a cornerstone for nuanced customer interactions in India.

Personalization: Indian consumers' demand for personalized services is shaping the future of customer loyalty. Over 76% expect personalized service, while 70% are willing to switch brands after a single poor experience. CX leaders in India recognize that personalization, powered by AI, is not just a competitive advantage but a necessity for retaining customers in a dynamic market.

Why India Leads in AI-Driven CX

India's forward-thinking approach to AI is anchored in its unique market dynamics:

- **Favorable Consumer Sentiment:** Indian consumers' trust in AI is the highest in Asia, making the market ripe for experimentation and adoption.
- **Cultural Emphasis on Relationships:** Businesses leverage AI to reflect India's cultural emphasis on empathy and human connections, fostering deeper consumer trust.
- **Strategic Investments:** Indian CX Trendsetters are investing in scalable, secure, and ethical AI solutions, with 94% believing that scaling AI adoption is critical for competitive survival in the next five years.

ServiceNow's 2025 India Customer Experience Report, published on March 25, 2025, reveals a significant "service gap" between rapidly rising customer expectations and the service delivery capabilities of businesses in India. The research shows that while 57% of customer service agents believe they can resolve an issue in about 30 minutes, customers report it actually takes an average of 3.8 days to get resolution—highlighting a broad disconnect driven by siloed systems, administrative overhead, and inefficient workflows.

Indian consumers are highly tech-savvy: 84–85% rely on AI for daily needs—such as shopping recommendations, food suggestions, and complaint resolution—and 82% say AI tools have raised their service expectations. Yet, only 37% of Indian organizations have adopted AI in customer service—despite 62% of agents reporting that they navigate an average of 3.4 disparate systems per customer interaction, with 26% using more than five systems, severely limiting efficiency.

As demand for speed and accuracy grows, 89% of Indian consumers are willing to switch brands over poor service, and 84% would post negative reviews after disappointing experiences. Agents themselves confirm that only about 16% of their workweek is actually spent resolving customer issues—the rest is consumed by administrative tasks, chasing internal teams, or navigating fragmented systems.

The Road Ahead

As businesses in India continue to bridge the gap between technology and human-centricity, AI is no longer a tool but a strategic enabler. The ability to combine AI-driven efficiency with empathy will define the leaders of tomorrow. Highlighting a growing divide between early adopters and laggards, organizations in India prioritising AI for personalization, trust, and seamless interactions are positioned to dominate the evolving CX landscape.

Conclusion

India's CX revolution, powered by human-centric AI, sets global benchmarks. AI is not replacing human touch but redefining it. For Indian businesses, the opportunity is clear: embrace AI as a strategic partner to build lasting customer relationships, drive loyalty, and unlock new levels of success in an increasingly digital world.

Growth of ERP & AI-Integrated Enterprise Platforms

The Enterprise Resource Planning (ERP) landscape is undergoing a paradigm shift, fueled by digital transformation, cloud adoption, and the pressing need for fully integrated business operations across sectors. Globally, the ERP market is valued at USD 81.15 billion in 2024, projected to reach USD 92.6 billion by 2025, and anticipated to soar to USD 229.79 billion by 2030, growing at a robust CAGR of 11.7%. Cloud-based ERP solutions are leading this expansion, offering scalability, reduced costs, and enhanced accessibility—particularly for small and medium enterprises (SMEs). The integration of ERP with AI is driving predictive analytics, real-time decision-making, and operational agility, setting the stage for the next generation of intelligent enterprise systems.

India's ERP Evolution: Trends & Drivers

India is rapidly emerging as a hub for ERP adoption, with the market estimated at USD 1.78 billion in 2025 and expected to reach USD 2.73 billion by 2031, at a CAGR of 7.39%. Digitalization initiatives like Digital India and Make in India, combined with cloud-first and AI-integrated strategies, are transforming how businesses operate. SMEs are leading the adoption curve, leveraging affordable SaaS models that reduce implementation costs by up to 40%. The post-pandemic shift toward remote work has further accelerated demand for mobile-friendly ERP solutions, while manufacturing, retail, and e-commerce sectors increasingly rely on ERP for supply chain optimization, inventory management, and regulatory compliance. AI enhancements are enabling predictive maintenance, intelligent forecasting, and smarter business operations, creating synergy with India's broader AI ecosystem under the IndiaAI Mission.

Why India Leads the ERP Revolution

India's leadership in ERP adoption is underpinned by its deep talent pool, cost-effective solutions, and a rapidly growing digital economy projected to hit USD 1 trillion by 2030. The country accounts for over 16% of global AI talent, with a 263% growth in AI skill concentration since 2016. Enterprises are uniquely positioned to combine ERP with AI for superior efficiency, operational intelligence, and competitive advantage. Strategic investments in cloud infrastructure, favourable consumer sentiment toward technology, and a cultural emphasis on operational excellence give Indian businesses an edge, enabling them to implement ERP faster and more effectively than many global peers. Government-led initiatives like the IndiaAI Mission further accelerate adoption, providing subsidized access to computing resources that support ERP-AI integration and innovation.

The Road Ahead: Hyper-Personalization & Autonomous Operations

The future of ERP in India lies in deeper AI integration, coupled with emerging technologies like IoT and blockchain, enabling hyper-personalization, autonomous operations, and real-time decision-making. Cloud ERP adoption is expected to dominate, projected at an 11.4% CAGR by 2030, while hybrid deployment models will address legacy system migration and data security challenges. Businesses will increasingly prioritize ethical AI, ensuring accuracy, fairness, and compliance across sectors such as healthcare, agriculture, and finance. Government-backed skilling programs and open data initiatives will bridge the gap between traditional industries and digital innovation, positioning Indian enterprises at the forefront of global ERP transformation.

Conclusion

India's ERP market, powered by AI and cloud innovations, is set to redefine enterprise operations. Organizations embracing integrated, intelligent ERP platforms will achieve efficiency, agility, and measurable business outcomes, strengthening their competitive positioning. By converging ERP with AI-driven insights, India is not just keeping pace with global digital transformation—it is actively shaping the future of enterprise efficiency and resilience.

Unified Communications as a Service (UCaaS) — Strategic Outlook

Market Overview

Unified Communications is evolving rapidly as VoIP and UC converge into a broader UCaaS + CCaaS ecosystem. This transformation is powered by cloud migration, hybrid work adoption, AI-driven collaboration, and the rollout of 5G. Globally, UCaaS revenues are expected to grow from ~USD 87.4B in 2024 to ~USD 262.4B by 2030, a CAGR of nearly 20%. India stands out as a hyper-growth region, expanding from USD 2.5B in 2023 to USD 13.4B by 2030 (CAGR ~27%). In parallel, the VoIP market is set to grow from USD 172.5B in 2025 to over USD 308B in 2030, highlighting the strength of the underlying demand for IP-based communication.

Market Segmentation

Telephony services such as SIP trunking, hosted PBX, and IP-PBX continue to dominate revenues, particularly in enterprise and contact center deployments. Collaboration platforms — chat, meetings, and file sharing — are accelerating adoption, driven by video-first workflows. CCaaS is emerging as a high-ARPU vertical, especially in BFSI, retail, and e-commerce. Deployment models vary: SMBs are adopting public cloud rapidly, while BFSI, healthcare, and government prefer private or hybrid models for compliance. Large enterprises favour complex, integration-heavy solutions, while SMEs create scale opportunities.

Growth Drivers

Structural shifts are fuelling adoption. Hybrid work has permanently raised the demand for video-first collaboration. Cloud migration aligns with OpEx-based IT models, accelerating the move away from on-prem PBX. AI and automation are embedding themselves into UC platforms, delivering real-time transcription, routing, and analytics that increase ARPU and stickiness. Finally, 5G and broadband expansion enhance mobile VoIP performance, while government digitization initiatives and PSU modernization in India provide tailwinds for adoption.

Risks and Challenges

Despite rapid growth, several headwinds remain. Data localization and regulatory requirements can delay deployments, particularly in BFSI and government sectors. Vendor lock-in is an ongoing concern as enterprises demand interoperability between Teams, Zoom, and other platforms. Basic calling features are commoditizing, forcing vendors to differentiate with AI, analytics, and integrations. In emerging markets, last-mile connectivity challenges still affect video and voice quality.

Vendor Landscape

The vendor ecosystem is consolidating. Microsoft Teams dominates through Microsoft 365 bundling, while Zoom expands from meetings into UCaaS and CCaaS. RingCentral and 8x8 remain strong specialists with channel-driven growth. Cisco and Avaya maintain enterprise and government strongholds but are pivoting to cloud. Notably, Mitel exited UCaaS in 2024, transferring MiCloud subscribers to RingCentral — a pivotal industry move that underscores consolidation and impacts channel strategies.

India Outlook

India's UCaaS story is distinct. SMBs are scaling adoption via cost-effective public cloud bundles, while large enterprises are pursuing hybrid strategies for compliance-heavy sectors. PSUs and regulated industries present long-term opportunities where private cloud and managed deployments will dominate. BFSI and e-commerce are the most aggressive adopters of CCaaS with AI integration, while IT/ITES and BPO sectors provide steady, recurring demand.

Strategic Implications

For vendors, the path is clear: lead with hybrid and private cloud options for regulated industries, while scaling SMB penetration through channel-led cost-effective offerings. AI-driven features such as transcription, analytics, and voice assistants must sit at the core of value delivery, not only as differentiators but as key drivers of ARPU expansion. For Mitel partners, the focus should be on validating post-exit roadmaps, managing migration, and leveraging Mitel's historic strength in hybrid/on-premise deployments.

Government Push: Digital India & AI

The Government of India has emerged as a central driver of digital transformation, using budgetary allocations and policy missions to scale Digital Public Infrastructure (DPI) and accelerate artificial intelligence adoption. Anchored in platforms like Aadhaar and UPI, the state's strategy now expands into health, agriculture, and digital address systems — with AI integrated as an applied capability. The IndiaAI Mission, backed by rising allocations to MeitY, signals an intent to position India as a global hub for AI research, deployment, and responsible governance.

Expanding DPI as the Backbone

The government's approach follows a "build once, use many times" philosophy, creating interoperable public goods for reuse across services. Current expansions include health DPI (interoperable health records), agriculture DPI (farmer registries and digital crop surveys), and digital address systems. This layered approach builds on Aadhaar and UPI while opening new opportunities for private-sector partnerships.

IndiaAI Mission & Responsible AI

The IndiaAI Mission prioritizes applied AI in healthcare, agriculture, education, mobility, and citizen services. NITI Aayog's Responsible AI framework provides governance guardrails, emphasizing fairness, transparency, and accountability. Together, these programs frame AI not just as a technology enabler, but as a public policy priority with strong regulatory oversight.

Data Centres & State-Led Policies

States such as Rajasthan are proactively launching AI and data-centre policies, aligning with the federal government's emphasis on on-shoring critical infrastructure. Incentives for cloud and data-centre clusters, coupled with central investment into connectivity and infrastructure, indicate a federated model where states, centre, and private players co-invest in digital capacity.

Strategic Implications

For enterprises, the government's fiscal push (₹21,900+ crore allocations to MeitY, with steady increases into 2025–26) represents both market creation and compliance expectations. The opportunity lies in partnering on DPI deployments, building AI tools aligned with public service use-cases, and leveraging data-centre expansion. At the same time, firms must navigate data localisation mandates, interoperability standards, and evolving Responsible AI frameworks.

OVERVIEW

We are a Customer Transformation Partner that helps businesses improve how they serve and communicate with their consumers. Our offerings are built around Customer Experience-as-a-Service (CXaaS) and AI-as-a-Service, helping organizations enhance customer engagement, streamline operations, and achieve measurable business outcomes.

We create solutions that make customer service smarter, faster, and more efficient by leveraging technologies such as artificial intelligence (AI), automation, and cloud platforms. Our tools include virtual assistants, automation features, and customer sentiment analysis, enabling companies to manage interactions across multiple channels i.e phone, chat, email, and others in a seamless manner. These solutions reduce costs and response time while improving the customer experience.

Since our inception in 2016 as a contact-center systems integrator, we have expanded into broader customer engagement and digital transformation services. We have served over 150 clients, including several from the ET500 list. More than 40% of our revenues are derived from long-term service contracts exceeding five years (around sixty months), reflecting continuity and stable client relationships.

We operate with a team of over 60 engineers in India, delivering solutions to both international clients and domestic enterprises, ensuring the presence across global and Indian markets. We serve clients in the USA, Singapore, and other international markets, supported by delivery partnerships while also catering to enterprises within India. Our business is further supported by technology partnerships with NICE Ltd., Acumatica, and Mitel, enabling us to provide customer experience and unified communication solutions.

Our capabilities are demonstrated by the trust placed in us by leading enterprises across industries. We work with MakeMyTrip, RBL Bank, IGT Solutions Pvt. Ltd., IKS, and WNS, delivering customer experience solutions that are scalable, resilient, and outcome-driven. These associations reflect our ability to design and implement reliable CX platforms that enhance customer engagement, improve service efficiency, and create measurable business impact across travel, banking, IT-enabled services, and business process management sectors.

Our unique value proposition lies in delivering integrated AI, automation, and CX solutions that reduce implementation timelines through the work of our dedicated in-house data science team.

We are also NICE’s only Platinum Partner in South Asia & the Middle East, and have been recognized as Partner of the Year for four consecutive years (2021–2024). By combining technology expertise with a metric-driven delivery model, we enable clients to adopt the next wave of customer experience innovation and digital operational excellence.

We are certified with ISO 27001:2013 for our Information Security Management System, which ensures the highest standards of data protection and information security across our operations. Additionally, we hold the ISO/IEC 20000-1:2018 certification, covering the supply, installation, service, and development of networking, cabling, switching, IT security, data center solutions, customized software applications, and other allied services. Further strengthening our capabilities, our Company has been granted a Unified License as a Virtual Network Operator (VNO) by the Department of Telecommunications (DoT), Government of India. This enables us to operate in full compliance with the applicable regulatory framework, further reinforcing our commitment to delivering secure, reliable, and cutting-edge solutions to our customers.

Our Promoter and Managing Director, Mr. Appuorv K. Sinha, brings over 18 years of professional experience in customer experience, analytics, and enterprise technology. From 2012 to 2017, he served as National Channel Manager – Direct Sales (Partner) at NICE Ltd., an Israel-based global leader in Customer Experience Management, where he successfully built and scaled partner sales channels and strengthened NICE's footprint in India. His association with NICE has provided him with valuable Israeli market exposure alongside global experience, equipping him with a unique perspective on scaling advanced CX and analytics solutions across diverse geographies. This combination of international exposure and execution expertise positions him strongly to guide our Company's strategy in CX transformation and AI-driven analytics.

We provide the following wide range of technology-driven solution offerings that help our clients improve how they serve their customers:

1. CX and Analytics

Our CX and Analytics solutions are designed to help enterprises deliver seamless, personalized, and measurable customer experiences. By integrating omnichannel contact centres, AI-powered chatbots, conversational AI, and advanced analytics, we enable organizations to streamline customer interactions, improve service quality, and gain actionable insights. With offerings such as customer journey mapping, self-service portals, and predictive analytics, we empower businesses to enhance customer satisfaction, optimize operational performance, and drive revenue growth.

2. Unified Communications and Infrastructure

Our Unified Communications and Infrastructure solutions provide enterprises with secure, scalable and reliable communication platforms that enhance collaboration and ensure business continuity. We deliver integrated voice, video, messaging, and conferencing solutions, along with networking, data center, cloud, and security infrastructure. By partnering with global OEMs, we offer vendor-agnostic, industry-specific solutions that improve productivity, reduce costs, and support seamless operations across geographies, catering to sectors such as BFSI, IT/ITES, Public Sector, and Healthcare.

3. Exato IQ

Exato IQ, our suite of intelligent connectors and contact center optimization tools, strengthens enterprise CX platforms by enabling seamless integration and enhanced functionality. The suite includes CTI connectors, workforce management integrations, and specialized tools such as automated dialers, speech-to-text solutions, and noise reduction technologies. By bridging gaps between applications and communication systems, Exato IQ empowers organizations to improve contact center efficiency, reduce operational friction, and deliver consistent, high-quality customer engagement at scale.

SECTORS WE SERVE

Our Company serves key industry sectors, including Banking, Financial Services and Insurance (BFSI), Healthcare, Retail, Telecom, Manufacturing, and IT/ITES & BPO/KPO, by delivering technology-enabled solutions that address specific business challenges.

- **In the Banking, Financial Services, and Insurance (BFSI) sector**, we focus on fraud prevention models, hyper-personalized upsell and cross-sell strategies, and compliance analytics.
- **In Healthcare**, we enable AI-powered patient engagement, predictive analytics for patient outcome management, and automation of billing and claims processing.
- **For Retail**, we offer automated inventory and demand forecasting, customer loyalty and retention analytics, and personalized AI-driven product recommendations.
- **In the Telecom sector**, our solutions support customer churn prediction, workforce management, and omnichannel customer experience deployment.
- **Our Manufacturing services** include supply chain optimization, AI-driven contract management, and predictive models for revenue and SKU analysis.
- **Additionally, for IT/ITeS & BPO/KPO**, we provide contact center modernization, workforce analytics, and real-time sentiment analysis, helping organizations drive operational efficiency and superior customer engagement.

OUR BUSINESS MODEL

Our Company's business model is built on a balanced revenue mix of recurring service contracts and perpetual licenses. Through Average Recurring Revenue (ARR) from long-term engagements, we ensure cash flow stability and customer stickiness, while perpetual licensing provides upfront revenues and flexibility for enterprises preferring ownership-based deployment.

Our Company operates on a dual-revenue model combining recurring revenues with upfront licensing, enabling a sustainable and scalable business framework.

1. Recurring Revenue Model (Average Recurring Revenue-ARR)

1. A significant portion of our revenues is generated through long-term service contracts and subscription-based offerings, contributing to predictable Average Recurring Revenue (ARR).
2. These contracts, often spanning five years, are linked to our CX-as-a-Service (CXaaS), AI-as-a-Service, Automation-as-a-Service, and Application Management portfolios.
 - Recurring revenue streams include:
 - Annual subscriptions for AI and CX solutions.
 - Managed services for contact center modernization, AI/ML model maintenance, and workflow automation.
 - Maintenance and support tied to deployed platforms.
 - This recurring model ensures visibility of future revenues, reduces volatility, and reflects the mission-critical nature of our services for clients.

2. Perpetual License Model

- We also offer perpetual licenses for select proprietary products and solutions, particularly in AI accelerators, automation frameworks, and enterprise communication platforms.
- Clients pay a one-time license fee, followed by optional annual maintenance and upgrade charges.
- This model generates immediate cash flows and supports adoption in enterprises seeking capital expenditure-based models rather than operating expenditure-based subscriptions.
- By combining perpetual licenses with optional support contracts, we create both upfront revenues and long-term engagement opportunities.

Set out below are contributions to our revenue from operations for the periods indicated, from 2 different business models which are Annual Recurring Revenue (ARR) and Perpetual SW/HW Income: -

(in ₹ lakhs)

Business Model	For the half year ended September 30, 2025		Fiscal 2025		Fiscal 2024		Fiscal 2023	
	Revenue from Operations	(in %)	Revenue from Operations	(in %)	Revenue from Operations	(in %)	Revenue from Operations	(in %)
Annual Recurring Revenue (ARR)	5,667.73	79.75%	7,057.08	57%	5,478.52	48%	3,468.24	48%
Perpetual SW/HW Income	1,438.69	20.25%	5,365.87	43%	5,912.21	52%	3,808.03	52%
Total	7,106.22	100%	12,422.95	100%	11,390.73	100%	7,276.27	100%

BUSINESS PROCESS

Our business process is structured as a five-stage framework to drive effective client acquisition, engagement, and delivery outcomes:

1. Lead Generation – Prospective clients are identified through business development tools, word-of-mouth recommendations, and references.
2. Pre-Sales and Sales – Client needs are thoroughly understood, and solutions are tailored or modified to address specific use cases.
3. Closing Stage – Structured negotiations and contract finalization establish the foundation for collaboration.
4. Handover Stage – Clients are seamlessly onboarded through a well-defined transition process.
5. Delivery Stage – Projects are completed and services implemented, ensuring value creation and client satisfaction.

DESCRIPTION OF BUSINESS

Our Solutions & Services Offerings

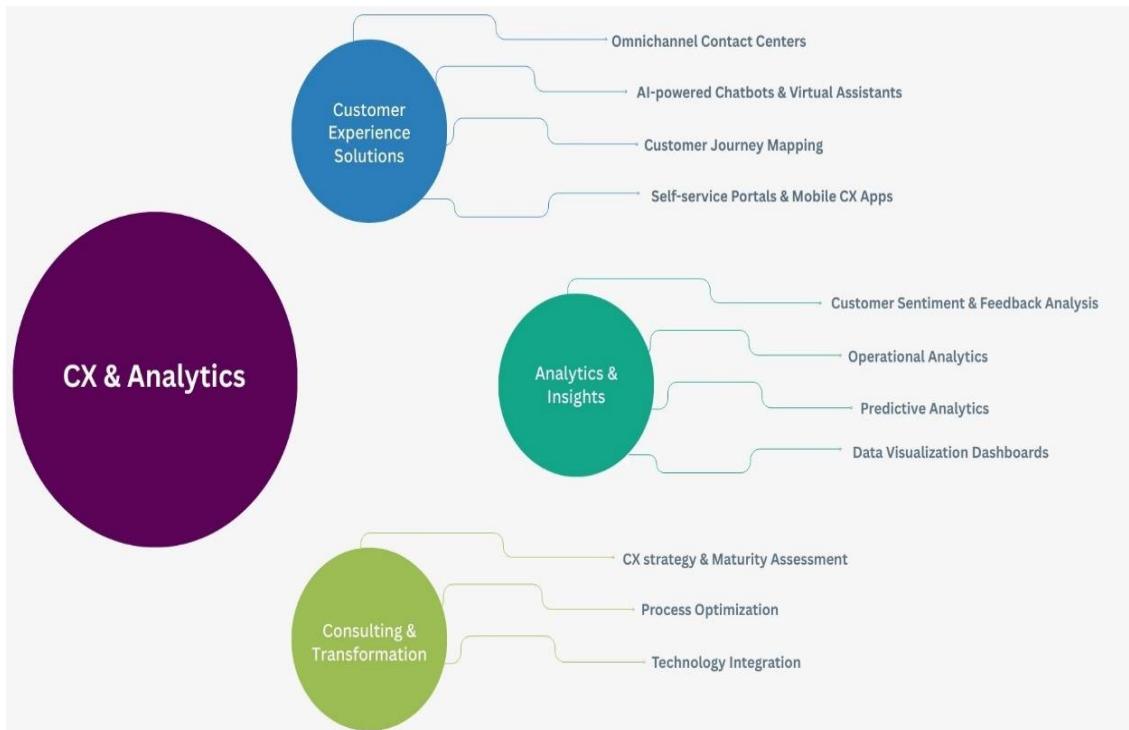

These are following solutions which we provide to our customers, under these solutions there are various services which are bundled in the following solutions. They are as follows: -

1. CX & Analytics

Solution Offering

The Customer Experience (CX) & Analytics Business Unit is dedicated to helping enterprises unlock growth by delivering seamless customer journeys and actionable intelligence. We combine human-centred design, advanced analytics, and reliable technology to empower organizations in making data-driven decisions, improving service quality, and enhancing customer loyalty.

Core Offerings

a) Customer Experience Solutions

- **Omnichannel Contact Centers** – Voice, chat, email, and social channels unified on a single platform.
- **AI-powered Chatbots & Virtual Assistants** – 24x7 support, faster resolution, and reduced operational costs.
- **Customer Journey Mapping** – Identifying friction points and designing experiences that delight the customer.
- **Self-service Portals & Mobile CX Apps** – Enabling customers to solve queries anytime, anywhere.

b) Analytics & Insights

- **Customer Sentiment & Feedback Analysis** – Using AI/ML to measure satisfaction and improve engagement.
- **Operational Analytics** – Monitoring call center KPIs, agent performance, and process efficiency.
- **Predictive Analytics** – Forecasting churn, upsell opportunities, and demand trends.
- **Data Visualization Dashboards** – Real-time insights for decision-makers.

c) Consulting & Transformation

- **CX strategy & Maturity Assessment**- Aligning business goals with customer-centric roadmaps.
- **Process Optimization**- Leveraging analytics to streamline workflows and reduce service time.
- **Technology Integration**- Seamless deployment with CRM, ERP and other enterprise systems.

Key Differentiators

- **End-to-End Capability**- From CX design to analytics implementation.
- **Industry Specific Solutions**- Tailored for BFSI, PSU, IT/ITES, Retail, and Healthcare.
- **OEM Partnerships**- Collaborations with global leaders in UCaaS, CCaaS, and analytics platforms.
- **Outcome-driven Approach**- Measurable impact on customer satisfaction, retention, and revenue growth.

Service Offering

We provide the following wide range of technology-driven services that help our clients improve how they serve their customers:

➤ **CX as a Service (CXaaS)- Customer Experience, Simplified**

Our CX-as-a-Service offering goes beyond technology to deliver end-to-end transformation and assurance services. Transformation services include consulting, bot and IVR development, while our assurance services include value realization framework, proactive monitoring, solution audit, and bot tuning services. This holistic approach ensures that enterprises can design, deploy, and continuously improve their customer engagement platforms for maximum business impact.

➤ **Conversational AI- Conversations That Feel Right**

We design, build, and operate agent-less contact center solutions that enhance chatbot self-sufficiency, improve user experience, and lower costs. Our bots and speech agents use advanced AI technologies, including Generative AI, large language models (LLMs), and NLP engines, to understand context, communicate naturally, and learn continuously. Unlike basic chatbots, they remember past interactions, support multiple languages, and deliver personalized, adaptive assistance at scale.

➤ **Automation as a Service- Work Smarter, Not Harder**

We accelerate ordinary activities with cutting-edge automation techniques such as Robotic Process Automation (RPA). Whether automating finance, human resources, or customer workflows, we provide

strategy, proof-of-concept, implementation, and continuing support to improve accuracy, productivity and business agility.

➤ Workforce Management- Smarter Scheduling, Happier Teams

Our products improve the way teams are scheduled, predicted, and managed, with comprehensive visibility into shifts, tasks and performance metrics, our customers can operate smoother operations, manage staffing more effectively, and increase worker satisfaction. Our Workforce Management solutions enable smarter scheduling and accurate demand forecasting, providing real-time insights into shifts, tasks, and performance. This helps businesses optimize staffing, streamline operations, and boost employee productivity and satisfaction.

➤ Augmented Intelligence & Analytics- Insights that Drive Action

With products like Growth Analytics, CX Intelligence, and Dealer Insights, we transform customer data into actionable intelligence. Through real-time consumer behaviour analysis, these solutions assist firms in making better marketing choices, providing proactive support, and maximizing customer engagement

Case Study

Client Overview

Our client is one of the largest insurance companies in the UK and Europe, with more than 1,200 customer service agents. They provide services in the Life and Pensions industry and are regulated by the FCA (Financial Conduct Authority). The company was undergoing a cloud transformation program to modernize its operations.

Client's Challenge

The client's legacy environment was fragmented across multiple platforms and applications, creating operational inefficiencies and service issues. The key challenges included:

- Disparate systems across Avaya, Cisco, and Genesys platforms leading to inefficiencies.
- High Average Handling Time (AHT), incorrect routing, and frequent abandoned calls.
- Dependency on over 300 separate applications.
- Lack of a unified 360-degree customer view.
- Limited CRM integration capabilities.
- Ineffective workforce scheduling and forecasting.
- Poor CSAT and NPS scores impacting service credibility.
- Absence of proactive customer notifications.
- Insufficient segmentation and performance reporting.

What the Client Needed

The client required a unified, modern solution that could:

- Consolidate their communication infrastructure into a single, scalable platform.
- Reduce AHT, abandoned calls, and routing inefficiencies.
- Provide seamless CRM integration and a 360-degree view of the customer.
- Deliver advanced workforce management with accurate forecasting and scheduling.
- Enable proactive customer engagement with timely notifications.
- Improve customer satisfaction and service credibility through effective feedback management and analytics.

The Solution We Implemented

We deployed the CXOne Omnichannel Solution Suite, which included:

- A fully integrated platform with voice and screen recording capabilities.
- Proactive outbound notifications with Click-to-Call functionality
- A survey-based feedback management system for CSAT and NPS improvements
- Unified reporting and analytics across channels for real-time insights
- Advanced Workforce Management tools for accurate forecasting and scheduling
- 100% quality management through structured assessments and customizable forms
- Nexidia Analytics for sentiment analysis, call driver insights, and call deflection strategies

Key Benefits Delivered

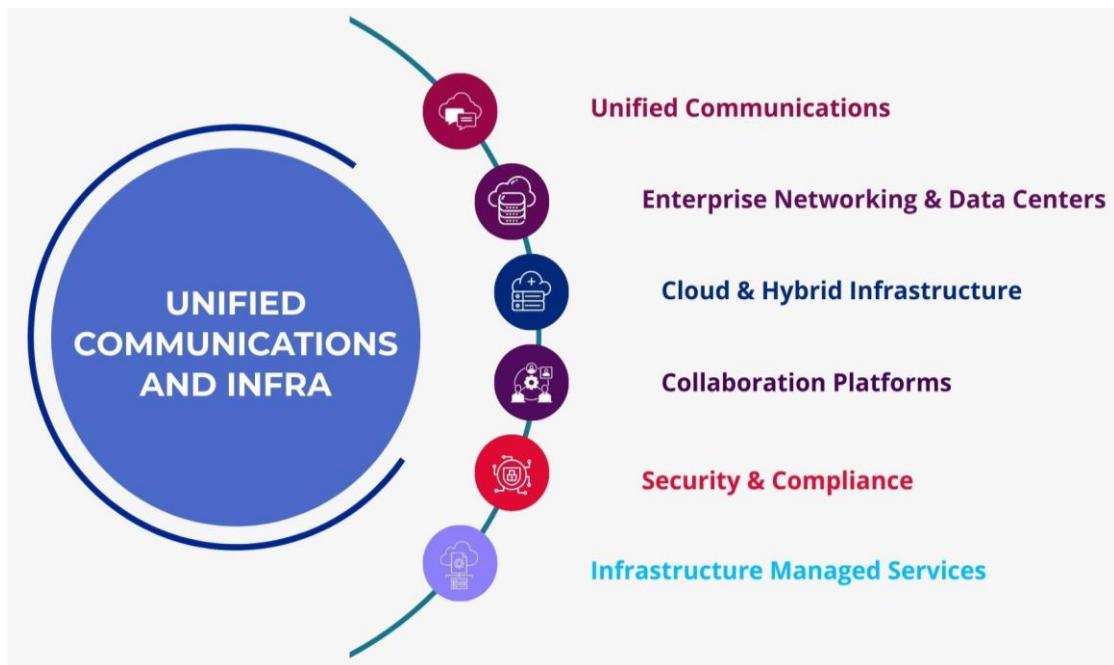

The transformation delivered measurable business value, including:

- Robust self-service applications integrated with industry-specific APIs.
- Automated proactive notifications for critical updates such as delays and schedule changes.
- Enhanced forecasting and scheduling accuracy for 24/7 operations.
- A unified agent interface combining call and customer data within Salesforce.
- Consolidated reporting and analytics for improved business intelligence.
- Significant improvements in CSAT and NPS scores, strengthening the client's market credibility.

2. Unified Communications and Infra

Solution Offering

The Infrastructure & Unified Communication Business Unit delivers integrated technology solutions that enable secure, scalable, and efficient enterprise communication and IT infrastructure management. This unit focuses on designing, implementing, and maintaining hardware, software, and communication platforms that support seamless collaboration, business continuity, and operational efficiency.

Key Offerings Include:

- **Unified Communications Solutions** integrating voice, video, messaging and conferencing across devices and locations.
- **Enterprise Networking and Data Center Solutions** including *LAN/WAN*, wireless networks, and struggled cabling.
- **Cloud and Hybrid Infrastructure Deployment** for scalable and flexible IT environments.
- **Collaboration and Hybrid Infrastructure Deployment** for scalable and flexible IT environments.
- **Collaboration Platforms** with advanced conferencing, contact center, and mobility features.
- **Security & Compliance** including network security, endpoint protection, and secure access solutions.
- **Infrastructure Managed Services** for proactive monitoring, maintenance and support.

The unit caters to multiple industry segments including BFSI, Public Sector, IT/ITES, Manufacturing, and Healthcare. It works in collaboration with global OEMs in networking, UCaaS, and security domains to deliver vendor-agnostic, standards-based solutions tailored to client requirements.

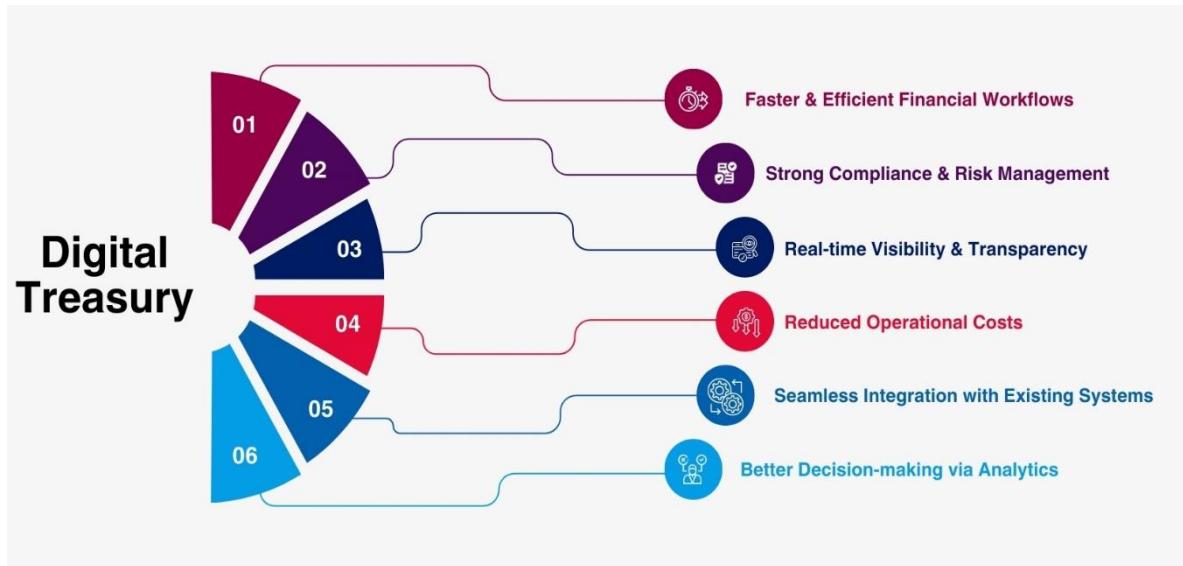

By integrating infrastructure capabilities with unified communication tools, the business unit enables organizations to enhance workforce productivity, reduce operational costs, and ensure reliable and secure communication across geographies, thereby contributing to our Company's long-term growth and market presence.

Service Offering

We provide the following wide range of technology-driven services that help our clients improve how they serve their customers:

➤ *Digital Treasury- Smooth Operations in Critical Moments*

In high stress settings, such as trading floors or vital dispatch centers, communication failures can be expensive. Our Digital Treasury products enable consistent, compliant, and timely messaging, ensuring that every piece of information reaches the correct individuals immediately, allowing for quick decision-making and safe operations.

Case Study I

Modernizing Dealing Room Communications

Client Overview

Our client is one of India's largest private sector banks, and also among the world's top banks by size. With nearly 150,000 employees, it plays a leading role in India's financial services industry.

Client's Challenge

The bank's trading floors were running on old communication systems that had reached end of life and needed to be replaced. Their head office was using BT turrets, while branch offices used Cisco IP phones. This setup caused several problems:

- It did not meet RBI compliance requirements for having disaster recovery (DR) and business continuity (BCP) sites.
- It had frequent system downtime.
- There were security gaps flagged during audits (VAPT issues).
- Managing multiple different systems made operations inefficient.

What the Bank Needed

The bank wanted a single, modern, and reliable solution for their communication setup across all locations in India and overseas. The solution needed to:

- Ensure 99.999% uptime (no interruptions during calls).
- Provide a disaster recovery setup and work seamlessly across data centers.
- Support the latest devices – turrets, IP phones, and call recording systems.
- Allow employees to work from home securely with full call recording.
- Expand easily to new international locations like Bahrain, Singapore, Dubai, and Kenya.
- Meet all the bank's security and compliance policies.
- Provide detailed call reports by user and location.
- Enable smooth migration of existing call data into the new setup.

The Solution We Implemented

Our solution included:

- Mitel OpenScape Voice system for IP telephony.
- OpenScape Xpert for advanced turret solutions.
- An upgraded NICE recording system to record calls from turrets, IP phones, and even mobile phones.
- Our custom User Access Management (UAM) system to integrate with the bank's central account management.
- Real-time dashboards and reports for monitoring and analytics.

Key Benefits Delivered

- A single integrated system installed across geo-separated data centers, ensuring full disaster recovery and compliance.
- High reliability – even if one system went down, the other took over instantly without affecting calls or recordings.
- Work-from-home enabled – traders and employees could use secure VPN connections and soft turrets that worked just like physical ones.
- 100% call recording resilience, with recordings stored at both production and DR sites.
- A central web portal to search, play, and manage recordings (including old data and mobile calls).

- Scalable design – new branches could be added easily by just extending hardware and licenses, without new infrastructure.
- Proactive fault alerts to minimize downtime.
- Better operational insights and user analytics through dashboards and reports.

Case Study II

Client Overview

Our client is one of India's top 10 mutual fund houses, formed in 2009 as a joint venture between a leading private sector bank in India and a global investment firm from Singapore. This partnership combines strong knowledge of the Indian market with international expertise, making the company a trusted name in asset management.

Client's Challenge

The client was using an old Mitel PBX system with digital phones and a basic (passive) call recording setup for their treasury operations. However, they faced several issues:

- Recording failures due to cabling issues.
- The backup site (BCP) used a different setup and phone numbers, which created confusion.
- The system had no disaster recovery (DR) features and lacked high availability—if the main line went down, calls could not continue.

What the Client Needed

The client wanted a modern, end-to-end communication solution that would:

- Provide 99.999% uptime with no interruptions.
- Switch over automatically to backup systems during failures without affecting ongoing calls or recordings.
- Include business continuity (BCP) and disaster recovery (DR) features.
- Allow staff to work from home securely with virtual turrets that function like physical ones.
- Support IP phones for their back-office teams.

The Solution Implemented

We provided a comprehensive solution built on:

- Mitel OpenScape Voice system for IP telephony.
- OpenScape Xpert for advanced turret solutions.
- NICE NTRX for reliable call recording of both IP phones and turrets.

Key Benefits Delivered

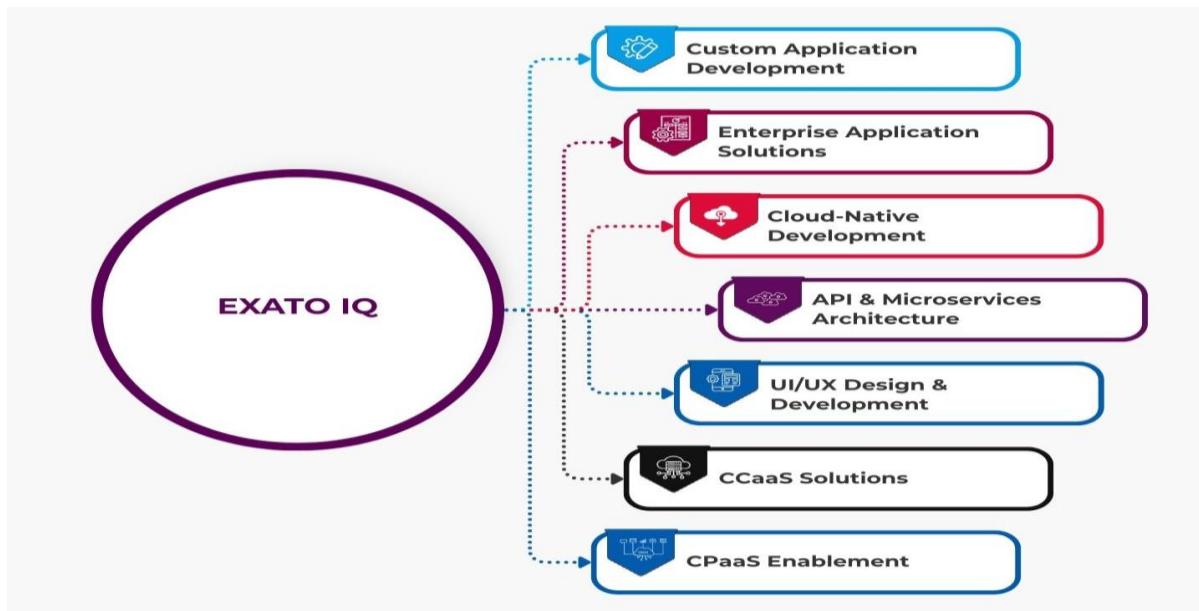

- A single integrated system with Active-Active redundancy across data centers, ensuring full DR compliance.
- SIP trunk connectivity with dual last-mile support, avoiding downtime due to line failures.
- The backup site (BCP) used the same setup and same phone numbers as the main site, ensuring seamless continuity.
- 100% call recording resilience through dual recording (2N active recording).
- Work-from-home capability for turret users via secure VPN, with virtual turrets that worked like real ones.
- A fault management system that instantly alerts the team in case of critical failures.
- Scalable design that allows easy expansion to new branches by just adding hardware and licenses, without building a new setup.

- Deployment of our system “no call, no recording” software, ensuring 100% compliance with call recording policies.

3. Exato IQ

Solution Offering

We create technological bridges, such as CTI connections and WFM connectors, that enable your software and phone systems to communicate seamlessly. Other tools such as DialSwift (an automated outbound dialler), Speech-to-Text, and AudioClear (noise reduction), help contact centers work smoothly while maintaining clarity and dependability.

Service Offering

We provide the following technology-driven service that help our clients improve how they serve their customers:

Application Development

We help our client's businesses with future-ready, scalable, and secure applications that align with their unique goals and deliver measurable impact. Our Application Development (App-Dev) Services cover the complete lifecycle — from ideation to deployment and ongoing support — ensuring faster time-to-market and superior user experiences.

Our Capabilities

- **Custom Application Development** – Tailored solutions built on modern frameworks, designed to meet specific business needs.
- **Enterprise Application Solutions** – Robust, secure, and compliant platforms that integrate seamlessly with existing enterprise systems.
- **Cloud-Native Development** – Applications designed for cloud scalability, resilience, and cost-efficiency using AWS, Azure, and GCP.
- **API & Microservices Architecture** – Modular, agile architectures enabling faster updates, better scalability, and easier integration.

- **UI/UX Design & Development** – User-centric design for intuitive interfaces that drive adoption and satisfaction.
- **CCaaS Solutions** – Development and integration of cloud-based contact center platforms with AI-driven analytics, omnichannel engagement, and CRM integration.
- **CPaaS Enablement** – Embedding real-time communication (voice, video, messaging, chatbots) into enterprise applications through secure, scalable APIs.

Key Differentiators

- *Agile and DevOps-driven delivery models for faster releases and reduced risk.*
- *Expertise in emerging tech – AI, Machine Learning, IoT, Blockchain, and Unified Communications.*
- *Strong security focus with compliance to global standards (ISO, GDPR, PCI-DSS).*
- *Proven track record in BFSI, Government, PSU, IT/ITES, and Manufacturing sectors.*

Outcome for Clients

- *Accelerated innovation*
- *Reduced operational costs*
- *Enhanced digital customer experience*
- *Long-term scalability and maintainability*

Case Study

No Recording, No Call Middleware (CompliCall)

Client Overview

Our client, a leading financial institution operating in treasury and trade operations, works in one of the most highly regulated environments. Ensuring compliance in every trade transaction was mission-critical for their continued business operations.

Client's Challenge

The client faced the risk of severe regulatory penalties if even a single trade transaction call went unrecorded. Their existing system lacked the assurance of 100% call recording, exposing them to compliance failures, data integrity risks, and potential financial losses.

What the Client Needed

The client required a robust middleware solution that could:

- Guarantee recording compliance before allowing calls to connect.
- Instantly block or terminate any non-compliant conversation.
- Integrate seamlessly with their existing telephony and recording platforms.

The Solution We Implemented

We implemented CompliCall, our Company's proprietary "No Recording, No Call" middleware. The solution continuously monitors the recording platform in real time, automatically preventing call connections or terminating calls if the recording service is not detected as operational. This fail-safe approach ensured absolute compliance and continuity.

Key Benefits Delivered

- **Regulatory Compliance:** Fully mitigated the risk of penalties by guaranteeing that no unrecorded calls could occur.

- *Operating Integrity:* Delivered 100% assurance of call recording for mission-critical trade transactions.
- *Optimization:* Eliminated manual oversight risks, streamlining treasury operations and reinforcing compliance culture.

COMPETITIVE STRENGTHS

Integrated AI, Automation and CX Delivery Model with reliable proprietary frameworks and accelerators

We offer an end-to-end transformation portfolio covering customer experience, AI, automation application development, enterprise communications. This integrated approach allows us to deliver a one-stop solution, reducing the need for multiple vendors and enabling clients to benefit from cohesive implementation, faster deployment, and optimised total cost of ownership. Details of our portfolio is as follows:

Our integrated delivery model combines CXaaS with AI orchestration to create a unified and intelligent customer engagement framework. At its core, the model brings together proprietary accelerators such as Autopilot for workflow automation, Copilot for real-time agent assistance, and an Orchestrator that seamlessly connects processes, channels, and systems. Complemented by advanced Analytics, Quality Monitoring, and Workforce Management tools, it ensures superior service delivery and compliance. Additional capabilities such as Knowledge Management, Proactive Engagement, Smart Routing, and automated Actions enable enterprises to deliver personalized, efficient, and outcome-driven experiences at scale. This proprietary framework not only strengthens reliability and speed of execution but also positions us to drive measurable improvements in customer satisfaction, agent productivity, and overall business performance.

As a Platinum Partner of NICE Ltd, we leverage the CXOne platform to deliver transformative customer experience solutions & capable artificial intelligence orchestration solution that enables intelligent customer engagement at numerous touchpoints. It includes essential features including Autopilot, Copilot, Orchestrator, Analytics, Quality, Workforce Management (WFM), Knowledge, Proactive Engagement, Routing and Action Management.

By seamlessly merging these factors, CXOne enables businesses to provide real-time, outcome-driven customer experiences, increase agent productivity, and maximise operational efficiency. This comprehensive framework guarantees that customer interactions are intelligently automated, insight-driven and always aligned with company objectives, resulting in higher customer happiness and measurable ROI.

Strong Global Technology Partnerships

We are NICE's Platinum Partner in South Asia and the Middle East and have been recognised as Partner of the Year for four consecutive years (2021–2024). Our collaborations with NICE Ltd, Mitel and Acumatica enhance our ability to deploy advanced solutions in CCaaS, conversational AI, process automation, and cloud transformation. These partnerships also provide us with early access to technology updates and specialized training.

Along with these global technology partnerships, we bundle their advanced offerings with our customized services, enabling us to provide comprehensive, end-to-end customer experience solutions.

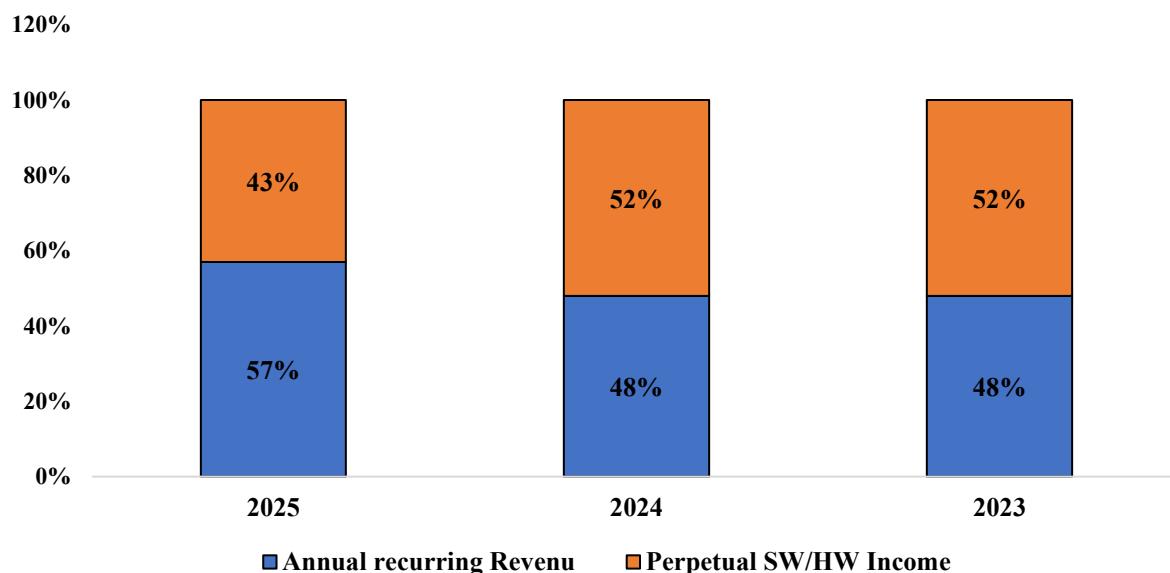

We have positioned ourselves not merely as a contact center solutions provider but as a customer experience transformation partner, helping enterprises reimagine their digital engagement strategies. By combining deep domain expertise across BFSI, Healthcare, Retail, Telecom, and IT/ITES with AI-first solutions, we enable organizations to modernize customer journeys and deliver superior outcomes.

Long-term Contracts and Strong Annual Recurring Revenue (ARR)

A significant portion of our revenue mix comprises long-term service agreements, which typically span 60 months and contribute to a steady and predictable income stream. This is reflected in the growing share of Annual Recurring Revenue (ARR), which increased to 57% of total revenue in 2025 from 48% in both 2023 and 2024. The shift towards ARR highlights the increasing reliance on subscription-based models over one-time perpetual software and hardware income, underscoring the mission-critical role of our solutions, the trust our clients place in us, and the continuous value we deliver.

Following is the graph showing our Company's revenue mix between Annual Recurring Revenue (ARR) and Perpetual SW/HW (Software/Hardware) Income:-

Revenue Mix of ARR & Perpetual SW/HW Income

Our enterprise-grade cloud delivery backbone integrates omnichannel engagement, AI-powered workforce optimization, secure access management, and real-time analytics. This ensures that clients across regulated industries benefit from compliance, scalability, and uptime guarantees, while enabling seamless expansion across geographies.

Over the past three years, the company has demonstrated robust financial growth, with its order book expanding from ₹130 Cr in 2023 to ₹210 Cr in 2024, and reaching ₹348 Cr in 2025. As certified by an independent Chartered Accountant, the company currently holds a diversified and strong order book of more than ₹348 Cr, comprising large-scale engagements across multiple sectors including banking, technology, healthcare, and business process outsourcing.

These competitive advantages underpin the company's strong market position and provide a solid foundation for sustained growth and future scalability.

Domain Expertise across High-Growth Verticals with Sectoral Diversity

Our solutions are tailored to industry-specific needs in BFSI, healthcare, retail, telecom, manufacturing, IT/ITES, and BPO/KPO. We have successfully implemented use cases such as fraud prevention analytics for BFSI, AI-powered patient engagement for healthcare, customer churn prediction for telecom, and supply chain optimization for manufacturing.

We operate across multiple high-growth verticals, enabling a diversified and balanced revenue portfolio. Over the years, we have built customized solutions and customer experience (CX) services tailored to the specific needs of each industry segment. The breadth of our offerings allows us to address unique challenges and deliver measurable outcomes for clients across diverse sectors. Set out below is an overview of the range of services we provide to our clients in different industries:

Industry	Indicative Solutions Provided
Banking, Financial Services & Insurance (BFSI)	Fraud prevention models, compliance analytics, hyper-personalized upsell/cross-sell.
Healthcare	AI-powered patient engagement, predictive analytics for patient outcomes, automation of billing & claims.
Retail	Automated inventory & demand forecasting, customer loyalty analytics, personalized AI product recommendations.
Telecom	Customer churn prediction, workforce management, omnichannel CX deployment.
Manufacturing	Supply chain optimization, contract management AI models, predictive revenue & SKU analysis.
IT/ITeS & BPO/KPO	Contact center modernization, workforce analytics, real-time sentiment analysis

Our large and diverse customer base, spanning multiple geographies and industry sectors, reduces dependency on any single client or vertical, and enables us to capture opportunities across varied market cycles.

BUSINESS EXPANSION STRATEGIES

Investing in IP & Product Development

As part of our long-term growth roadmap, we are actively developing and scaling a suite of proprietary IP-led platforms designed to complement our global OEM partnerships and create differentiated value for clients. These IP platforms are already implemented at select client sites, validating their utility and business impact, and are currently being enhanced for broader adoption across industries.

Our proprietary IP stack in-development includes: -

- **Prompt-Base Dialer-** An AI-native omnichannel contact center suite offering predictive and proactive dialing, with real-time intent analysis to enhance customer interactions.
- **Call-Sense ZIVA-** An enterprise grade speech-to-text and voice intelligence engine, accent-agnostic and compliance-ready, designed for real-time transcription and analytics.
- **On-Board X (UAM)-** A secure user and vendor access management platform with audit trials, role-based provisioning, and AI-powered alerts for improved governance.
- **Compli-Call-** A “No Recording=No Call” compliance engine that prevents non-compliant conversations, ensuring adherence to strict industry regulations.
- **ShiftWise-** A workforce shift management and incentive engine that integrates workforce management with payroll, enabling performance-linked pay and efficiency.

By strategically investing in the development and deployment of these IP assets, our goal is to:

- *Strengthen the Differentiation-* Move beyond being a systems integrator into becoming a transformation partner with proprietary IP advantage.
- *Enhance Compliance & Trust-* Address mission-critical industry needs, particularly in regulated sectors such as BFSI, Telecom and Healthcare.
- *Boost Recurring Revenue-* Expand subscription-based revenue streams through SaaS and managed services tied to our IP portfolio.

- *Improve Operational Efficiency*- Reduce client implementation costs and timelines through ready-to-deploy IP accelerators.
- *Future-Proof Growth*- Align with the industry's transition towards AI-first, compliance-driven and automation-enabled CX models, positioning us for leadership in next-generation customer experience solutions.

Through these initiatives, our Company is strategically positioned to capture increased market share, unlock higher profit margins, and deliver superior, sustainable value to our clients, enabling them to thrive in an increasingly digital and regulated business environment.

From the Net Proceeds of the Issue, the Company proposes to utilize an amount of ₹680.00 lakhs towards the development of its proprietary intellectual property (IP), which forms a core part of its technology and growth strategy. For further details, see “*Object of the Offer*” on page 92

Transforming Customer Engagement: Our Growth & Innovation Strategy

As enterprises increasingly seek intelligent, outcome-driven customer experiences, our company is moving beyond traditional contact centers to Customer Experience as a Service (CXaaS). Building on global Contact Centre as a service (CCaaS) leadership, we are layering proprietary IP, AI capabilities, and cloud-native integration to redefine how businesses engage with their customers at scale, in real time, and across multiple channels.

To operationalize this vision, we have prioritized a portfolio of CX (Customer Experience) initiatives designed to accelerate adoption, improve business outcomes, and future-proof customer engagement.

Our roadmap reflects a practical and comprehensive approach to CX innovation:

- *Scalable solutions*: Designed for quick deployment with affordable investment.
- *AI-driven experiences*: Using advanced AI tools such as learning models, language processing, and voice technology to power smarter customer interactions.
- *Localized Relevance*: Multilingual and industry-specific systems tailored for India and other emerging markets.
- *Measurable outcomes*: Every solution is built to deliver clear results such as improved customer satisfaction, faster resolutions, better compliance, and higher revenue impact.

Together, these pillars demonstrate our commitment to creating customer experience solutions that are intelligent, accessible, and impactful—helping businesses stay competitive in a rapidly changing digital world.

Geographical Expansion and Global Market Penetration

We plan to extend our presence to the United States and other strategic international markets to diversify our revenue base and serve global customers more effectively. As part of this initiative, the Company intends to hire additional Business Development professionals in these target geographies to establish strong client relationships, generate leads, and expand market penetration. This expansion will be supported by our delivery capabilities in Noida, Mumbai, and Singapore, enabling us to cater to both nearshore and offshore requirements.

This international expansion strategy is consistent with the Company's vision of expanding into the rapidly growing Conversational AI and Customer Experience (CX) markets, which are seeing significant adoption in industries such as BFSI, healthcare, telecom and e-commerce and have healthy profit margins.

Our revenue base continues to reflect a balanced mix of domestic and international markets. Revenue from India stood at ₹5,313.86 lakhs for the six-month period ended September 30, 2025, contributing 74.78% of total

revenues, compared to ₹9,454.78 lakhs (76.11%) in Fiscal 2025, ₹10,706.28 lakhs (93.99%) in Fiscal 2024 and ₹6,774.11 lakhs (93.10%) in Fiscal 2023. For the six-month period ended September 30, 2025, Maharashtra and Madhya Pradesh were the key contributors, accounting for 32.95% and 20.38% of domestic revenues respectively, followed by Haryana at 13.60% and Uttar Pradesh at 7.82%. This distribution reflects continued traction across core operating regions, with Maharashtra emerging as the strongest market during the period.

Set out below are contributions to our revenue from operations for the periods indicated, from different geographies within India and outside India: -

On the international front, revenue from outside India stood at ₹1,792.36 lakhs for the six-month period ended September 30, 2025, contributing 25.22% of total revenues. In Fiscal 2025, international revenue increased to ₹2,968.18 lakhs (23.89%), compared to ₹684.45 lakhs (6.01%) in Fiscal 2024 and ₹502.16 lakhs (6.90%) in Fiscal 2023, reflecting a significant expansion in our global footprint. England contributed the largest share in Fiscal 2025, accounting for 22.71% of total revenues, followed by the United States (1.63%), Singapore (0.21%), Israel (0.24%), and Germany (0.13%). The sustained growth from key developed markets underscores the increasing acceptance of our offerings globally and validates the progress of our international expansion strategy..

With this strategy, our Company is well-positioned to utilize its technology expertise, strengthen its worldwide brand presence, and capitalize on the growing demand for intelligent, AI-powered CX solutions in major international markets.

Expansion into ERP solutions

Our Company is entering the ERP system market with a significant emphasis on micro, small, and medium-sized enterprises (MSMEs) and small and medium sized enterprises (SMEs). Recognizing that small firms frequently suffer cost, complexity, and resource constraints, we will offer the ERP product to be affordable, easy to deploy, and scalable. The solution will include enterprise-grade digital capabilities for streamlining core processes such as finance, operations, human resources, and supply chain management, allowing smaller organizations to digitalize and compete more successfully.

To help speed this drive, the company has already formed a strategic agreement with Acumatica Cloud ERP, a prominent global provider of cloud-based ERP solutions. This collaboration enables us to provide modern, cloud-native ERP platforms with customization capabilities and enhanced functions at a competitive price.

With this proactive entry into the ERP space, supported by a global technology partner and early customer traction, the Company is well-positioned to capture significant opportunities in a high-growth market while diversifying its revenue streams beyond Conversational AI and CX.

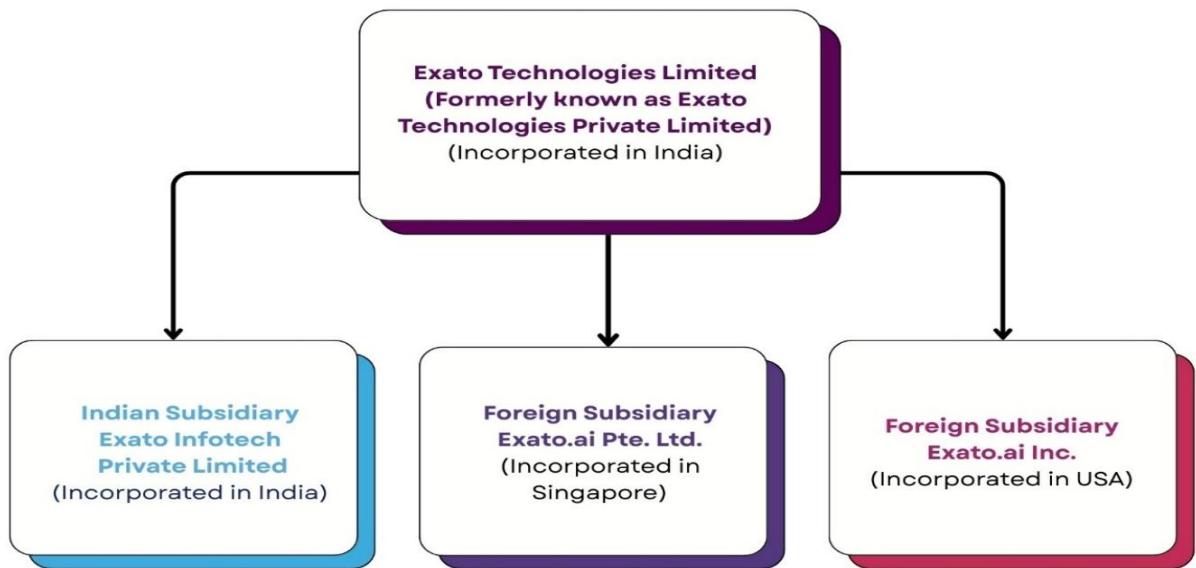

Entry into Cybersecurity Domain

In addition to geographic expansion, our Company is making a deliberate move into cybersecurity, seeing it as one of the fastest-growing categories in the global IT services market. With the advent of cyber threats and the requirement for secure digital ecosystems, cybersecurity has become mission crucial for businesses globally.

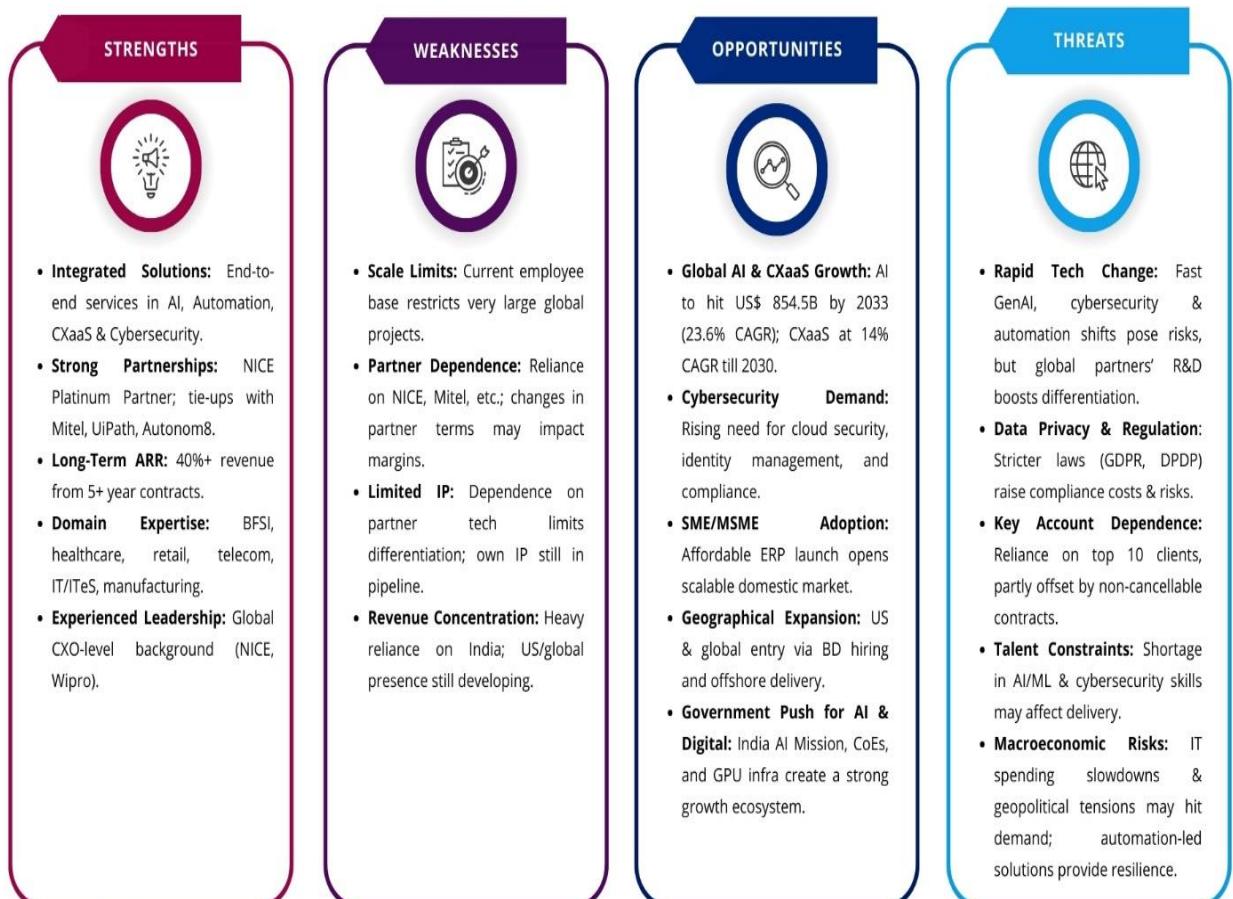

Our goal is to offer comprehensive cybersecurity solutions that cover threat detection, data protection, compliance, and incident response by utilizing our technological prowess, strong client relationships, and current delivery infrastructure.

KEY REGULATIONS AND POLICIES IN INDIA

*In carrying on our business as described in the section titled “**Our Business**” on page 140, our Company is regulated by the following legislations in India. The following description is a summary of the relevant regulations and policies as prescribed by the Government of India and other regulatory bodies that are applicable to our business. The information detailed in this chapter has been obtained from the various legislations, including rules and regulations promulgated by the regulatory bodies and the bye laws of the local authorities that are available in the public domain. The regulations and policies set out below may not be exhaustive and are only intended to provide general information to the investors and are neither designed nor intended to be a substitute for professional legal advice. For details of Government Approvals obtained by the Company in compliance with these regulations, see “**Government and Other Statutory Approvals**” on page 239.*

Our business is governed by various central and state legislations that regulate the substantive and procedural aspects of our Company’s businesses. Our Company is required to obtain and regularly renew certain licenses/ registrations and/or permissions required statutorily under the provisions of various Central and State Government regulations, rules, bye-laws, acts and policies.

Given below is a brief description of the certain relevant legislations that are currently applicable to the business carried on by our Company:

A. Industry Related Laws

Consumer Protection Act, 2019 (the “Consumer Protection Act”)

The Consumer Protection Act was enacted to provide a simpler and quicker access to redress consumer grievances, including in course of both online and offline transactions. It seeks to promote and protects the interest of consumers against deficiencies and defects in goods or services and secure the rights of a consumer against unfair trade practices, which may be practiced by manufacturers and traders. It establishes consumer disputes redressal commissions at the district, state and national levels and central consumer protection authority, with wide powers of enforcement, to regulate matters relating to violation of consumer rights, unfair trade practices and misleading advertisements. The consumer protection authority has the ability to inquire into violations of consumer rights, investigate and launch prosecution at the appropriate forum, pass orders to recall goods, impose penalties and issue safety notices to consumers against unsafe goods. It also introduces product liability, which can hold the product seller liable for compensation claims.

The Information Technology Act, 2000

The Information Technology Act, 2000 (“IT Act”) regulates and governs the communications made and services provided in the electronic form. It provides legal recognition to transactions carried out by means of electronic data interchange and other means of electronic communication. The IT Act prescribes punishment for publication of, obscene and offensive materials through electronic means. The Information Technology (Amendment) Act, 2008, which amended the IT Act, gives recognition to contracts concluded through electronic means, creates liability for failure to protect sensitive personal data and gives protection to intermediaries in respect of third-party information liability.

Further, under Section 69A of the IT Act and the Information Technology (Procedure & Safeguards for Blocking for Access of Information by Public) Rules, 2009, directions can be issued by the Government or intermediary, blocking public access to any information generated, transmitted, retrieved, stored or hosted in any computer resource.

The Information Technology (Reasonable Security Practices and Procedures and Sensitive Personal Data or Information) Rules, 2011

The Department of Information Technology under the Ministry of Communications & Information Technology, Government of India notified the Information Technology (Reasonable security practices and procedures and sensitive personal data or information) Rules, 2011 in respect of section 43A of the Information Technology Act, 2000. The said rules deal with the protection of sensitive personal data or

information and the security practices and procedures to be followed. The Personal Data Protection Rules prescribe directions for the collection, disclosure, transfer and protection of sensitive personal data by a body corporate or any person acting on behalf of a body corporate (the “Body Corporate”). The Personal Data Protection Rules further require the Body Corporate to provide a privacy policy for handling and dealing on personal information, including sensitive personal data. Such policy is required to be published on the website of the Body Corporate. In addition, the information or data so collected is required to be kept secured and used for the purposes for which it has been collected. Further, the disclosure of such information to any third party requires the prior consent of the provider of the information, unless such disclosure has been contractually agreed upon between the Body Corporate and the provider of information or in the event disclosure is necessary for the purpose of legal compliance. Additionally, the Body Corporate is required to put in place a security programme and information security policy, so as to ensure compliance with reasonable securities practices and procedures, as prescribed under the Personal Data Protection Rules.

The Digital Personal Data Protection Act, 2023 (“DPDP Act”)

The DPDP Act was notified on August 11, 2023 and replaces the existing data protection provision, as contained in Section 43A of the IT Act. The DPDP Act seeks to balance the rights of individuals to protect their personal data with the need to process personal data for lawful and other incidental purposes. The DPDP Act provides that personal data may be processed only for a lawful purpose after obtaining the consent of the individual. A notice must be given before seeking consent. It further imposes certain obligations on data fiduciaries including (i) make reasonable efforts to ensure the accuracy and completeness of data, (ii) build reasonable security safeguards to prevent a data breach, (iii) inform the Data Protection Board of India (the “DPB”) and affected persons in the event of a breach, and (iv) erase personal data as soon as the purpose has been met and retention is not necessary for legal purposes (storage limitation). In case of government entities, storage limitation and the right of the data principal to erasure will not apply. The Central Government will establish the DPB. Key functions of the DPB include: (i) monitoring compliance and imposing penalties, (ii) directing data fiduciaries to take necessary measures in the event of a data breach, and (iii) hearing grievances made by affected persons. The DPB members will be appointed for two years and will be eligible for re-appointment. The Central Government will prescribe details such as the number of members of the DPB and the selection process.

B. Laws Relating to Employment

The various labour and employment related legislation that may apply to our operations, from the perspective of protecting the workers’ rights and specifying registration, reporting and other compliances, and the requirements that may apply to us as an employer, would include, among others, the following: (i) Contract Labour (Regulation and Abolition) Act, 1970; (ii) Relevant state specific shops and commercial establishment legislations; (iii) Employees’ Provident Funds and Miscellaneous Provisions Act, 1952; (iv) Employees’ State Insurance Act, 1948; (v) Minimum Wages Act, 1948; (vi) Payment of Bonus Act, 1965; (vii) Payment of Gratuity Act, 1972; (viii) Payment of Wages Act, 1936; (ix) Maternity Benefit Act, 1961; (x) Apprenticeship Act, 1961; (xi) Equal Remuneration Act, 1976; (xii) Employees’ Compensation Act, 1923; and (xiii) Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013 In order to rationalize and reform labour laws in India, the Government has enacted the following codes:

Shops and Establishments Legislations

Under the provisions of local shops and establishments legislations applicable in the states in which such establishments are set up, establishments are required to be registered. Such legislations regulate the working and employment conditions of the workers employed in shops and establishments including commercial establishments and provide for fixation of working hours, rest intervals, overtime, holidays, leave, termination of service, maintenance of shops and establishments and other rights and obligations of the employers and employees. Our offices, stores and warehouses have to be registered under the shops and establishments legislations of the states where they are located.

Code on Wages, 2019

The Code on Wages regulates and amalgamates wage and bonus payments and subsumes four existing laws namely –the Payment of Wages Act, 1936, the Minimum Wages Act, 1948, the Payment of Bonus

Act, 1965 and the Equal Remuneration Act, 1976. It regulates, *inter alia*, the minimum wages payable to employees, the manner of payment and calculation of wages and the payment of bonus to employee. The Central Government has notified certain provisions of the Code on Wages, mainly in relation to the constitution of the central advisory board. Certain portions of the Code on Wages, 2019, have come into force upon notification by the Ministry of Labour and Employment. The remaining provisions of these codes shall become effective as and when notified by the Government of India.

Code on Social Security, 2020

The Code on Social Security, 2020, which amends and consolidates laws relating to social security, and subsumes various social security related legislations, among other things, including the Employee's Compensation Act, 1923, Employee's State Insurance Act, 1948, the Employee's Provident Funds and Miscellaneous Provisions Act, 1952, the Maternity Benefit Act, 1961, the Payment of Gratuity Act, 1972, the Building and Other Construction Workers' Welfare Cess Act, 1966, the Employment Exchanges (Compulsory Notification of Vacancies) Act, 1956 and the Unorganized Workers' Social Security Act, 2008. It governs the constitution and functioning of social security organisations such as the Employee's Provident Fund and the Employee's State Insurance Corporation, regulates the payment of gratuity, the provision of maternity benefits and compensation in the event of accidents that employees may suffer, among others. Recently, the Ministry of Labour and Employment vide notification No. S.O. 2061 dated May 3, 2023, has enforced certain provisions of the said code *inter alia* Employees' Pension Scheme, 1995 and Employees' Provident Funds and Miscellaneous Provisions Act, 1952.

The Occupational Safety, Health and Working Conditions Code, 2020

The Occupational Safety, Health and Working Conditions Code consolidates and amends the laws regulating the occupational safety and health and working conditions of the persons employed in an establishment. It replaces certain old central labour laws including the Factories Act, 1948, Contract Labour (Regulation and Abolition) Act, 1970, the Building and Other Construction Workers (Regulation of Employment and Conditions of Service) Act, 1996 and the Inter-State Migrant Workmen (Regulation of Employment and Conditions of Service) Act, 1979.

C. Intellectual Property Laws

The Trademarks Act, 1999 ("Trademarks Act")

Under the Trademarks Act, a trademark is a mark capable of being represented graphically and which is capable of distinguishing the goods or services of one person from those of others used in relation to goods and services to indicate a connection in the course of trade between the goods and some person having the right as proprietor to use the mark. Section 18 of the Trademarks Act requires that any person claiming to be the proprietor of a trademark used or proposed to be used by him, must apply for registration in writing to the registrar of trademarks. The right to use the mark can be exercised either by the registered proprietor or a registered user. The present term of registration of a trademark is 10 (ten) years, which may be renewed for similar periods on payment of a prescribed renewals.

The Patents Act 1970 ("Patents Act")

The Patents Act governs the patent regime in India. A patent under the Patents Act is an intellectual property right relating to inventions and grant of exclusive right, for limited period, provided by the Government to the patentee, in exchange of full disclosure of his invention, for excluding others from making, using, selling and importing the patented product or process or produce that product. Being a signatory to the Agreement on Trade Related Aspects of Intellectual Property Rights, India is required to recognize product patents as well as process patents. In addition to the broad requirement that an invention must satisfy the requirements of novelty, utility and non-obviousness in order for it to avail patent protection, the Patents Act further provides that patent protection may not be granted to certain specified types of inventions and materials even if they satisfy the above criteria.

The Copyright Act, 1957

The Copyright Act, 1957, along with the Copyright Rules, 2013 ("Copyright Laws") governs copyright protection in India. Even while copyright registration is not a prerequisite for acquiring or enforcing a

copyright in an otherwise copyrightable work, registration under the Copyright Laws acts as *prima-facie* evidence of the particulars entered therein and helps expedite infringement proceedings and reduce delay caused due to evidentiary considerations. The Copyright Laws prescribe a fine, imprisonment or both for violations, with enhanced penalty on second or subsequent convictions.

D. Foreign Investment Regulations

Foreign Exchange Management Act, 1999:

Foreign investment in India is primarily governed by the provisions of FEMA and the rules and regulations promulgated there under. Foreign Exchange Management Act, 1999 ("FEMA") was enacted to consolidate and amend the law relating to foreign exchange with the objective of facilitating external trade and for promoting the orderly development and maintenance of foreign exchange market in India. FEMA extends to whole of India. This Act also applies to all branches, offices and agencies outside India owned or controlled by a person resident in India 102 and also to any contravention committed thereunder outside India by any person to whom the Act is applies. The Act has assigned an important role to the Reserve Bank of India (RBI) in the administration of FEMA.

FEMA Regulations:

As laid down by the FEMA Regulations, no prior consents and approvals are required from the Reserve Bank of India, for Foreign Direct Investment under the automatic route within the specified sectoral caps. In respect of all industries not specified as FDI under the automatic route, and in respect of investment in excess of the specified sectoral limits under the automatic route, approval may be required from the RBI. The RBI, in exercise of its power under the FEMA, has notified the Foreign Exchange Management (Transfer or Issue of Security by a Person Resident Outside India) Regulations, 2000 ("FEMA Regulations") to prohibit, restrict or regulate, transfer by or issue security to a person resident outside India. Foreign investment in India is governed primarily by the provisions of the FEMA which relates to regulation primarily by the RBI and the rules, regulations and notifications there under, and the policy prescribed by the Department of Industrial Policy and Promotion, Ministry of Commerce & Industry, Government of India.

Foreign Trade (Development and Regulation) Act, 1992 ("FTA")

In India, the main legislation concerning foreign trade is the FTA. The FTA read along with relevant rules provides for the development and regulation of foreign trade by facilitating imports into, and augmenting exports from, India and for matters connected therewith or incidental thereto.

As per the provisions of the Act, the Government: -

- (i) may make provisions for facilitating and controlling foreign trade;
- (ii) may prohibit, restrict and regulate exports and imports, in all or specified cases as well as subject them to exceptions, if any;
- (iii) is authorized to formulate and announce an export and import policy and also amend the same from time to time, by notification in the Official Gazette;
- (iv) is also authorized to appoint a Director General of Foreign Trade for the purpose of the Act, including formulation and implementation of the Export-Import (EXIM) Policy.

Foreign Trade Policy

The Foreign Trade Policy provides that no export or import can be made by a person without an Import Export Clearance unless such person is specifically exempted. The policy provides for fast track clearance facility for certain units, and permits the sharing of infrastructure facilities, inter unit transfer of goods and services, setting up of warehouses near the port of export and the use of duty free equipment for training purposes.

Export Act, 1963

The Export Act provides for the sound development of export trade in India through quality control and inspection by setting up the Export Inspection Council.

Export of Goods and Services Regulations, 2015

The Export of Goods and Services Regulations require every exporter of goods to furnish to the relevant custom authorities, a declaration in one of the forms prescribed, declaring the amount representing the full export value of the goods; or if the full export value is not ascertainable at the time of export, the value which the exporter, having regard to the prevailing market conditions expects to receive on the sale of the goods in overseas market, and affirming that the full export value of goods (whether ascertainable at the time of export or not) has been or within the specified period will be paid in the specified manner. The amount representing the full export value of goods exported shall be realised and repatriated to India within six months from the date of export.

E. Taxation Laws

Income Tax Act, 1961

Income Tax Act, 1961 is applicable to every domestic or foreign company whose income is taxable under the provisions of this Act or rules made under it depending upon its “Residential Status” and “Type of Income” involved. Under section 139(1) every Company is required to file its income tax return for every previous year by October 31 of the assessment year. Other compliances like those relating to tax deduction at source, fringe benefit tax, advance tax, and minimum alternative tax and the like are also required to be complied with by every company.

Goods and Service Tax (GST)

Goods and Services Tax (GST) is levied on supply of goods or services or both jointly by the Central and State Governments. GST provides for imposition of tax on the supply of goods or services and will be levied by Centre on intra-state supply of goods or services and by the States including Union territories with legislature/ Union Territories without legislature respectively. A destination-based consumption tax GST would be a dual GST with the center and states simultaneously levying tax with a common base. The GST law is enforced by various acts viz. Central Goods and Services Act, 2017 (CGST), State Goods and Services Tax Act, 2017 (SGST), Union Territory Goods and Services Tax Act, 2017 (UTGST), Integrated Goods and Services Tax Act, 2017 (IGST) and Goods and Services Tax (Compensation to States) Act, 2017 and various rules made thereunder.

Professional Tax

The professional tax slabs in India are applicable to those citizens of India who are either involved in any profession or trade. The State Government of each State is empowered with the responsibility of structuring as well as formulating the respective professional tax criteria and is also required to collect funds through professional tax. The professional taxes are charged on the incomes of individuals, profits of business or gains in vocations. The professional tax is charged as per the List II of the Constitution. The professional taxes are classified under various tax slabs in India. The tax payable under the State Acts by any person earning a salary or wage shall be deducted by his employer from the salary or wages payable to such person before such salary or wages is paid to him, and such employer shall, irrespective of whether such deduction has been made or not when the salary and wage is paid to such persons, be liable to pay tax on behalf of such person and employer has to obtain the registration from the assessing authority in the prescribed manner. Every person liable to pay tax under these Acts (other than a person earning salary or wages, in respect of whom the tax is payable by the employer), shall obtain a certificate of enrolment from the assessing authority.

F. Other Applicable Laws

The Companies Act, 2013 (“Companies Act”)

The Companies Act deals with laws relating to companies and certain other associations. The Companies Act primarily regulates the formation, financing, functioning, and winding up of companies. The Companies Act prescribes regulatory mechanism regarding all relevant aspects, including organizational, financial, and managerial aspects of companies. It deals with issue, allotment and transfer of securities and various aspects relating to company management. It provides for standard of disclosure in public issues of capital, particularly in the fields of company management and projects, information about other listed companies under the same management, and management perception of risk factors.

The Indian Contract Act, 1872 ("Contract Act")

The Indian Contract Act lays down the essentials of a valid contract, it provides a framework of rules and regulations that govern the validity, execution and performance of a contract and codifies the way in which a contract may be entered into, executed, implementation of the provisions of a contract and effects of breach of a contract. The Contract Act consists of limiting factors subject to which contract may be entered into, executed and the breach enforced. The contracting parties themselves decide the rights and duties of parties and terms of agreement.

Sale of Goods Act, 1930 (the "Sale of Goods Act")

The Sale of Goods Act governs contracts relating to sale of goods in India. The contracts for sale of goods are subject to the general principles of the law relating to contracts. A contract of sale may be an absolute one or based on certain conditions. The Sale of Goods Act contains provisions in relation to the essential aspects of such contracts, including the transfer of ownership of the goods, delivery of goods, rights and duties of the buyer and seller, remedies for breach of contract and the conditions and warranties implied under a contract for sale of goods.

Competition Act, 2002 ("Competition Act")

The Competition Act aims to prevent anti-competitive practices that cause or are likely to cause an appreciable adverse effect on competition in the relevant market in India. The Competition Act regulates anti-competitive agreements, abuse of dominant position and combinations. The Competition Commission of India (**"Competition Commission"**) which became operational from May 20, 2009, has been established under the Competition Act to deal with inquiries relating to anti-competitive agreements and abuse of dominant position and regulate combinations. The Competition Act also provides that the Competition Commission has the jurisdiction to inquire into and pass orders in relation to an anti-competitive agreement, abuse of dominant position or a combination, which even though entered into, arising, or taking place outside India or signed between one or more non-Indian parties, but causes an appreciable adverse effect in the relevant market in India.

The Micro, Small and Medium Enterprises Development Act, 2006 ("MSMED Act")

The MSMED Act, was enacted to promote and enhance the competitiveness of Micro, Small and Medium Enterprise ("MSME"). A National Board shall be appointed and established by the Central Government for MSME enterprise with its head office at Delhi in the case of the enterprises engaged in the manufacture or production of goods pertaining to any industry mentioned in first schedule to Industries (Development and Regulation) Act, 1951. The Government, in the Ministry of Micro, Small and Medium Enterprises has issued a notification dated June 1, 2020 revising definition and criterion and the same came into effect from July 1, 2020. The notification revised the definitions as "Micro enterprise", where the investment in plant and machinery or equipment does not exceed one crore rupees and turnover does not exceed five crore rupees; "Small enterprise", where the investment in plant and machinery or equipment does not exceed ten crore rupees and turnover does not exceed fifty crore rupees; "Medium enterprise", where the investment in plant and machinery or equipment does not exceed five crore and turnover does not exceed two hundred and fifty crore rupees.

Municipality Laws

State governments are empowered to endow municipalities with such powers and authority as may be necessary to enable them to perform functions in relation to permitting the carrying on of trade and operations. Accordingly, State governments have enacted laws authorizing municipalities to regulate use of premises, including regulations for issuance of a trade license to operate, along with prescribing penalties for non-compliance.

The Insolvency and Bankruptcy Code, 2016 (the "Code")

The Insolvency and Bankruptcy Code, 2016 cover Insolvency of companies, Limited Liability partnerships (LLPs), unlimited liability partnerships, and individuals. The IBC 2016 has laid down a collective mechanism for resolution of insolvencies in the country by maintaining a delicate balance for

all stakeholders to preserve the economic value of the process in a time bound manner. The code empowers any creditor of a Corporate Debtor (CD), irrespective of it being a Financial Creditor (FC) or Operational Creditor (OC) or secured or unsecured creditor, or the Corporate Debtor itself, to make an application before the Adjudicating Authority (AA) to initiate Corporate Insolvency Resolution Process (CIRP) against a Corporate Debtor, at their discretion, in the event of there being a default by the Corporate Debtor in payment of their dues for an amount as specified from time to time. On initiation of the Said CIRP, a resolution to be sought for the company within a time bound time period of 180 days from the date the application is submitted.

Inventories comprises of stock in trade being Software and Hardware components.

Inventories are measured at the lower of cost and net realisable value. The cost of inventories is based on the first-in, first-out principle. Net realizable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and the estimated costs necessary to make the sale.

2.07 IMPAIRMENT OF ASSETS

An asset is treated as impaired when the carrying cost of asset exceeds its recoverable value. Recoverable amount is the higher of an asset's net selling price and its value in use. Value in use is the present value of estimated future cash flows expected to arise from the continuing use of the asset and from its disposal at the end of its useful life. Net selling price is the amount obtainable from sale of the asset in an arm's length transaction between knowledgeable, willing parties, less the costs of disposal. An impairment loss is charged to the Statement of Profit and Loss in the year in which an asset is identified as impaired. The impairment loss recognised in prior accounting periods is reversed if there has been a change in the estimate of the recoverable value.

2.08 INVESTMENTS:

Non-current investments are carried at cost less any other-than-temporary diminution in value, determined on the specific identification basis. Profit or loss on sale of investments is determined as the difference between the sale price and carrying value of investment, determined individually for each investment. Cost of investments sold is arrived using average method.

2.09 FOREIGN CURRENCY TRANSLATIONS

(i) Initial Recognition

Foreign currency transactions are recorded in the reporting currency, by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

(ii) Measurement of foreign currency items at the Balance Sheet date

Foreign currency monetary items are reported using the closing rate. Non-monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction.

CIN: U74999UP2016PLC228280

ANNEXURE IV: CORPORATE INFORMATION, SIGNIFICANT ACCOUNTING POLICIES, RECONCILIATION OF NET PROFIT/(LOSS) AND RECONCILIATION OF NETWORTH

(iii) Exchange Differences

Exchange differences arising on the settlement of monetary items or on reporting of monetary items at rates different from those at which they were initially recorded during the year, or reported in previous financial statements, are recognised as income or as expenses in the year in which they arise. Investments in shares of foreign subsidiaries are not restated at the end of the year.

2.10 BORROWING COSTS

Borrowing Costs include interest, amortization of ancillary costs incurred and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost. Costs in connection with the borrowing of funds to the extent not directly related to the acquisition of qualifying assets are charged to the Statement of Profit and Loss over the tenure of the loan. Borrowing costs, allocated to and utilized for qualifying assets, pertaining to the period from commencement of activities relating to construction / development of the qualifying asset upto the date of capitalization of such asset is added to the cost of the assets.

2.11 PROVISIONS, CONTINGENT LIABILITIES AND CONTINGENT ASSETS

A provision is recognised when the Company has a present obligation as a result of past events and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made. Provisions (excluding retirement benefits) are not discounted to their present value and are determined based on the best estimate required to settle the obligation at the Balance Sheet date. These are reviewed at each Balance Sheet date and adjusted to reflect the current best estimates.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non occurrence of one or more uncertain future events not wholly in the control of the company or a present obligation that arises from past event where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made.

2.12 REVENUE RECOGNITION

Revenue is recognised on accrual basis unless otherwise stated.

Revenue from the sales of hardware components is recognized when the significant risk and rewards of ownership of the goods have passed to the buyer, usually on delivery of the hardware components and revenue from the sales of softwares is recognized when it is delivered and installed and is measured at fair value of consideration received/receivable, net of return and allowance, discounts, volume rebates and cash discount.

Revenue from services is recognised based on services rendered to clients as per the terms of specific contracts. The sales of services are recorded at invoice value, net of GST, trade discount, and rebates, where applicable.

2.13 OTHER INCOME

Interest Income on fixed deposit is recognized on time proportion basis. Other Income is accounted for when right to receive such income is established.

2.14 TAXES ON INCOME

Income taxes are accounted for in accordance with Accounting Standard (AS-22) – “Accounting for taxes on income”, notified under Companies (Accounting Standards) Rules, 2021. Income tax comprises of both current and deferred tax.

Current tax is measured on the basis of estimated taxable income and tax credits computed in accordance with the relevant prevailing tax laws.

Deferred Tax is recognized for all the timing differences, subject to the consideration of prudence in respect of deferred tax assets. Deferred tax assets are recognized and carried forward only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax asset can be realized. Deferred tax assets and liabilities are measured using the tax rates and tax laws that have been enacted or substantively enacted by the Balance Sheet date. At each Balance Sheet date, The Company re-assesses unrecognized deferred tax assets, if any. In case of unabsorbed losses and unabsorbed depreciation, all deferred tax assets are recognized only if there is virtual certainty supported by convincing evidence that can be realized against future taxable profit. At each balance sheet date the Company reassesses unrecognized deferred tax assets.

Minimum Alternative Tax credit is recognized as an asset only when and to the extent there is convincing evidence that the company will pay normal income tax during the specified period. Such asset is reviewed at each Balance Sheet date and the carrying amount of the MAT credit asset is written down to the extent there is no longer convincing evidence to the effect that the Company will pay normal income tax during the specified period.

2.15 CASH AND BANK BALANCES

Cash and cash equivalents comprises Cash-in-hand, Current Accounts, Fixed Deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value. Other Bank Balances are short-term balance (with original maturity is more than three months but less than twelve months).

2.16 EARNINGS PER SHARE

Basic earning per share is computed by dividing the profit/ (loss) after tax (including the post tax effect of extraordinary items, if any) by the weighted average number of equity share outstanding during the year. Diluted earning per share is computed by dividing the profit/ (loss) after tax (including the post tax effect of extraordinary items, if any) as adjusted for dividend, interest and other charges to expense or income (net of any attributable taxes) relating to the dilutive potential equity shares, by the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares.

2.17 EMPLOYEE BENEFITS

Short-term employee benefits

The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognised during the year when the employees render the service. These benefits include performance incentives.

Defined Contribution Plan:

In respect to retirement benefit in the form of Provident fund, the Company's Contribution paid/payable under the schemes is recognized as an expense in the period in which the employee renders the related service. The Company's contributions towards provident fund, which are being deposited with the Regional Provident Fund Commissioner, are charged to the Statement of Profit and Loss.

Defined Benefit Plan:

The Company provides for Gratuity, a defined benefit plan (the "Gratuity Plan") covering eligible employees in accordance with the Payment of Gratuity Act, 1972. The Gratuity Plan provides a Lump sum payment to vested employees at retirement, death, incapacitation or termination of employment. The Company's liability is actuarially determined (using the Projected Unit Credit Method) at the end of each reporting period. Actuarial losses/gains are recognized in the Statement of Profit and Loss in the period in which they arise.

Accumulated compensated absences, which are expected to be availed or encashed within 12 months from the end of the year end are treated as short term employee benefits and the accumulated compensated absences, which are expected to be availed or encashed beyond 12 months from the end of the year are treated as other long term employee benefits. The Company's liability is actuarially determined (using the Projected Unit Credit Method) at the end of each year. Actuarial Losses/ Gains are recognized in the Statement of Profit and Loss in the year in which they arise.

The company has adopted leave policy with effect from April 01, 2024.

2.18 SEGMENT REPORTING

FACTORS AFFECTING OUR RESULT OF OPERATIONS

Except as otherwise stated in this Prospectus and the Risk Factors given in the Prospectus, the following important factors could cause actual results to differ materially from the expectations include, among others:

Regulatory Framework

We have obtained all regulatory permissions which are necessary to run our business, Further, some of the approvals are granted for fixed periods of time and need renewals, which are obtained in the course of business, however, there may be change in statutory regulations at any time which cannot be predicted by us. There can be no assurance that the change in regulations will not impact our operations in the future.

Ability of Management

Our success depends on the continued services and performance of the members of our management team and other key employees. Competition for senior management in the industry is intense, and we may not be able to retain our existing senior management or attract and retain new senior management in the future. The loss of any member of our senior management or other key personnel may adversely affect our business, results of operations and financial condition.

Market & Economic conditions

India is one of the largest economies and is growing at a rapid pace. But in this globalised economy, all the businesses face an uncertain level of volatility from unexpected global events which ranges from global pandemics to wars, to weather changes to supply chain disruption, which may change the economic dynamics and the purchasing capability of the end customers. At the time of market slowdown, the demand falls which has adverse impact on our business.

Competition

We compete with a range of players in the highly competitive CX industry, including large multinational corporations as well as specialized boutique firms. The market is characterized by price wars, rapid technological advancements, and the constant need for innovation to stay ahead. These factors present significant challenges for our company, as they can erode profit margins and make it difficult to differentiate our offerings.

Significant Developments after March 31, 2025 that may affect our Future Results of Operations

The Directors confirm that there have been no other events or circumstances since the date of the last financial statements as disclosed in the Prospectus which materially or adversely affect or is likely to affect the business or profitability of our Company or the value of our assets, or our ability to pay liabilities within next twelve months.

STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES

a) BASIS OF ACCOUNTING AND PREPARATION OF FINANCIAL STATEMENTS

The restated consolidated summary statement of assets and liabilities of the Company as at September 30, 2025, March 31, 2025, March 31, 2024 and 2023 and the related restated summary statement of profits and loss and cash flows for the period/year ended September 30, 2025, March 31, 2025, March 31, 2024 and 2023 herein collectively referred to as (“Restated Summary Statements”) have been compiled by the management from the audited Consolidated Financial Statements of the Company for the period/year ended on September 30, 2025, March 31, 2025, March 31, 2024 and 2023 approved by the Board of Directors of the Company. Restated Summary Statements have been prepared to comply in all material respects with the provisions of Part I of Chapter III of the Companies Act, 2013 (the “Act”) read with Companies (Prospectus and Allotment of Securities) Rules, 2014, Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018 (“ICDR Regulations”) issued by SEBI and Guidance note on Reports in Companies Prospectuses (Revised 2019) (“Guidance Note”). Restated Summary Statements have been prepared specifically for inclusion in the offer document to be filed by the Company with the BSE Limited in connection with its proposed SME IPO. The Company’s management has recast the Financial Statements in the form required by Schedule III of the Companies Act, 2013 for the purpose of restated Summary Statements.

The Restated Consolidated Financial Statements are prepared and presented under the historical cost convention and evaluated on a goingconcern basis using the accrual system of accounting in accordance with the accounting principles generally accepted in India (Indian GAAP) and the requirements of the Companies Act, including the Accounting Standards as prescribed by the Section 133 of the Companies Act, 2013 (“the Act”) read with Rule 7 of Companies (Accounts) Rules, 2014.

The financial statements of the Company and its subsidiary companies have been combined on a line-by-line basis by adding together the book values of like items of assets, liabilities, income and expenses, after fully eliminating intra-group balances and intra-group transactions resulting in unrealized profits or losses

as per Accounting Standard 21 – “Consolidated Financial Statements” notified by Companies (Accounting Standards) Rules, 2021.

Accounting policies not specifically referred to otherwise are consistent and in consonance with generally accepted accounting principles in India.

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in Schedule III to the Companies Act, 2013. Based on the nature of products and the time between the acquisition of assets for processing and their realization in cash and cash equivalents, the Company has determined its operating cycle as twelve months for the purpose of current– non current classification of assets and liabilities.

b) CURRENT & NON-CURRENT CLASSIFICATION

All assets and liabilities are classified into current and non-current. Assets:

An asset is classified as current when it satisfies any of the following criteria:

- a) It is expected to be realised in, or is intended for sale or consumption in, the Company's normal operating cycle;
- b) It is held primarily for the purpose of being traded;
- c) It is expected to be realised within 12 months after the reporting date; or
- d) It is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least 12 months after the reporting date

Current assets include the current portion of non-current financial assets. All other assets are classified as non-current.

Liabilities:

A liability is classified as current when it satisfies any of the following criteria:

- a) It is expected to be settled in the Company's normal operating cycle;
- b) It is held primarily for the purpose of being traded;
- c) It is due to be settled within 12 months after the reporting date; or
- d) The Company does not have an unconditional right to defer settlement of the liability for at least 12 months after the reporting date. Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification. Current liabilities include current portion of non-current financial liabilities. All other liabilities are classified as non-current.

c) USE OF ESTIMATES

The preparation of the financial statements in conformity with Indian GAAP requires the Management to make estimates and assumptions considered in the reported amounts of assets and liabilities (including contingent liabilities) and the reported income and expenses during the year. The Management believes that the estimates used in preparation of the financial statements are prudent and reasonable. Future results could differ due to these estimates and the differences between the actual results and the estimates are recognised in the periods in which the results are known / materialise.

d) PROPERTY, PLANT & EQUIPMENT AND INTANGIBLE ASSETS

(i) Property, Plant & Equipment

All Property, Plant & Equipment are recorded at cost including taxes, duties, freight and other incidental expenses incurred in relation to their acquisition and bringing the asset to its intended use.

(ii) Intangible Assets

Intangible Assets are stated at acquisition cost, net of accumulated amortization and accumulated impairment losses, if any.

e) DEPRECIATION / AMORTISATION

Depreciation on fixed assets is calculated on a Written- Down value method using the rates arrived at based on the useful lives estimated by the management, or those prescribed under the Schedule II to the Companies Act, 2013.

Intangible assets including internally developed intangible assets are amortised on straight line method basis over 3 years in pursuance of provisions of AS-26.

f) INVENTORIES

Inventories comprises of stock in trade being Licenses and Hardware components.

Inventories are measured at the lower of cost and net realisable value. The cost of inventories is based on the first-in, first-out principle. Net realizable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and the estimated costs necessary to make the sale.

g) IMPAIRMENT OF ASSETS

An asset is treated as impaired when the carrying cost of asset exceeds its recoverable value. Recoverable amount is the higher of an asset's net selling price and its value in use. Value in use is the present value of estimated future cash flows expected to arise from the continuing use of the asset and from its disposal at the end of its useful life. Net selling price is the amount obtainable from sale of the asset in an arm's length transaction between knowledgeable, willing parties, less the costs of disposal. An impairment loss is charged to the Statement of Profit and Loss in the year in which an asset is identified as impaired. The impairment loss recognised in prior accounting periods is reversed if there has been a change in the estimate of the recoverable value.

h) INVESTMENTS:

Non-current investments are carried at cost less any other-than-temporary diminution in value, determined on the specific identification basis.

Profit or loss on sale of investments is determined as the difference between the sale price and carrying value of investment, determined individually for each investment. Cost of investments sold is arrived using average method.

i) FOREIGN CURRENCY TRANSLATIONS

(i) Initial Recognition

Foreign currency transactions are recorded in the reporting currency, by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

(ii) Measurement of foreign currency items at the Balance Sheet date

Foreign currency monetary items are reported using the closing rate. Non-monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction.

(iii) Exchange Differences

Exchange differences arising on the settlement of monetary items or on reporting of monetary items at rates different from those at which they were initially recorded during the year, or reported in previous financial statements, are recognised as income or as expenses in the year in which they arise. Investments in shares of foreign subsidiaries are not restated at the end of the year.

j) BORROWING COSTS

Borrowing Costs include interest, amortization of ancillary costs incurred and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost. Costs

in connection with the borrowing of funds to the extent not directly related to the acquisition of qualifying assets are charged to the Statement of Profit and Loss over the tenure of the loan. Borrowing costs, allocated to and utilized for qualifying assets, pertaining to the period from commencement of activities relating to construction / development of the qualifying asset upto the date of capitalization of such asset is added to the cost of the assets.

k) PROVISIONS, CONTINGENT LIABILITIES AND CONTINGENT ASSETS

A provision is recognised when the Company has a present obligation as a result of past events and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made. Provisions (excluding retirement benefits) are not discounted to their present value and are determined based on the best estimate required to settle the obligation at the Balance Sheet date. These are reviewed at each Balance Sheet date and adjusted to reflect the current best estimates.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly in the control of the company or a present obligation that arises from past event where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made.

l) REVENUE RECOGNITION

Revenue is recognised on accrual basis unless otherwise stated.

Revenue from the sales of hardware components is recognized when the significant risk and rewards of ownership of the goods have passed to the buyer, usually on delivery of the hardware components and revenue from the sales of licenses is recognized when it is delivered and installed and is measured at fair value of consideration received/receivable, net of return and allowance, discounts, volume rebates and cash discount.

Revenue from services is recognised based on services rendered to clients as per the terms of specific contracts. The sales of services are recorded at invoice value, net of GST, trade discount, and rebates, where applicable.

m) OTHER INCOME

Interest Income on fixed deposit is recognized on time proportion basis. Other Income is accounted for when right to receive such income is established.

n) TAXES ON INCOME

Income taxes are accounted for in accordance with Accounting Standard (AS-22) – “Accounting for taxes on income”, notified under Companies (Accounting Standards) Rules, 2021. Income tax comprises of both current and deferred tax.

Current tax is measured on the basis of estimated taxable income and tax credits computed in accordance with the provisions of the Income Tax Act, 1961.

Deferred Tax is recognized for all the timing differences, subject to the consideration of prudence in respect of deferred tax assets. Deferred tax assets are recognized and carried forward only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax asset can be realized. Deferred tax assets and liabilities are measured using the tax rates and tax laws that have been enacted or substantively enacted by the Balance Sheet date. At each Balance Sheet date, The Company re-assesses unrecognized deferred tax assets, if any. In case of unabsorbed losses and unabsorbed depreciation, all deferred tax assets are recognized only if there is virtual certainty supported by convincing evidence that can be realized against future taxable profit. At each balance sheet date the Company reassesses unrecognized deferred tax assets.

Minimum Alternative Tax credit is recognized as an asset only when and to the extent there is convincing evidence that the company will pay normal income tax during the specified period. Such asset is reviewed at each Balance Sheet date and the carrying amount of the MAT credit asset is written down to the extent

there is no longer convincing evidence to the effect that the Company will pay normal income tax during the specified period.

o) CASH AND BANK BALANCES

Cash and cash equivalents comprises Cash-in-hand, Current Accounts, Fixed Deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value. Other Bank Balances are short-term balance (with original maturity is more than three months but less than twelve months).

p) EARNINGS PER SHARE

Basic earning per share is computed by dividing the profit/ (loss) after tax (including the post tax effect of extraordinary items, if any) by the weighted average number of equity share outstanding during the year. Diluted earning per share is computed by dividing the profit/ (loss) after tax (including the post tax effect of extraordinary items, if any) as adjusted for dividend, interest and other charges to expense or income (net of any attributable taxes) relating to the dilutive potential equity shares, by the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares.

q) EMPLOYEE BENEFITS

Short-term employee benefits:

The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognised during the year when the employees render the service. These benefits include performance incentives.

Defined Contribution Plan:

In respect to retirement benefit in the form of Provident fund, the Company's Contribution paid/payable under the schemes is recognized as an expense in the period in which the employee renders the related service. The Company's contributions towards provident fund, which are being deposited with the Regional Provident Fund Commissioner, are charged to the Statement of Profit and Loss.

Defined Benefit Plan:

The Company provides for Gratuity, a defined benefit plan (the "Gratuity Plan") covering eligible employees in accordance with the Payment of Gratuity Act, 1972. The Gratuity Plan provides a Lump sum payment to vested employees at retirement, death, incapacitation or termination of employment. The Company's liability is actuarially determined (using the Projected Unit Credit Method) at the end of each reporting period. Actuarial losses/gains are recognized in the Statement of Profit and Loss in the period in which they arise.

Accumulated compensated absences, which are expected to be availed or encashed within 12 months from the end of the year end are treated as short term employee benefits and the accumulated compensated absences, which are expected to be availed or encashed beyond 12 months from the end of the year are treated as other long term employee benefits. The Company's liability is actuarially determined (using the Projected Unit Credit Method) at the end of each year. Actuarial Losses / Gains are recognized in the Statement of Profit and Loss in the year in which they arise.

The company has adopted leave policy with effect from April 01, 2024.

r) SEGMENT REPORTING

Since the company is operating on one segment, Segment reporting is not applicable to the company.

Fiscal 2025 compared with Fiscal 2024

Revenue from Operations

The Revenue from Operations of our company for Fiscal year 2025 was ₹ 12,422.95 Lakhs against ₹ 11,390.73 Lakhs for Fiscal year 2024. An increase of 9.06% in revenue from operations. This increase was due to the company received significant additional orders from its existing customers, reflecting their continued trust and satisfaction with our services. In addition, we were also able to onboard new customers during the year, which contributed to the incremental revenue. The combined effect of higher repeat business and new customer acquisition has resulted in the overall increase in turnover for FY 2024–25.

Other Income

The other income of our company for Fiscal year 2025 was ₹ 193.11 Lakhs against ₹ 100.05 for Fiscal year 2024. The increase of 93.01% in other income. This increase was due to higher interest earned on fixed deposits and balances written off.

Total Income

The total income of the company for Fiscal year 2025 was ₹ 12,616.06 Lakhs against ₹ 11,490.78 Lakhs of Total income for Fiscal year 2024 with an increase of 9.79% in total income. This increase was primarily due to significant additional orders received from existing customers. In addition, the company successfully onboarded new customers during the year, which contributed to incremental revenue. Furthermore, higher interest earned on fixed deposits and balances written off also supported the overall increase in total income.

Expenditure

Purchases

In Fiscal 2025, Purchases were ₹ 8,871.46 Lakhs against ₹ 9,282.62 Lakhs of Purchases in Fiscal 2024. A decrease of 4.43%. This decrease was due to the execution of certain high-margin projects, which enabled the company to achieve higher turnover with comparatively lower material consumption. Furthermore, the company received increased discounts and rebates from vendors during the year, reflecting stronger supplier relationships and effective negotiation of commercial terms.

In addition, better procurement planning, improved inventory management, and optimization of resources contributed to lowering the purchase requirement without impacting project execution. These initiatives ensured cost efficiency and supported the company's strategy of focusing on profitability and sustainable growth.

Direct Expenses

In Fiscal 2025, the Company incurred Direct expenses of ₹ 0.64 Lakhs against ₹ 1.77 Lakhs of Direct expenses in fiscal 2024. A decrease of 63.84%. This decrease was due to Company's conscious efforts to optimize resources to the maximum extent possible. Through effective cost-control measures, better allocation of manpower, and improved operational efficiency, the Company was able to reduce direct costs substantially, despite an increase in turnover and revenue during the year.

Changes in Inventories

In Fiscal 2025, the Changes in Inventories amounted to ₹ 134.74 Lakhs against ₹ (364.92) Lakhs of changes in inventories in fiscal 2024. Due to the variation is primarily on account of a decrease in the value of closing stock as on 31.03.25. This strategic approach ensured that resources were better utilized, and the decrease in closing stock value was aligned with the Company's operational requirements and turnover growth during FY 2024–25.

Employee Benefit Expenses

In Fiscal 2025, the Company incurred employee benefit expenses of ₹ 1,122.12 Lakhs against ₹ 1,156.66 Lakhs expenses in Fiscal 2024. A decrease of 2.99%. This reduction was primarily on account of capitalization of certain manpower expenses under Intangible Assets (Work-in-Progress).

By allocating specific employee costs directly attributable to the development of intangible assets, the Company ensured proper accounting treatment in line with applicable standards. While overall manpower strength and operational requirements remained stable to support business growth, the capitalization of eligible expenses resulted in a lower charge under Employee Benefit Expenses for the year.

Finance Costs

The finance costs for the Fiscal 2025 were ₹ 202.16 Lakhs while it was ₹ 126.89 Lakhs for Fiscal 2024. An increase of 59.32 %. This increase was due to higher borrowings availed during the year to support increased business operations and working capital requirements.

Other Expenses

In Fiscal 2025, our other expenses were ₹ 874.25 Lakhs against ₹ 491.43 Lakhs in Fiscal 2024. An increase of 77.90%. This increase was due to the following reasons:

1. Higher Office Rent: Expansion of office facilities to support growing operations led to an increase in rental expenses.
2. Travelling & Conveyance: Additional travel and conveyance costs were incurred in connection with the execution of new projects and customer requirements.
3. Business Promotion: Increased expenditure on business promotion activities was undertaken to strengthen market presence and drive business growth.

These increases reflect the Company's strategic focus on expansion, customer engagement, and positioning for long-term growth.

Profit before Tax

Our Company had reported a profit before tax for the Fiscal 2025 of ₹ 1,350.57 Lakhs against profit before tax of ₹ 773.07 Lakhs in Fiscal 2024. An increase of 74.70%. This increase was primarily driven by "the following factors:

1. Increase in Revenue from Operations: Higher turnover was achieved due to additional orders from existing customers as well as successful onboarding of new customers.
2. Increase in Other Income: Growth in other income was mainly contributed by higher interest earned on fixed deposits and balances written off.
3. Decrease in Purchases: Execution of high-margin projects, coupled with better vendor terms and rebates, led to a reduction in purchase costs despite growth in turnover.
4. Decrease in Employee Benefit Expenses: Capitalization of certain manpower costs under Intangible Assets (Work-in-Progress) resulted in lower employee expenses reported during the year.

The combined effect of revenue growth, enhanced other income, and effective cost optimization measures translated into a robust improvement in profitability for FY 2024–25.

Profit after Tax

Profit after tax for the Fiscal 2025 were at ₹ 974.84 Lakhs against profit after tax of ₹ 530.56 Lakhs in fiscal 2024, An Increase of 83.74%. This increase was primarily driven by increase in Profit Before Tax, as explained in the above paragraph.

Fiscal 2024 compared with Fiscal 2023

Revenue from Operations

The Revenue from Operations of our company for Fiscal year 2024 was ₹ 11,390.73 Lakhs against ₹ 7,276.27 Lakhs for Fiscal year 2023. An increase of 56.55% in revenue from operations. This increase was due to significant additional orders received from existing customers & onboarded several new customers during the year, which further contributed to incremental revenue.

Other Income

The other income of our company for Fiscal year 2024 was ₹ 100.05 Lakhs against ₹ 36.84 for Fiscal year 2023. The increase of 171.58% in other income. This increase was due to higher interest income from fixed deposits owing to larger deposit balances and better treasury management, along with additional rebates and discounts received from OEMs as a result of the Company's improved business performance and stronger partnerships with OEMs.

Total Income

The total income of the company for Fiscal year 2024 was ₹ 11,490.78 Lakhs against ₹ 7,313.11 Lakhs of total income for Fiscal year 2023 with an increase of 57.13% in total income. This increase was primarily due to higher revenue from operations, supported by improved market demand and enhanced execution of orders along with increased interest income from fixed deposits and additional discounts received from OEMs.

Expenditure

Purchases

In Fiscal 2024, Purchases were ₹ 9,282.62 Lakhs against ₹ 5,872.55 Lakhs of Purchases in Fiscal 2023. An increase of 58.07%. This increase was due to corresponding increase in operational revenue during the year, which necessitated higher procurement of products and services to meet enhanced customer demand. The significant growth in orders from existing customers, along with the addition of new customers, resulted in increased project execution and, consequently, higher purchase requirements.

Direct Expenses

In Fiscal 2024, the Company incurred Direct expenses of ₹ 1.77 Lakhs against ₹ 2.17 Lakhs of Direct expenses in fiscal 2023. A decrease of 18.43%. This decrease was due to better allocation of manpower and improved operational efficiency.

Changes in Inventories

In Fiscal 2024, the Changes in Inventories amounted to ₹ (364.92) Lakhs against ₹ (133.61) Lakhs of changes in inventories in fiscal 2023 due to increase in the value of closing stock as on 31.03.2024. This higher closing stock was maintained to meet the requirements of upcoming projects and to support the new pipeline of business opportunities added during the year.

Employee Benefit Expenses

In Fiscal 2024, the Company incurred employee benefit expenses of ₹1,156.66 Lakhs against ₹646.08 Lakhs expenses in fiscal 2023. An increase of 79.03%. This increase was due to onboarding highly skilled resources to cater to the requirements of both new and existing priority customers and projects.

The expansion of manpower strength was undertaken to ensure timely execution of projects, enhance service delivery, and strengthen customer satisfaction. These strategic investments in talent acquisition reflect the

Company's focus on building strong capabilities to support its growth trajectory and long-term business objectives.

Finance Costs

The finance costs for the Fiscal 2024 were ₹ 126.89 Lakhs while it was ₹ 100.02 Lakhs for Fiscal 2023. An increase of 26.86%. This increase was due to increase due higher borrowings availed during the year to support increased business operations and working capital requirements.

Other Expenses

In fiscal 2024, our other expenses were ₹ 491.43 Lakhs and ₹ 305.94 Lakhs in fiscal 2023. An increase of 60.63%. This increase was due to the following factors:

1. Car Lease Rentals: Higher car lease rental expenses incurred for key senior employees.
2. Office Expansion: Additional rental costs due to expansion of office facilities to support growing operations.
3. Professional Fees & Charges: Increase in professional consultancy fees and related charges to support business requirements.
4. Travelling & Conveyance: Higher domestic and foreign travel expenditure incurred in connection with project execution and customer engagements.

The overall increase in other expenses was aligned with the Company's business expansion and operational growth initiatives undertaken during the year.

Profit before Tax

Our Company had reported a profit before tax for the Fiscal 2024 of ₹ 773.07 Lakhs against profit before tax of ₹ 502.62 Lakhs in Fiscal 2023. An increase of 53.81%. This increase was primarily due to the following factors:

1. Increase in Revenue from Operations – Significant additional orders from existing customers along with onboarding of new customers, leading to strong revenue growth.
2. Higher Other Income – Increase in income from interest on fixed deposits and other non-operational sources.
3. Operational Efficiency – Better allocation of manpower and improved cost management, resulting in reduced direct expenses relative to turnover.
4. Strategic Investments in Manpower – Though employee benefit expenses increased due to hiring of skilled resources, this was aligned with revenue growth and supported higher-margin project execution.

Profit after Tax

Profit after tax for the Fiscal 2024 were at ₹ 530.56 Lakhs against profit after tax of ₹ 505.78 Lakhs in fiscal 2023, An increase of 4.93%. This increase was primarily due to increase in Profit Before Tax, as explained in the above paragraph.

SECTION VII: LEGAL AND OTHER INFORMATION

OUTSTANDING LITIGATION AND MATERIAL DEVELOPMENTS

Except as stated in this section, there are no outstanding: (a) criminal proceedings; (b) actions by statutory or regulatory authorities; (c) claims relating to direct and indirect taxes; or (d) Material Litigation (as defined below); involving our Company, its Directors, the Promoters, KMPs and SMPs ("Relevant Parties"). Further, there are no disciplinary actions (including penalties) imposed by SEBI or the Stock Exchanges against our Promoters in the last five (5) FYs, including any outstanding action.

For the purpose of material litigation in (d) above, our Board in its meeting held on September 5, 2025 has considered and adopted the following policy on materiality for identification of material outstanding litigation involving the Relevant Parties ("Materiality Policy"). In accordance with the Materiality Policy, all outstanding litigation, including any litigation involving the Relevant Parties, other than criminal proceedings and actions by regulatory authorities and statutory authorities, will be considered material if:

- (i) the omission of an event or information, whose value or the expected impact in terms of value exceeds the limits as prescribed under the SEBI Listing Regulations (as amended from time to time) i.e.:
 - a) two percent of turnover, as per the last annual restated consolidated financial statements of the Company; or i.e. 248.46 Lakhs;
 - b) two percent of net worth, except in case of the arithmetic value of the networth is negative, as per the last annual consolidated restated financial statements of the Company; or i.e. 84.61 Lakhs;
 - c) five percent of the average of absolute value of profit or loss after tax, as per the last three annual restated consolidated financial statements of the Company. i.e. 33.52 Lakhs.

Accordingly, any transaction exceeding the lower of a, b or c above i.e. 33.52 lakhs will be considered for the above purpose; or

- (ii) where the decision in one case is likely to affect the decision in similar cases, even though the amount involved in individual litigation does not exceed the amount determined as per clause (i) above, and the amount involved in all of such cases taken together exceeds the amount determined as per clause (i) above; and
- (iii) any such litigation which does not meet the criteria set out in (i) above and an adverse outcome in which would materially and adversely affect the operations or financial position of the Company.

In terms of the materiality policy above any litigations (apart from (a) criminal proceedings; (b) actions by statutory or regulatory authorities and (c) claims relating to direct and indirect taxes), the monetary value of which or the adverse impact resulting from such litigation exceeds 33.52 Lakhs shall be considered Material Litigation.

It is clarified that for the above purposes, pre-litigation notices received by Relevant Parties, unless otherwise decided by our Board, are not evaluated for materiality until such time that the Relevant Parties are impleaded as defendants in litigation proceedings before any judicial forum.

Except as stated in this Section, there are no outstanding material dues to creditors of our Company. For this purpose, our Board has considered and adopted a policy of materiality for identification of material outstanding dues to creditors by way of its resolution dated September 5, 2025. In terms of the materiality policy, creditors of our Company to whom amounts outstanding dues to any creditor of our Company exceeding 77.91 Lakhs i.e. 5% of the total consolidated trade payables of our Company as per the latest Consolidated Restated Financial Statements of our Company disclosed in this Prospectus, would be considered as material creditors. The trade payables of our Company as on September 30, 2025 were 1,558.29 Lakhs. Details of outstanding dues to micro, small and medium enterprises and other creditors separately giving details of number of cases and amount involved, shall be uploaded and disclosed on the website of the Company as required under the SEBI ICDR Regulations.

For outstanding dues to any micro, small or medium enterprise, the disclosure shall be based on information

available with our Company regarding the status of the creditor as defined under the Micro, Small and Medium Enterprises Development Act, 2006 as amended, read with the rules and notification thereunder, as amended, as has been relied upon by the Statutory Auditors.

MECHANISM FOR REDRESSAL OF INVESTOR GRIEVANCES

The Registrar Agreement provides for the retention of records with the Registrar to the Offer for a minimum period of three years from the date of listing and commencement of trading of the Equity Shares on the Stock Exchanges, subject to agreement with our Company for storage of such records for longer period, to enable the investors to approach the Registrar to the Offer for redressal of their grievances. The Registrar to the Offer shall obtain the required information from the SCSBs for addressing any clarifications or grievances of ASBA Bidders.

All grievances, other than of Anchor Investors may be addressed to the Registrar to the Offer with a copy to the relevant Designated Intermediary with whom the ASBA Form was submitted, giving full details such as name of the sole or First Bidder, ASBA Form number, Bidder's DP ID, Client ID, PAN, address of Bidder, number of Equity Shares applied for, ASBA Account number in which the amount equivalent to the Bid Amount was blocked or the UPI ID (for UPI Bidders who make the payment of Bid Amount through the UPI Mechanism), date of ASBA Form and the name and address of the relevant Designated Intermediary where the Bid was submitted. Further, the Bidder shall enclose the Acknowledgment Slip or the application number from the Designated Intermediary in addition to the documents or information mentioned hereinabove. All grievances relating to Bids submitted through Registered Brokers may be addressed to the Stock Exchange with a copy to the Registrar to the Offer.

All grievances of the Anchor Investors may be addressed to the Registrar to the Offer, giving full details such as the name of the sole or First Bidder, Bid cum Application Form number, Bidders' DP ID, Client ID, PAN, date of the Bid cum Application Form, address of the Bidder, number of the Equity Shares applied for, Bid Amount paid on submission of the Bid cum Application Form and the name and address of the Book Running Lead Manager where the Bid cum Application Form was submitted by the Anchor Investor

In case of any delay in unblocking of amounts in the ASBA Accounts exceeding four Working Days from the Bid / Offer Closing Date, the Bidder shall be compensated at a uniform rate of ₹ 100 per day for the entire duration of delay exceeding four Working Days from the Bid / Offer Closing Date by the intermediary responsible for causing such delay in unblocking. The BRLM shall, in their sole discretion, identify and fix the liability on such intermediary or entity responsible for such delay in unblocking.

In terms of SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2018/22 dated February 15, 2018, SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021, as amended pursuant to SEBI circular no. SCSBs are required to resolve these complaints within 15 days, failing which the concerned SCSB would have to pay interest at the rate of 15% per annum for any delay beyond this period of 15 days. Further, the investors shall be compensated by the SCSBs at the rate higher of ₹100 per day or 15% per annum of the application amount in the events of delayed or withdrawal of applications, blocking of multiple amounts for the same UPI application, blocking of more amount than the application amount, delayed unblocking of amounts for non-allotted/partially allotted applications for the stipulated period. In an event there is a delay in redressal of the investor grievance in relation to unblocking of amounts, the Book Running Lead Manager shall compensate the investors at the rate higher of ₹100 per day or 15% per annum of the application amount.

Scenario	Compensation Amount	Compensation Period
Delayed unblock for cancelled / withdrawn / deleted applications	₹100 per day or 15% per annum of the Bid Amount, whichever is higher	From the date on which the request for cancellation / withdrawal / deletion is placed on the bidding platform of the Stock Exchange till the date of actual unblock
Blocking of multiple amounts for the same Bid made through the UPI Mechanism	1. Instantly revoke the blocked funds other than the original application amount and	From the date on which multiple amounts were blocked till the date of actual unblock

	2. ₹100 per day or 15% per annum of the total cumulative blocked amount except the original Bid Amount, whichever is higher	
Blocking more amount than the Bid Amount	1. Instantly revoke the difference amount, i.e., the blocked amount less the Bid Amount and 2. ₹100 per day or 15% per annum of the difference amount, whichever is higher	From the date on which the funds to the excess of the Bid Amount were blocked till the date of actual unblock
Delayed unblock for non – Allotted / partially Allotted applications	₹100 per day or 15% per annum of the Bid Amount, whichever is higher	From the Working Day subsequent to the finalization of the Basis of Allotment till the date of actual unblock

Further, in the event there are any delays in resolving the investor grievance beyond the date of receipt of the complaint from the investor, for each day delayed, the Book Running Lead Manager shall be liable to compensate the investor ₹ 100 per day or 15% per annum of the Bid Amount, whichever is higher. The compensation shall be payable for the period ranging from the day on which the investor grievance is received till the date of actual unblock.

Our Company, the Promoter Selling Shareholder and the Book Running Lead Manager and the Registrar to the Offer accept no responsibility for errors, omissions, commission, or any acts of SCSBs including any defaults in complying with its obligations under applicable SEBI (ICDR) Regulations. In terms of SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2018/22, dated February 15, 2018, any ASBA Bidder whose Bid has not been considered for Allotment, due to failure on the part of any SCSB, shall have the option to seek redressal of the same by the concerned SCSB within three months of the date of listing of the Equity Shares. SCSBs are required to resolve these complaints within 15 days, failing which the concerned SCSB would have to pay interest at the rate of 15% per annum for any delay beyond this period of 15 days. For helpline details of the Book Running Lead Manager pursuant to the SEBI/HO/CFD/DIL-2/OW/P/2021/2481/1/M dated March 16, 2021, see “**General Information – Book Running Lead Manager**” on page 63 of this Prospectus.

Further, the Bidder shall also enclose a copy of the Acknowledgment Slip duly received from the concerned Designated Intermediary in addition to the information mentioned hereinabove.

The above timetable, other than the Bid/offer Closing Date, is indicative and does not constitute any obligation on our Company the BRLM.

While our Company shall ensure that all steps for the completion of the necessary formalities for the listing and commencement of trading of the Equity Shares on the Stock Exchange are taken within three Working Days of the Bid/Offer Closing Date or such other period as may be prescribed by the SEBI, the timetable may be extended due to various factors, such as extension of the Bid/Offer Period by our Company and the Promoter Selling Shareholder in consultation with the BRLM, revision of the Price Band or any delay in receiving the final listing and trading approval from the Stock Exchange. The commencement of trading of the Equity Shares will be entirely at the discretion of the Stock Exchange and in accordance with the applicable laws. The Selling Shareholder confirms that he shall extend reasonable co-operation in relation to the Offered Shares required by our Company and the BRLM for the completion of the necessary formalities for listing and commencement of trading of the Equity Shares at the Stock Exchanges within three Working Days from the Bid/Offer Closing Date or such other time as may be prescribed by SEBI. Submission of Bids (other than Bids from Anchor Investors)

The SEBI is in the process of streamlining and reducing the post offer timeline for initial public offerings. Any circulars or notifications from the SEBI after the date of the Prospectus may result in changes to the above-mentioned timelines. Further, the offer procedure is subject to change to any revised circulars issued by the SEBI to this effect. The BRLM will be required to submit reports of compliance with listing timelines and activities, identifying non-adherence to timelines and processes and an analysis of entities responsible for the delay and the reasons associated with it.

SEBI vide circular SEBI/HO/CFD/TPD1/CIR/P/2023/140 dated August 9, 2023 has reduced the post issue timeline for initial public offerings. The revised timeline of T+3 days has been made applicable in two phases, i.e., voluntary for all public issues opening on or after September 1, 2023 and mandatory on or after December 1, 2023. Accordingly, the Offer will be made under UPI Phase III on mandatory T+3 days listing basis, subject to the timing of the Offer and any circulars, clarification or notification issued by the SEBI from time to time, including with respect to SEBI circular SEBI/HO/CFD/TPD1/CIR/P/2023/140 dated August 9, 2023.

In terms of the UPI Circulars, in relation to the Offer, the BRLM will be required to submit reports of compliance with timelines and activities prescribed by SEBI in connection with the Allotment and listing procedure within three Working Days from the Bid/Offer Closing Date or such other time as prescribed by SEBI, identifying non-adherence to timelines and processes and an analysis of entities responsible for the delay and the reasons associated with it.

In case of any delay in unblocking of amounts in the ASBA Accounts (including amounts blocked through the UPI Mechanism) exceeding two Working Days from the Bid/Offer Closing Date, the Bidder shall be compensated for the entire duration of delay exceeding two Working Days from the Bid/Offer Closing Date by the intermediary responsible for causing such delay in unblocking, in the manner specified in the UPI Circulars, to the extent applicable, which for the avoidance of doubt, shall be deemed to be incorporated herein. The BRLM shall, in their

sole discretion, identify and fix the liability on such intermediary or entity responsible for such delay in unblocking.

The SEBI is in the process of streamlining and reducing the post Offer timeline for initial public offerings. Any circulars or notifications from the SEBI after the date of the Prospectus may result in changes to the above-mentioned timelines. Further, the Offer procedure is subject to change to any revised circulars issued by the SEBI to this effect.

It was clarified that Bids not uploaded on the electronic bidding system or in respect of which the full Bid Amount is not blocked by SCSBs or not blocked under the UPI Mechanism in the relevant ASBA Account, as the case may be, would be rejected.

Due to limitation of time available for uploading the Bids on the Bid/Offer Closing Date, Bidders were advised to submit their Bids one day prior to the Bid/Offer Closing Date. Any time mentioned in this Prospectus is Indian Standard Time. Bidders are cautioned that, in the event, large number of Bids were received on the Bid/Offer Closing Date, as is typically experienced in public offerings, some Bids may not get uploaded due to lack of sufficient time. Such Bids that cannot be uploaded will not be considered for allocation under the Offer. Bids were

accepted only during Monday to Friday (excluding any public holiday). None among our Company or any Member of the Syndicate shall be liable for any failure in (i) uploading the Bids due to faults in any software/hardware system or blocking of application amount by the SCSBs on receipt of instructions from the Sponsor Bank on account of any errors, omissions or non-compliance by various parties involved in, or any other fault, malfunctioning or breakdown in, or otherwise, in the UPI Mechanism.

In case of any discrepancy in the data entered in the electronic book *vis-a-vis* data contained in the physical Bid cum Application Form, for a particular Bidder, the details of the Bid file received from the Stock Exchanges may be taken.

Minimum Subscription

This offer was not restricted to any minimum subscription level. This offer is 100% underwritten as per Regulation 260(1) of SEBI ICDR Regulations.

As per Section 39 of the Companies Act, 2013, if the “stated minimum amount” has not been subscribed and the sum payable on application is not received within a period of 30 days from the date of Prospectus, the application money has to be returned within such period as may be prescribed. If our Company does not receive the 100% subscription of the offer through the offer Document including devolvement of Underwriters, our Company shall forthwith refund the entire subscription amount received in accordance with applicable law including the SEBI master circular no. SEBI/HO/CFD/PoD-2/P/CIR/2023/00094 dated June 21, 2023. If there is a delay beyond Two days after our Company becomes liable to pay the amount, our Company and our Directors, who are officers in default, shall pay interest at the rate of 15% per annum. In the event of an under- subscription in the Offer, Equity Shares offered pursuant to the Fresh Issue shall be allocated in the Offer prior to the Equity Shares offered pursuant to the Offer for Sale.

Further, in accordance with Regulation 268(1) of the SEBI (ICDR) Regulations, our Company shall ensure that the number of prospective allottees to whom the Equity Shares will allotted will not be less than 200 (Two Hundred).

Further, in accordance with Regulation 267(2) of the SEBI (ICDR) Regulations, our Company shall ensure that the minimum application size in terms of number of specified securities shall not be less than ₹ 2,00,000 (Rupees Two Lac only) per application.

However, in case of under-subscription in the Offer, after meeting the minimum subscription requirement of 100% of the Fresh Issue, the balance subscription in the Offer will be met in the following order of priority: (i) through the sale of Offered Shares being offered by the Selling Shareholder in the Offer for Sale in a proportional manner; and (ii) through the issuance of balance part of the Fresh Issue.

The Promoter Selling Shareholder shall reimburse, severally and not jointly, and only to the extent of the Equity Shares offered by the Promoter Selling Shareholder in the Offer, any expenses and interest incurred by our Company on behalf of the Promoter Selling Shareholders for any delays in making refunds as required under the Companies Act and any other applicable law, provided that the Promoter Selling Shareholder shall not be responsible or liable for payment of such expenses or interest, unless such delay is solely and directly attributable to an act or omission of the Promoter Selling Shareholder in relation to its portion of the Offered Shares.

The Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be issued or sold, and applications may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

Arrangements for disposal of odd lots

The trading of the Equity Shares will happen in the minimum contract size of 1,000 shares in terms of the SEBI circular No. CIR/MRD/DSA/06/2012 dated February 21, 2012. However, the Market Maker shall buy the entire shareholding of a shareholder in one lot, where value of such shareholding is less than the minimum contract size allowed for trading on the SME platform of BSE Limited.

Subject to Section 30 of the Companies Act, 2013 our Company has, after registering the Red Herring Prospectus with the RoC published a pre-Offer and Price Band advertisement, in the form prescribed by the SEBI (ICDR) Regulations, in one widely circulated English language national daily newspaper; one widely circulated Hindi language national daily newspaper and one regional newspaper with wide circulation where the Registered Office of our Company is situated

Migration to Main Board

As per the provisions of the Chapter IX of the SEBI (ICDR) Regulation, 2018 read with SEBI ICDR (Amendment) Regulations, 2025 to the extent applicable, our Company may migrate to the main board of BSE from the BSE SME Exchange on a later date subject to the following:

As per Regulation 280(2) of the SEBI ICDR Regulation, 2018 read along with SEBI ICDR (Amendment) Regulations, 2025, Where the post-issue paid up capital of the Company listed on a BSE SME is likely to increase beyond twenty-five crore rupees by virtue of any further issue of capital by the Company by way of rights issue, preferential issue, bonus issue, etc. the Company shall migrate its equity shares listed on BSE SME to the Main Board and seek listing of the equity shares proposed to be issued on the Main Board subject to the fulfilment of the eligibility criteria for listing of equity shares laid down by the Main Board:

Provided that no further issue of capital shall be made unless –

- the shareholders have approved the migration by passing a special resolution through postal ballot wherein the votes cast by shareholders other than promoters in favour of the proposal amount to at least two times the number of votes cast by shareholders other than promoter shareholders against the proposal;
- the Company has obtained an in-principle approval from the Main Board for listing of its entire specified securities on it.

Provided further that where the post-issue paid-up capital pursuant to further issue of capital including by way of rights issue, preferential issue, bonus issue, is likely to increase beyond ₹25 crores, the Company may undertake further issuance of capital without migration from SME exchange to the main board, subject to the undertaking to comply with the provisions of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as applicable to companies listed on the main board of the stock exchange(s)."

If the Paid-up Capital of the company is more than ₹10 crores but below ₹25 crores, we may still apply for migration to the main board if the same has been approved by a special resolution through postal ballot wherein the votes cast by the shareholders other than the promoters in favour of the proposal amount to at least two times the number of votes cast by shareholders other than promoter shareholders against the proposal.

SEBI through the UPI Circulars has proposed to introduce an alternate payment mechanism using Unified Payments Interface (“UPI”) and consequent reduction in timelines for listing in a phased manner. UPI has been introduced in a phased manner as a payment mechanism with the ASBA for applications by Individual Investors through intermediaries from January 1, 2019. The UPI Mechanism for Individual Investors applying through Designated Intermediaries, in phase I, was effective along with the prior process and existing timeline of T+6 days (“UPI Phase I”), until June 30, 2019. Subsequently, for applications by Individual Investors through Designated Intermediaries, the process of physical movement of forms from Designated Intermediaries to SCSBs for blocking of funds has been discontinued and only the UPI Mechanism with existing timeline of T+6 days was applicable until further notice pursuant to SEBI circular SEBI/HO/CFD/DIL2/CIR/P/2020/50 dated March 30, 2020 (“UPI Phase II”). Thereafter, the final reduced timeline of T+3 days for the UPI Mechanism for applications by UPI Bidders (“UPI Phase III”) and modalities of the implementation of UPI Phase III was notified by SEBI vide its circular no. SEBI/HO/CFD/TPD1/CIR/P/2023/140 dated August 9, 2023 and made effective on a voluntary basis for all issues opening on or after September 1, 2023 and on a mandatory basis for all issues opening on or after December 1, 2023 (“T+3 Notification”). Accordingly, the offer will be undertaken pursuant to the processes and procedures under UPI Phase III on mandatory basis, subject to any circulars, clarification or notification issued by the SEBI pursuant to the T+3 Notification.

Further, pursuant to SEBI master circular bearing reference no. SEBI/HO/MIRSD/POD-1/P/CIR/2024/37 dated May 7, 2024 (“SEBI RTA Master Circular”) and circular (SEBI/HO/CFD/DIL2/P/CIR/2022/75) dated May 30, 2022, has introduced certain additional measures for streamlining the process of initial public offers and redressing investor grievances. The provisions of these circulars are deemed to form part of this Prospectus. Furthermore, pursuant to circular (SEBI/HO/CFD/DIL2/P/CIR/P/2022/45) dated April 5, 2022, all individual bidders in initial public offerings whose Bid sizes are up to ₹500,000 shall use the UPI Mechanism for submitting their bids. Additionally, pursuant to circular (SEBI/HO/CFD/DIL2/P/CIR/2022/75) dated May 30, 2022,

applications made using the ASBA facility in initial public offerings shall be processed only after application monies are blocked in the bank accounts of investors (all categories).

The list of Banks that have been notified by SEBI as Issuer Banks for UPI are provided on <https://www.sebi.gov.in/sebiweb/other/OtherAction.do?doRecognisedFpi=yes&intmId=40>. The list of Stock Brokers, Depository Participants (DP), Registrar to an Offer and Share Transfer Agent (RTA) that have been notified by BSE SME to act as intermediaries for submitting Application Forms are provided on the website of BSE at <https://www.bseindia.com/>. For details on their designated branches for submitting Application Forms, please see the above-mentioned website of BSE SME.

ASBA Applicants are required to submit ASBA Applications to the selected branches / offices of the RTAs, DPs, Designated Bank Branches of SCSBs. The lists of banks that have been notified by SEBI to act as SCSB (Self Certified Syndicate Banks) for the ASBA Process are provided on <http://www.sebi.gov.in>. For details on designated branches of SCSB collecting the Application Form, please refer the abovementioned SEBI link. The list of Stock Brokers, Depository Participants ("DP"), Registrar to an Offer and Share Transfer Agent ("RTA") that have been notified by BSE to act as intermediaries for submitting Application Forms are provided on the website of BSE at <https://www.bseindia.com/>. For details on their designated branches for submitting Application Forms, please refer the above-mentioned BSE website.

In case of any delay in unblocking of amounts in the ASBA Accounts (including amounts blocked through the UPI Mechanism) exceeding two Working Days from the Bid/Offer Closing Date, the Bidder shall be compensated in accordance with applicable law. The BRLM shall, in their sole discretion, identify and fix the liability on such intermediary or entity responsible for such delay in unblocking. Further, Investors shall be entitled to compensation in the manner specified in the SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2021/2480/I/M dated March 16, 2021, in case of delays in resolving investor grievances in relation to blocking/unblocking of funds.

Our Company and the Book Running Lead Manager do not accept any responsibility for the completeness and accuracy of the information stated in this section and the General Information Document and are not liable for any amendment, modification or change in the applicable law, which may occur after the date of this Prospectus and the Prospectus. Applicants are advised to make their independent investigations and ensure that their Applications are submitted in accordance with applicable laws and do not exceed the investment limits or maximum number of Equity Shares that can be held by them under applicable law or as specified in this Prospectus.

BOOK BUILDING PROCEDURE:

The Offer is being made in terms of Rule 19(2)(b) of the SCRR, read with Regulation 252 of the SEBI ICDR Regulations. The Offer was made through the Book Building Process, in compliance with Regulation 253 (1) and 253 (2) of the SEBI ICDR Regulation, 2018 read alongwith SEBI ICDR (Amendment) Regulations, 2025, wherein not more than 50% of the Net Offer shall be available for allocation on a proportionate basis to QIBs, provided that our Company and Promoter Selling Shareholder in consultation with the BRLM, may allocate up to 60% of the QIB Portion to Anchor Investors and the basis of such allocation will be on a discretionary basis by our Company and Promoter Selling Shareholder in consultation with the BRLM, of which one-third shall be reserved for the domestic Mutual Funds, subject to valid Bids being received from the domestic Mutual Funds at or above Anchor Investor Allocation Price in accordance with the SEBI ICDR Regulations. In the event of undersubscription or non-allocation in the Anchor Investor Portion, the balance Equity Shares shall be added to the QIB Portion (other than the Anchor Investor Portion). Further, 5% of the Net QIB Portion (excluding the Anchor Investor Portion) shall be available for allocation on a proportionate basis only to Mutual Funds, subject to valid Bids being received at or above the Offer Price, and the remainder of the Net QIB Portion shall be available for allocation on a proportionate basis to all QIBs (other than Anchor Investors), including Mutual Funds, subject to valid Bids being received at or above the Offer Price. However, if the aggregate demand from Mutual Funds is less than 5% of the Net QIB Portion, the balance Equity Shares available for allocation in the Mutual Fund Portion will be added to the remaining QIB Portion for proportionate allocation to QIBs. The SEBI ICDR Regulation, 2018 read alongwith SEBI ICDR (Amendment) Regulations, 2025, permits the offer of securities to the public through the Book Building Process, which states that not less than 35% of the Net Offer shall be available for allocation to Individual Investors who applies for minimum application size. Not less than 15% of the Net Offer shall be available for allocation to Non-Institutional Investors of which one-third of the Non-Institutional Portion will be available for allocation to Bidders with an application size of more than two lots and up to such lots as equivalent to not more than ₹ 10.00 Lakhs and two-thirds of the Non-Institutional Portion will be available for

allocation to Bidders with an application size of more than ₹ 10.00 Lakhs and under-subscription in either of these two sub-categories of Non- Institutional Portion may be allocated to Bidders in the other sub-category of Non-Institutional Portion. Subject to the availability of Equity Shares in the Non – Institutional investors category, the allotment to each Non-Institutional Investors shall not be less than the minimum application size in Non-Institutional Category and the remaining available Equity Shares, if any, shall be allocated on a proportionate basis in accordance with the conditions specified in this regard in Schedule XIII of the SEBI (ICDR) (Amendment) Regulations, 2025. Not more than 50% of the Net Offer shall be allotted to QIBs, subject to valid Bids being received at or above the Offer Price.

Subject to valid Bids being received at or above the Offer Price, under-subscription, if any, in any category, except in the QIB Portion, would be allowed to be met with spill over from any other category or combination of categories of Bidders at the discretion of our Company and Promoter Selling Shareholder, in consultation with the BRLM, and the Designated Stock Exchange and subject to applicable laws. Under-subscription, if any, in the QIB Portion, would not be allowed to be met with spill- over from any other category or a combination of categories

PHASED IMPLEMENTATION OF UNIFIED PAYMENTS INTERFACE

SEBI has issued UPI Circulars in relation to streamlining the process of public issue of equity shares and convertibles. Pursuant to the UPI Circulars, UPI has been introduced in a phased manner as a payment mechanism (in addition to mechanism of blocking funds in the account maintained with SCSBs under ASBA) for applications by Individual Investors through intermediaries with the objective to reduce the time duration from public issue closure to listing from six Working Days to upto three Working Days. Considering the time required for making

necessary changes to the systems and to ensure complete and smooth transition to the UPI Mechanism, the UPI Circulars proposes to introduce and implement the UPI Mechanism in three phases in the following manner:

- a) Phase I: This phase was applicable from January 01, 2019 and lasted till June 30, 2019. Under this phase, a Retail Individual Bidder, besides the modes of Bidding available prior to the UPI Circulars, also had the option to submit the Bid cum Application Form with any of the intermediary and use his / her UPI ID for the purpose of blocking of funds. The time duration from public issue closure to listing continued to be six Working Days.
- b) Phase II: This phase has commenced with effect from July 01, 2019 and will continue for a period of three months or floating of five main board public issues, whichever is later. Under this phase, submission of the Bid cum Application Form by a Retail Individual Investor through intermediaries to SCSBs for blocking of funds has been discontinued and has been replaced by the UPI Mechanism. However, the time duration from public Offer closure to listing continues to be six Working Days during this phase. SEBI vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2020/50 dated March 30, 2020 extended the timeline for implementation of UPI Phase II till further notice.
- c) Phase III: The commencement period of Phase III is notified pursuant to SEBI press release bearing number 12/2023 and as per the SEBI Circular No. SEBI/HO/CFD/TPD1/CIR/P/2023/140 dated August 09, 2023, where the revised timeline of T+3 days shall be made applicable in two phases i.e. (i) voluntary for all public issues opening on or after September 01, 2023; and (ii) mandatory on or after December 01, 2023. The Offer will be made under UPI Phase III of the UPI Circulars.

The processing fees for applications made by UPI Bidders using the UPI Mechanism may be released to the SCSBs only after such banks provide a written confirmation, in compliance with the SEBI RTA Master Circular in a format as prescribed by SEBI, from time to time, and such payment of processing fees to the SCSBs shall be made in compliance with circulars prescribed by SEBI and applicable law. Accordingly, the Offer has been undertaken pursuant to the processes and procedures under UPI Phase III, subject to any circulars, clarification or notification issued by the SEBI pursuant to the T+3 Notification. The Offer has been advertised in all editions of Financial Express (a widely circulated English national daily newspaper), all editions of Jansatta (a widely circulated Hindi national daily newspaper) on or prior to the Bid/ Offer Opening Date and such advertisement has also been made available to the Stock Exchange for the purpose of uploading on their websites.

All SCSBs offering the facility of making applications in public issues are required to provide a facility to make applications using the UPI Mechanism. Further, in accordance with the UPI Circulars, our Company had appointed Yes Bank Limited as the Sponsor Bank to act as a conduit between the Stock Exchange and NPCI in order to facilitate collection of requests and / or payment instructions of the Individual Investors into the UPI mechanism.

Pursuant to the UPI Circular, SEBI has set out specific requirements for redressal of investor grievances for applications that have been made through the UPI Mechanism. The requirements of the UPI Circular include, appointment of a nodal officer by the SCSB and submission of their details to SEBI, the requirement for SCSBs to send SMS alerts for the blocking and unblocking of UPI mandates, the requirement for the Registrar to submit details of cancelled, withdrawn or deleted applications, and the requirement for the bank accounts of unsuccessful Bidders to be unblocked not later than one day from the date on which the Basis of Allotment is finalized. Failure to unblock the accounts within the timeline would result in the SCSBs being penalised under the relevant securities law. Additionally, if there is any delay in the redressal of investors complaints in this regard, the relevant SCSB as well as the post – Offer BRLM will be required to compensate the concerned investor.

SEBI through its circular SEBI/HO/CFD/DIL2/CIR/P/2022/45 dated April 05, 2022, has prescribed that all individual investors applying in initial public offerings opening on or after May 01, 2022, where the application amount is up to ₹5,00,000, shall use UPI. Individual investors bidding under the Non-Institutional Portion bidding for more than ₹2,00,000 and up to ₹5,00,000, using the UPI Mechanism, shall provide their UPI ID in the Bidcum-Application Form for Bidding through Syndicate, sub-syndicate members, Registered Brokers, RTAs or CDPs, or online using the facility of linked online trading, demat and bank account (3 in 1 type accounts), provided by certain brokers.

The processing fees for applications made by Retail Individual Bidders using the UPI Mechanism may be released to the remitter banks (SCSBs) only after such banks provide a written confirmation on compliance with SEBI Circular No: SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021 read with SEBI Circular No: SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021.

As per the existing regulations, OCBs are not eligible to participate in this Offer. The RBI has however clarified in its circular, A.P. (DIR Series) Circular No. 44, dated December 8, 2003 that OCBs which are incorporated and are not under the adverse notice of the RBI are permitted to undertake fresh investments as 138 incorporated non-resident entities in terms of Regulation 5(1) of RBI Notification No.20/2000-RB dated May 3, 2000 under FDI Scheme with the prior approval of Government if the investment is through Government Route and with the prior approval of RBI if the investment is through Automatic Route on case by case basis. OCBs may invest in this Offer provided it obtains a prior approval from the RBI. On submission of such approval along with the Bid Cum Application Form, the OCB shall be eligible to be considered for share allocation.

MAXIMUM AND MINIMUM APPLICATION SIZE

1. For Individual Bidders

The Application was required to be for a minimum application size of two lots i.e 2,000 Equity Shares and in multiples of 1,000 Equity Shares thereafter, so as to ensure that the Application Price payable by the Bidder does not exceed ₹ 2,00,000. In case of revision of Applications, the Individual Bidders had to ensure only upward revision and they shall not withdraw or lower their bid.

2. For Other than Individual Bidders (Non-Institutional Applicants and QIBs):

The Application was required to be for more than two lots and in multiples of 1,000 Equity Shares thereafter. An application could not be submitted for more than the Net Offer Size. However, the maximum Application by a QIB investor should not have exceeded the investment limits prescribed for them by applicable laws. Under existing SEBI Regulations, a QIB Bidder could not withdraw its Application after the Offer Closing Date and is required to pay 100% QIB Margin upon submission of Application.

In case of revision in Applications, the Non-Institutional Bidders, who are individuals, had to ensure upward revision and that the Application is for more than two lots for being considered for allocation in

the Non-Institutional Portion.

Bidders were advised to ensure that any single Application from them did not exceed the investment limits or maximum number of Equity Shares that could be held by them under applicable law or regulation or as specified in the Red Herring Prospectus and this Prospectus.

The above information was given for the benefit of the Bidders. The Company and the BRLM are not liable for any amendments or modification or changes in applicable laws or regulations, which may occur after the date of this Prospectus. Bidders are advised to make their independent investigations and ensure that the number of Equity Shares applied for do not exceed the applicable limits under laws or regulations.

METHOD OF BIDDING PROCESS

Our Company, in consultation with the BRLM had decided the Price Band and the minimum Bid lot size for the Offer and the same was advertised in all editions Financial Express , an English national daily newspaper, all editions of Jansatta, a Hindi national daily newspaper each with wide circulation (as Hindi being the regional language of Uttar Pradesh, where our Registered Office is located) at least two Working Days prior to the Bid / Offer Opening Date. The BRLM and the SCSBs shall accepted Bids from the Bidders during the Bid / Offer Period.

- a. The Bid / Offer Period was for a minimum of three Working Days and did not exceed 10 Working Days.
- b. During the Bid/ Offer Period, Individual Bidders, approached the Book Running Lead Manager or their authorized agents to register their Bids. The Book Running Lead Manager accepted Bids from Anchor Investors and ASBA Bidders in Specified Cities and it had the right to vet the Bids during the Bid/ Offer Period in accordance with the terms of the Red Herring Prospectus. ASBA Bidders approached the Designated Branches or the Book Running Lead Manager (for the Bids to be submitted in the Specified Cities) to register their Bids.
- c. Each Bid cum Application Form gave the Bidder the choice to Bid for up to three optional prices (for details refer to the paragraph titled “Bids at Different Price Levels and Revision of Bids” below) within the Price Band and specify the demand (i.e., the number of Equity Shares Bid for) in each option. The price and demand options submitted by the Bidder in the Bid cum Application Form were treated as optional demands from the Bidder and were not cumulated. After determination of the Issue Price, the maximum number of Equity Shares Bid for by a Bidder/Applicant at or above the Issue Price were considered for allocation/Allotment and the rest of the Bid(s), irrespective of the Bid Amount, became automatically invalid.
- d. The Bidder / Applicant could not Bid through another Bid cum Application Form after Bids through one Bid cum Application Form were submitted to a BRLM or the SCSBs. Submission of a second Bid cum Application Form to either the same or to another BRLM or SCSSB was treated as multiple Bid and was liable to be rejected either before entering the Bid into the electronic bidding system, or at any point of time prior to the allocation or Allotment of Equity Shares in this Issue. However, the Bidder could revise the Bid through the Revision Form, the procedure for which is detailed under the paragraph “Buildup of the Book and Revision of Bids”
- e. Except in relation to the Bids received from the Anchor Investors, the Book Running Lead Manager /the SCSBs entered each Bid option into the electronic bidding system as a separate Bid and generate a Transaction Registration Slip, (“TRS”), for each price and demand option and gave the same to the Bidder. Therefore, a Bidder could receive up to three TRSs for each Bid cum Application Form
- f. The Book Running Lead Manager accepted the Bids from the Anchor Investors during the Anchor Investor Bid/ Offer Period i.e. one working day prior to the Bid/ Offer Opening Date. Bids by QIBs under the Anchor Investor Portion and the QIB Portion was not considered as multiple Bids.
- g. Along with the Bid cum Application Form, Anchor Investors made payment in the manner described in “Escrow Mechanism - Terms of payment and payment into the Escrow Accounts” in the section “**Offer Procedure**” beginning on page 276 of this Prospectus

- h. Upon receipt of the Bid cum Application Form, submitted whether in physical or electronic mode, the Designated Branch of the SCSB verified if sufficient funds equal to the Bid Amount are available in the ASBA Account, as mentioned in the Bid cum Application Form prior to uploading such Bids with the Stock Exchange.
- i. If sufficient funds were not available in the ASBA Account, the Designated Branch of the SCSB rejected such Bids and not uploaded such Bids with the Stock Exchange.
- j. If sufficient funds were available in the ASBA Account, the SCSB blocked an amount equivalent to the Bid Amount mentioned in the Bid cum Application Form and entered each Bid option into the electronic bidding system as a separate Bid and generate a TRS for each price and demand option. The TRS was furnished to the ASBA Bidder on request.
- k. The Bid Amount remained blocked in the aforesaid ASBA Account until finalisation of the Basis of Allotment and consequent transfer of the Bid Amount against the Allotted Equity Shares to the Public Offer Account, or until withdrawal/failure of the Offer or until withdrawal/rejection of the Bid cum Application Form, as the case may be. Once the Basis of Allotment is finalized, the Registrar to the Offer shall send an appropriate request to the SCSB for unblocking the relevant ASBA Accounts and for transferring the amount allocable to the successful Bidders to the Public Offer Account. In case of withdrawal/failure of the Offer, the blocked amount shall be unblocked on receipt of such information from the Registrar to the Offer.

BIDS AT DIFFERENT PRICE LEVELS AND REVISION OF BIDS

- a. Our Company and Promoter selling shareholder, in consultation with the Book Running Lead Manager, finalized the Offer Price within the Price Band, without the prior approval of, or intimation, to the Bidders.
- b. The Bidders could Bid at any price within the Price Band. The Bidder had to Bid for the desired number of Equity Shares at a specific price. Individual Bidders could Bid at the Cut-off Price. However bidding at the Cut-off Price is prohibited for QIB and Non-Institutional Bidders and such Bids from QIB and Non-Institutional Bidders were rejected.
- c. Individual Bidders, who Bid at Cut-off Price agree that they would purchase the Equity Shares at any price within the Price Band. Individual Bidders submitted the Bid cum Application Form along with a cheque/demand draft for the Bid Amount based on the Cap Price with the Syndicate. In case of ASBA Bidders (excluding Non-Institutional Bidders and QIB Bidders) bidding at Cut-off Price, the ASBA Bidders instructed the SCSBs to block an amount based on the Cap Price.
- d. The price of the specified securities offered to an anchor investor would not be lower than the price offered to other applicants.

Participation by Associates /Affiliates of BRLM and the Syndicate Members

The BRLM and the Syndicate Members, if any, shall not be allowed to purchase in this Offer in any manner, except towards fulfilling their underwriting obligations. However, the associates and affiliates of the BRLM and the Syndicate Members, if any, may subscribe the Equity Shares in the Offer, either in the QIB Category or in the Non- Institutional Category as may be applicable to such Bidders, where the allocation is on a proportionate basis and such subscription may be on their own account or on behalf of their clients.

Option to Subscribe in the Offer

- a. As per Section 29(1) of the Companies Act 2013, allotment of Equity Shares made in dematerialized form only. Investors will not have the option of getting allotment of specified securities in physical form.
- b. The Equity Shares, on allotment, shall be traded on the Stock Exchange in demat segment only.
- c. A single application from any investor shall not exceed the investment limit/minimum number of Equity Shares that can be held by him/her/it under the relevant regulations/statutory guidelines and applicable law.

In terms of the SEBI FPI Regulations, the issue of Equity Shares to a single FPI or an investor group (which means the same multiple entities having common ownership directly or indirectly of more than 50% or common control) were required to be below 10% of our post-Issue Equity Share capital. Further, in terms of the FEMA NDI Rules, with effect from April 1, 2020, the aggregate FPI investment limit is the sectoral cap applicable to an Indian company as prescribed in the FEMA NDI Rules with respect to its paid-up equity capital on a fully diluted basis. Currently, the sectoral cap for retail trading of food products manufactured and/ or produced in India is 100% under automatic route.

FPIs were permitted to participate in the Issue subject to compliance with conditions and restrictions which could be specified by the Government from time to time. In case of Bids made by FPIs, a certified copy of the certificate of registration issued under the SEBI FPI Regulations was required to be attached to the Bid cum Application Form, failing which our Company reserved the right to reject any Bid without assigning any reason. FPIs who wished to participate in the Issue were advised to use the Bid cum Application Form for Non-Residents.

In terms of the FEMA, for calculating the aggregate holding of FPIs in a company, holding of all registered FPIs shall be included.

The FEMA NDI Rules were enacted on October 17, 2019 in supersession of the Foreign Exchange Management (Transfer or Issue of Security by a Person Resident Outside India) Regulations, 2017, except as respects things done or omitted to be done before such supersession. **FPIs were permitted to participate in the Issue subject to compliance with conditions and restrictions which may be specified by the Government from time to time.**

Subject to compliance with all applicable Indian laws, rules, regulations, guidelines and approvals in terms of Regulation 21 of the SEBI FPI Regulations, an FPI, may issue, subscribe to or otherwise deal in offshore derivative instruments(as defined under the SEBI FPI Regulations as any instrument, by whatever name called, which is issued overseas by a FPI against securities held by it in India, as its underlying) directly or indirectly, only in the event (i) such offshore derivative instruments are issued only by persons registered as Category I FPIs; (ii) such offshore derivative instruments are issued only to persons eligible for registration as Category I FPIs; (iii) such offshore derivative instruments are issued after compliance with ‘know your client’ norms; and (iv) such other conditions as may be specified by SEBI from time to time.

An FPI issuing off-shore derivative instruments is also required to ensure that any transfer of off-shore derivative instruments issued by, or on behalf of it subject to, *inter alia*, the following conditions:

- (i). such offshore derivative instruments are transferred to person subject to fulfilment of SEBI FPI Regulations; and
- (ii). prior consent of the FPI is obtained for such transfer, except when the persons to whom the offshore derivative instruments are to be transferred are pre-approved by the FPI.

Bids by FPIs which utilize the multi-investment manager structure in accordance with the Operational Guidelines for Foreign Portfolio Investors and Designated Depository Participants issued to facilitate implementation of the SEBI FPI Regulations (“Operational FPI Guidelines”), submitted with the same PAN but with different beneficiary account numbers, Client IDs and DP IDs shall not be treated as multiple Bids (“MIM Bids”). It is hereby clarified that FPIs bearing the same PAN could be treated as multiple Bids by a Bidder and may be rejected, except for Bids from FPIs that utilize the multi- investment manager structure in accordance with the Operational FPI Guidelines (such structure referred to as “MIM Structure”). In order to ensure valid Bids, FPIs making MIM Bids using the same PAN and with different beneficiary account numbers, Client IDs and DP IDs, are required to submit a confirmation that their Bids were under the MIM Structure and indicate the name of their investment managers in such confirmation which submitted along with each of their Bid cum Application Forms. In the absence of such confirmation from the relevant FPIs, such MIM Bids shall be rejected.

BIDS BY SEBI-REGISTERED AIFS, VCFS AND FVCIS

The SEBI FVCI Regulations, SEBI VCF Regulations and the SEBI AIF Regulations prescribe, *inter alia*, the investment restrictions on the FVCIs, VCFs and AIFs registered with SEBI respectively. FVCIs could invest only up to 33.33% of the investible funds by way of subscription to an initial public offering. Category I AIF and Category II AIF could not invest more than 25% of the investible funds in one investee company directly or through investment in the units of other AIFs. A Category III AIF cannot invest more than 10% of the investible funds in one investee company directly or through investment in the units of other AIFs. AIFs which are authorized under the fund documents to invest in units of AIFs are prohibited from offering their units for subscription to other AIFs. A VCF registered as a Category I AIF, as defined in the SEBI AIF Regulations, cannot invest more than 1/3rd of its investible funds by way of subscription to an initial public offering of a venture capital undertaking. Additionally, a VCF that has not re-registered as an AIF under the SEBI AIF Regulations shall continue to be regulated by the SEBI VCF Regulations (and accordingly shall not be allowed to participate in the Offer) until the existing fund or scheme managed by the fund is wound up and such funds shall not launch any new scheme after the notification of the SEBI AIF Regulations.

There was no reservation for Eligible NRIs, FPIs and FVCIs and all Bidders will be treated on the same basis with other categories for the purpose of allocation.

Further, the shareholding of VCFs, category I AIFs or category II AIFs and FVCIs holding Equity Shares prior to Offer, shall be locked-in for a period of at least one year from the date of purchase of such Equity Shares.

All non-resident investors should note that refunds, dividends and other distributions, if any, will be payable in Indian Rupees only and net of bank charges and commission.

The Company or the BRLM will not be responsible for loss, if any, incurred by the Bidder on account of conversion of foreign currency.

Illustration of the Book Building and Price Discovery Process:

Bidders should note that this example is solely for illustrative purposes and is not specific to the Offer; it also excludes Bidding by Anchor Investors. Bidders can bid at any price within the Price Band. For instance, assume a Price Band of ₹20 to ₹ 24 per share, offer size of 3,000 Equity Shares and receipt of five Bids from Bidders, details of which are shown in the table below. The illustrative book given below shows the demand for the Equity Shares of the Issuer at various prices and is collated from Bids received from various investors.

Bid Quantity	Bid Amount (₹)	Cumulative Quantity	Subscription
500	24	500	16.67%
1,000	23	1,500	50.00%
1,500	22	3,000	100.00%

2,000	21	5,000	166.67%
2,500	20	7,500	250.00%

The price discovery is a function of demand at various prices. The highest price at which the Issuer is able to Offer the desired number of Equity Shares is the price at which the book cuts off, i.e., ₹ 22.00 in the above example. The Issuer, in consultation with the BRLM, may finalise the Offer Price at or below such Cut-Off Price, i.e., at or below ₹ 22.00. All Bids at or above this Offer Price and cut-off Bids are valid Bids and are considered for allocation in the respective categories.

Anchor Investors are not allowed to withdraw their Bids after Anchor Investors bidding date.

GENERAL INSTRUCTIONS

Please note that QIBs and Non-Institutional Bidders are not permitted to withdraw their Bid(s) or lower the size of their Bid(s) (in terms of quantity of Equity Shares or the Bid Amount) at any stage. Individual Investor could revise their Bid(s) during the Bid/Offer Period and withdraw or lower the size of their Bid(s) until Bid/Offer Closing Date. Anchor Investors are not allowed to withdraw their Bids after the Anchor Investor Bid/Offer Period.

OTHER INSTRUCTION FOR BIDDERS

Joint Applications in the case of Individuals

In the case of Joint Bids, the Bids should be made in the name of the Bidders whose name appears first in the Depository account. The name so entered should be the same as it appears in the Depository records. The signature of only such first Bidders would be required in the Bid cum Application Form/ Application Form and such first Bidder would be deemed to have signed on behalf of the joint holders. All payments may be made out in favour of the Bidder whose name appears in the Bid cum Application Form or the Revision Form and all communications may be addressed to such Bidder and may be dispatched to his or her address as per the Demographic Details received from the Depositories.

Applications may be made in single or joint names (not more than three). In the case of joint Applications, all payments will be made out in favour of the Applicant whose name appears first in the Application Form or Revision Form. All communications will be addressed to the First Applicant and will be dispatched to his or her address as per the Demographic Details received from the Depository.

Multiple Applications

An Applicant should submit only one Application (and not more than one) for the total number of Equity Shares required. Two or more Applications will be deemed to be multiple Applications if the sole or First Applicant is one and the same.

In this regard, the procedures which would be followed by the Registrar to the Offer to detect multiple applications are given below:

- a) All applications are electronically strung on first name, address (1st line) and applicant's status. Further, these applications are electronically matched for common first name and address and if matched, these are checked manually for age, signature and father/ husband's name to determine if they are multiple applications.
- b) Applications which do not qualify as multiple applications as per above procedure are further checked for common DP ID/ beneficiary ID. In case of applications with common DP ID/ beneficiary ID, are manually checked to eliminate possibility of data entry error to determine if they are multiple applications.
- c) Applications which do not qualify as multiple applications as per above procedure are further checked for common PAN. All such matched applications with common PAN are manually checked to eliminate possibility of data capture error to determine if they are multiple applications.

In case of a mutual fund, a separate Application can be made in respect of each scheme of the mutual fund registered with SEBI and such Applications in respect of more than one scheme of the mutual fund will not be

treated as multiple Applications provided that the Applications clearly indicate the scheme concerned for which the Application has been made.

In cases where there are more than 20 valid applications having a common address, such shares will be kept in abeyance, post allotment and released on confirmation of know your client's norms by the depositories. The Company reserves the right to reject, in our absolute discretion, all or any multiple Applications in any or all categories.

After submitting an ASBA Application either in physical or electronic mode, an ASBA Applicant cannot apply (either in physical or electronic mode) to either the same or another Designated Branch of the SCSB. Submission of a second Application in such manner will be deemed a multiple Application and would be rejected. More than one ASBA Applicant may apply for Equity Shares using the same ASBA Account, provided that the SCSBs will not accept a total of more than five Application Forms with respect to any single ASBA Account.

Duplicate copies of Application Forms downloaded and printed from the website of the Stock Exchange bearing the same application number shall be treated as multiple applications and are liable to be rejected. The Company, in consultation with the BRLM reserves the right to reject, in its absolute discretion, all or any multiple applications in any or all categories. In this regard, the procedure which would be followed by the Registrar to the Offer to detect multiple applications is given below:

- i. All Applications will be checked for common PAN. For Applicants other than Mutual Funds and FII subaccounts, Applications bearing the same PAN will be treated as multiple Applications and will be rejected.
- ii. For Applications from Mutual Funds and FII sub-accounts, submitted under the same PAN, as well as Applications on behalf of the Applicants for whom submission of PAN is not mandatory such as the Central or State Government, an official liquidator or receiver appointed by a court and residents of Sikkim, the Application Forms will be checked for common DP ID and Client ID.

PERMANENT ACCOUNT NUMBER OR PAN

Pursuant to the circular MRD/DoP/Circ 05/2007 dated April 27, 2007, SEBI has mandated Permanent Account Number (PAN) to be the sole identification number for all participants transacting in the securities market, irrespective of the amount of the transaction w.e.f. July 02, 2007. Each of the Applicants should mention his/her PAN allotted under the IT Act. Bid submitted without this information will be considered incomplete and are liable to be rejected. It is to be specifically noted that Applicants should not submit the GIR number instead of the PAN, as the Application is liable to be rejected on this ground.

RIGHT TO REJECT APPLICATIONS

In case of QIB Applicants, the Company in consultation with the Book Running Lead Manager, may reject Applications provided that the reasons for rejecting the same shall be provided to such Applicant in writing. In case of Non-Institutional Applicants, Individual Investors who applied, the Company has a right to reject Applications based on technical grounds.

c) In case of under subscription in the Offer, spill-over to the extent of such under- subscription may be permitted from the Reserved Portion to the Offer. For allocation in the event of an under-subscription applicable to the Issuer, Bidders may refer to the RHP and this Prospectus.

ALLOTMENT PROCEDURE AND BASIS OF ALLOTMENT

The allotment of Equity Shares to Bidders other than Individual Investors may be on proportionate basis. No Individual Investor allotted less than the minimum Bid Lot subject to availability of shares in Individual Investor Category and the remaining available shares, if any was allotted on a proportionate basis.

FLOW OF EVENTS FROM THE CLOSURE OF BIDDING PERIOD (T DAY) TILL ALLOTMENT:

- On T Day, RTA to validate the electronic bid details with the depository records and also reconcile the final certificates received from the Sponsor Bank for UPI process and the SCSBs for ASBA and Syndicate ASBA process with the electronic bid details.
- RTA identifies cases with mismatch of account number as per bid file / FC and as per applicant's bank account linked to depository demat account and seek clarification from SCSB to identify the applications with third party account for rejection.
- Third party confirmation of applications to be completed by SCSBs on T+1 day.
- RTA prepares the list of final rejections and Circulate the rejections list with BRLM(s)/ Company for their review/ comments.
- Post rejection, the RTA submits the basis of allotment with the Designated Stock Exchange (DSE).
- The DSE, post verification approves the basis and generates drawl of lots wherever applicable, through a random number generation software.
- The RTA uploads the drawal numbers in their system and generates the final list of allottees as per process mentioned below:

PROCESS FOR GENERATING LIST OF ALLOTEES: -

- Instruction is given by RTA in their Software System to reverse category wise all the application numbers in the ascending order and generate the bucket /batch as per the allotment ratio. For example, if the application number is 78654321 then system reverses it to 12345687 and if the ratio of allottees to applicants in a category is 2:7 then the system will create lots of 7. If the drawal of lots provided by DSE is 3 and 5 then the system will pick every 3rd and 5th application in each of the lot of the category and these applications allotted the shares in that category.
- In categories where there is proportionate allotment, the Registrar will prepare the proportionate working based on the oversubscription times.
- In categories where there is undersubscription, the Registrar will do full allotment for all valid applications.
- On the basis of the above, the RTA will work out the allottees, partial allottees and non- allottees, prepare the fund transfer letters and advice the SCSBs to debit or unblock the respective accounts.

Based on the physical book and at the discretion of the Issuer, in consultation with the Book Running Lead Manager, selected Anchor Investors will be sent a CAN and if required, a revised CAN.

a) In the event that the Offer Price is higher than the Anchor Investor Allocation Price:

Anchor Investors will be sent a revised CAN within one day of the Pricing Date indicating the number of Equity Shares allocated to such Anchor Investor and the pay-in date for payment of the balance amount. Anchor Investors are then required to pay any additional amounts, being the difference between the Offer Price and the Anchor Investor Allocation Price, as indicated in the revised CAN within the pay-in date referred to in the revised CAN. Thereafter, the Allotment Advice will be issued to such Anchor Investors

b) In the event the Offer Price is lower than the Anchor Investor Allocation Price:

Anchor Investors who have been Allotted Equity Shares will directly receive Allotment Advice.

d. For QIBs

Bids received from QIBs Bidding in the QIB Category at or above the Offer Price may be grouped together to determine the total demand under this category. The QIB Category may be available for Allotment to QIBs who

have Bid at a price that is equal to or greater than the Offer Price. Allotment may be undertaken in the following manner: Allotment undertook in the following manner:

i. In the first instance, allocation to Mutual Funds for 5% of the QIB Portion shall be determined as follows:

- In the event that Bids by Mutual Fund exceeds 5% of the QIB Portion, allocation to Mutual Funds shall be done on a proportionate basis for 5% of the QIB Portion.
- In the event that the aggregate demand from Mutual Funds is less than 5% of the QIB Portion then all Mutual Funds shall get full Allotment to the extent of valid Bids received above the Offer Price.
- Equity Shares remaining unsubscribed, if any, not allocated to Mutual Funds shall be available for Allotment to all QIB Bidders as set out in (b) below;

ii. In the second instance, allotment to all QIBs shall be determined as follows:

- In the event of oversubscription in the QIB Portion, all QIB Bidders who have submitted Bids above the offer Price shall be allotted Equity Shares on a proportionate basis, upto a minimum of 5,08,000 Equity Shares and in multiples of 1,000 Equity Shares thereafter for 95% of the QIB Portion.
- Mutual Funds, who have received allocation as per (a) above, for less than the number of Equity Shares Bid for them, are eligible to receive Equity Shares on a proportionate basis, upto a minimum of 26,000 Equity Shares and in multiples of 1,000 Equity Shares thereafter, along with other QIB Bidders.
- Under-subscription below 5% of the QIB Portion, if any, from Mutual Funds, would be included for allocation to the remaining QIB Bidders on a proportionate basis. The aggregate Allotment to QIB Bidders shall not be more than 5,08,000 Equity Shares.

Basis of Allotment for QIBs and NIIs in case of Over Subscribed Offer:

In the event of the Offer being Over-Subscribed, the Issuer may finalize the Basis of Allotment in consultation with the BSE Limited (The Designated Stock Exchange). The allocation may be made in marketable lots on proportionate basis as set forth hereunder:

- a) The total number of Shares to be allocated to each category as a whole shall be arrived at on a proportionate basis i.e. the total number of Shares applied for in that category multiplied by the inverse of the oversubscription ratio (number of Bidders in the category multiplied by number of Shares applied for).
- b) The number of Shares to be allocated to the successful Bidders will be arrived at on a proportionate basis in marketable lots (i.e. Total number of Shares applied for into the inverse of the over subscription ratio).
- c) For Bids where the proportionate allotment works out to less than 3,000 equity shares the allotment will be made as follows:
 - Each successful Bidder shall be allotted 3,000 equity shares; and
 - The successful Bidder out of the total bidders for that category shall be determined by draw of lots in such a manner that the total number of Shares allotted in that category is equal to the number of Shares worked out as per (b) above.

- a) If the proportionate allotment to a Bidder works out to a number that is not a multiple of 1,000 equity shares, the Bidder would be allotted Shares by rounding off to the nearest multiple of 1,000 equity shares subject to a minimum allotment of 1,000 equity shares.
- b) If the Shares allotted on a proportionate basis to any category is more than the Shares allotted to the Bidders in that category, the balance available Shares or allocation shall be first adjusted against any category, where the allotted Shares are not sufficient for proportionate allotment to the successful Bidder in that category, the balance shares, if any, remaining after such adjustment will be added to the category comprising Bidder applying for the minimum number of Shares. If as a result of the process of rounding off to the nearest multiple of 1,000 Equity Shares, results in the actual allotment being higher than the shares offered, the final allotment may be higher at the sole discretion of the Board of Directors, up to 101% of the size of the Offer specified under the Capital Structure mentioned in the RHP.

Individual Investor means an investor who applies for shares of value of not more than ₹ 2,00,000/. Investors may note that in case of over subscription, allotment shall be on proportionate basis and will be finalized in consultation with BSE Limited.

RESTRICTIONS ON FOREIGN OWNERSHIP OF INDIAN SECURITIES

Foreign investment in Indian securities is regulated through the Industrial Policy, 1991 of the Government of India and FEMA. While the Industrial Policy, 1991 prescribes the limits and the conditions subject to which foreign investment can be made in different sectors of the Indian economy, FEMA regulates the precise manner in which such investment may be made. The responsibility of granting approval for foreign investment under the Consolidated FDI Policy and FEMA has been entrusted to the concerned ministries / departments.

The Government of India has from time to time made policy pronouncements on FDI through press notes and press releases. The Department for Promotion of Industry and Internal Trade, Ministry of Commerce and Industry (formerly Department of Industrial Policy and Promotion), Government of India ("DPIIT") issued the Consolidated FDI Policy, which consolidates and supersedes all previous press notes, press releases and clarifications on FDI issued by the DPIIT that were in force and effect prior to October 15, 2020. Under the current FDI Policy, 100% FDI is permitted under the Automatic Route for the Information Technology (IT) sector, subject to compliance with certain prescribed conditions.

The transfer of shares between an Indian resident and a non-resident does not require the prior approval of RBI, provided that: (i) the activities of the investee company are under the automatic route under the Consolidated FDI Policy and transfer does not attract the provisions of the SEBI Takeover Regulations, (ii) the non-resident shareholding is within the sectoral limits under the Consolidated FDI policy, and (iii) the pricing is in accordance with the guidelines prescribed by the SEBI / RBI.

Further, in accordance with Press Note No. 3 (2020 Series), dated April 17, 2020 issued by the DPIIT and the Foreign Exchange Management (Non-debt Instruments) Amendment Rules, 2020 which came into effect from April 22, 2020, any investment, subscription, purchase or sale of equity instruments by entities of a country which shares land border with India or where the beneficial owner of an investment into India is situated in or is a citizen of any such country ("Restricted Investor"), will require prior approval of the Government, as prescribed in the Consolidated FDI Policy and the FEMA Rules. Further, in the event of transfer of ownership of any existing or future FDI in an entity in India, directly or indirectly, resulting in the beneficial ownership falling within the aforesaid restriction / purview, such subsequent change in the beneficial ownership will also require approval of the Government. Furthermore, on April 22, 2020, the Ministry of Finance, Government of India has also made a similar amendment to the FEMA Rules. Each Applicant should seek independent legal advice about its ability to participate in the Issue. In the event such prior approval of the Government of India is required, and such approval has been obtained, the Applicant shall intimate our Company and the Registrar to the Issue in writing about such approval along with a copy thereof within the Issue Period.

As per the existing policy of the Government of India, OCBs cannot participate in this Issue.

The Equity Shares offered in the Issue have not been and will not be registered under the U.S. Securities Act or any state securities laws in the United States, and unless so registered may not be offered or sold within the United States, except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the U.S. Securities Act and applicable state securities laws. Accordingly, such Equity Shares are being offered and sold (i) outside of the United States in offshore transactions in reliance on Regulation S under the U.S. Securities Act and the applicable laws of the jurisdiction where those offers, and sales occur.

The Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be offered or sold, and Bids may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

The above information is given for the benefit of the Applicants. Our Company, and the Lead Manager are not liable for any amendments or modification or changes in applicable laws or regulations, which may occur after the date of this Prospectus. Applicants are advised to make their independent investigations and ensure that the number of Equity Shares applied for do not exceed the applicable limits under laws or regulations.

For further details, see "*Offer Procedure*" beginning on page 276 of this Prospectus.

A call may be revoked or postponed at the discretion of the Board.</p>
14.	A call shall be deemed to have been made at the time when the resolution of the Board authorizing the call was passed and may be required to be paid by instalments.
15.	The joint holders of a share shall be jointly and severally liable to pay all calls in respect thereof.
16.	<ul style="list-style-type: none"> • If a sum called in respect of a share is not paid before or on the day appointed for payment thereof, the person from whom the sum is due shall pay interest thereon from the day appointed for payment thereof to the time of actual payment at ten per cent per annum or at such lower rate, if any, as the Board may determine. • The Board shall be at liberty to waive payment of any such interest wholly or in part.
17.	<p>i. Any sum which by the terms of issue of a share becomes payable on allotment or at any fixed date, whether on account of the nominal value of the share or by way of premium, shall, for the purposes of these regulations, be deemed to be a call duly made and payable on the date on which by the terms of issue such sum becomes payable.</p> <p>ii. In case of non-payment of such sum, all the relevant provisions of these regulations as to payment of interest and expenses, forfeiture or otherwise shall apply as if such sum had become payable by virtue of a call duly made and notified.</p>
18.	<p>The Board -</p> <ul style="list-style-type: none"> a. may, if it thinks fit, receive from any member willing to advance the same, all or any part of the monies uncalled and unpaid upon any shares held by him and b. upon all or any of the monies so advanced, may (until the same would, but for such advance, become presently payable) pay interest at such rate not exceeding, unless the company in general meeting shall otherwise direct, twelve per cent per annum, as may be agreed upon between the Board and the member paying the sum in advance.
TRANSFER OF SHARES	
19.	<p>i. The instrument of transfer of any share in the company shall be executed by or on behalf of both the transferor and transferee.</p> <p>ii. The transferor shall be deemed to remain a holder of the share until the name of the transferee is entered in the register of members in respect thereof.</p>
20.	<p>i. The Board may, subject to the right of appeal conferred by section 58 decline to register</p> <p>ii. the transfer of a share, not being a fully paid share, to a person of whom they do not approve; or</p> <p>iii. any transfer of shares on which the company has a lien.</p>
21.	<ul style="list-style-type: none"> • The Board may decline to recognize any instrument of transfer unless • a. the instrument of transfer is in the form as prescribed in rules made under sub-section (1) of section 56; • b. the instrument of transfer is accompanied by the certificate of the shares to which it relates, and such other evidence as the Board may reasonably require to show the right of the transferor to make the transfer; and • c. the instrument of transfer is in respect of only one class of shares.
22.	<ul style="list-style-type: none"> • On giving not less than seven days' previous notice in accordance with section 91 and rules made thereunder, the registration of transfers may be suspended at such times and for such periods as the Board may from time to time determine: • Provided that such registration shall not be suspended for more than thirty days at any one time or for more than forty-five days in the aggregate in any year.
23.	<p>i. On the death of a member, the survivor or survivors where the member was a joint holder, and his nominee or nominees or legal representatives where he was a sole holder, shall be the only persons recognized by the company as having any title to his interest in the shares</p> <p>ii. Nothing in clause (i) shall release the estate of a deceased joint holder from any liability in respect of any share which had been jointly held by him with other persons.</p>
24.	<p>i. Any person becoming entitled to a share in consequence of the death or insolvency of a member may, upon such evidence being produced as may from time to time properly be required by the Board and subject as hereinafter provided, elect, either</p> <ul style="list-style-type: none"> a. to be registered himself as holder of the share; or b. to make such transfer of the share as the deceased or insolvent member could have made.

	<p>ii. The Board shall, in either case, have the same right to decline or suspend registration as it would have had, if the deceased or insolvent member had transferred the share before his death or insolvency.</p>
25.	<p>i. If the person so becoming entitled shall elect to be registered as holder of the share himself, he shall deliver or send to the company a notice in writing signed by him stating that he so elects.</p> <p>ii. If the person aforesaid shall elect to transfer the share, he shall testify his election by executing a transfer of the share.</p> <p>iii. All the limitations, restrictions and provisions of these regulations relating to the right to transfer and the registration of transfers of shares shall be applicable to any such notice or transfer as aforesaid as if the death or insolvency of the member had not occurred and the notice or transfer were a transfer signed by that member.</p>
26.	<ul style="list-style-type: none"> • A person becoming entitled to a share by reason of the death or insolvency of the holder shall be entitled to the same dividends and other advantages to which he would be entitled if he were the registered holder of the share, except that he shall not, before being registered as a member in respect of the share, be entitled in respect of it to exercise any right conferred by membership in relation to meetings of the company; • Provided that the Board may, at any time, give notice requiring any such person to elect either to be registered himself or to transfer the share, and if the notice is not complied with within ninety days, the Board may thereafter withhold payment of all dividends, bonuses or other monies payable in respect of the share, until the requirements of the notice have been complied with.
FORFEITURE OF SHARES	
28.	If a member fails to pay any call, or instalment of a call, on the day appointed for payment thereof, the Board may, at any time thereafter during such time as any part of the call or instalment remains unpaid, serve a notice on him requiring payment of so much of the call or instalment as is unpaid, together with any interest which may have accrued.
29.	<ul style="list-style-type: none"> • The notice aforesaid shall— • name a further day (not being earlier than the expiry of fourteen days from the date of service of the notice) on or before which the payment required by the notice is to be made; and • state that, in the event of non-payment on or before the day so named, the shares in respect of which the call was made shall be liable to be forfeited.
30.	If the requirements of any such notice as aforesaid are not complied with, any share in respect of which the notice has been given may, at any time thereafter, before the payment required by the notice has been made, be forfeited by a resolution of the Board to that effect.
31.	<ul style="list-style-type: none"> i. A forfeited share may be sold or otherwise disposed of on such terms and in such manner as the Board thinks fit. ii. At any time before a sale or disposal as aforesaid, the Board may cancel the forfeiture on such terms as it thinks fit.
32.	<ul style="list-style-type: none"> i. A person whose shares have been forfeited shall cease to be a member in respect of the forfeited shares, but shall, notwithstanding the forfeiture, remain liable to pay to the company all monies which, at the date of forfeiture, were presently payable by him to the company in respect of the shares. ii. The liability of such person shall cease if and when the company shall have received payment in full of all such monies in respect of the shares.
33.	<ul style="list-style-type: none"> i. A duly verified declaration in writing that the declarant is a director, the manager or the secretary, of the company, and that a share in the company has been duly forfeited on a date stated in the declaration, shall be conclusive evidence of the facts therein stated as against all persons claiming to be entitled to the share; ii. The company may receive the consideration, if any, given for the share on any sale or disposal thereof and may execute a transfer of the share in favour of the person to whom the share is sold or disposed of; iii. The transferee shall thereupon be registered as the holder of the share; and iv. The transferee shall not be bound to see to the application of the purchase money, if any, nor shall his title to the share be affected by any irregularity or invalidity in the proceedings in reference to the forfeiture, sale or disposal of the share.
34.	The provisions of these regulations as to forfeiture shall apply in the case of non-payment of any sum which, by the terms of issue of a share, becomes payable at a fixed time, whether on account of the nominal value of the share or by way of premium, as if the same had been payable by virtue of a call duly made and notified.

ALTERATION OF CAPITAL

35.	The company may, from time to time, by ordinary resolution increase the share capital by such sum, to be divided into shares of such amount, as may be specified in the resolution.
36.	<ul style="list-style-type: none"> Subject to the provisions of section 61, the company may, by ordinary resolution, consolidate and divide all or any of its share capital into shares of larger amount than its existing shares; convert all or any of its fully paid-up shares into stock, and reconvert that stock into fully paid-up shares of any denomination; sub-divide its existing shares or any of them into shares of smaller amount than is fixed by the memorandum; cancel any shares which, at the date of the passing of the resolution, have not been taken or agreed to be taken by any person.
37.	<ul style="list-style-type: none"> Where shares are converted into stock, the holders of stock may transfer the same or any part thereof in the same manner as, and subject to the same regulations under which, the shares from which the stock arose might before the conversion have been transferred, or as near thereto as circumstances admit; Provided that the Board may, from time to time, fix the minimum amount of stock transferable, so, however, that such minimum shall not exceed the nominal amount of the shares from which the stock arose. the holders of stock shall, according to the amount of stock held by them, have the same rights, privileges and advantages as regards dividends, voting at meetings of the company, and other matters, as if they held the shares from which the stock arose; but no such privilege or advantage (except participation in the dividends and profits of the company and in the assets on winding up) shall be conferred by an amount of stock which would not, if existing in shares, have conferred that privilege or advantage. such of the regulations of the company as are applicable to paid-up shares shall apply to stock and the words "share" and "shareholder" in those regulations shall include "stock" and "stock-holder" respectively.
38.	<ul style="list-style-type: none"> The company may, by special resolution, reduce in any manner and with, and subject to, any incident authorized and consent required by law, its share capital; any capital redemption reserve account; or any share premium account.
CAPITALISATION OF PROFITS	
39.	<ul style="list-style-type: none"> The company in general meeting may, upon the recommendation of the Board, resolve— that it is desirable to capitalize any part of the amount for the time being standing to the credit of any of the company's reserve accounts, or to the credit of the, profit and loss account, or otherwise available for distribution; and that such sum be accordingly set free for distribution in the manner specified in clause (ii) amongst the members who would have been entitled thereto, if distributed by way of dividend and in the same proportions. The sum aforesaid shall not be paid in cash but shall be applied, subject to the provision contained in clause (iii), either in or towards paying up any amounts for the time being unpaid on any shares held by such members respectively; paying up in full, unissued shares of the company to be allotted and distributed, credited as fully paid-up, to and amongst such members in the proportions aforesaid; partly in the way specified in sub-clause (A) and partly in that specified in sub-clause (B); A securities premium account and a capital redemption reserve account may, for the purposes of this regulation, be applied in the paying up of unissued shares to be issued to members of the company as fully paid bonus shares; The Board shall give effect to the resolution passed by the company in pursuance of this regulation.
40.	<ul style="list-style-type: none"> Whenever such a resolution as aforesaid shall have been passed, the Board shall— <ul style="list-style-type: none"> make all appropriations and applications of the undivided profits resolved to be capitalised thereby, and all allotments and issues of fully paid shares if any; and generally, do all acts and things required to give effect thereto. The Board shall have power— <ul style="list-style-type: none"> to make such provisions, by the issue of fractional certificates or by payment in cash or otherwise as it thinks fit, for the case of shares becoming distributable in fractions; and

	<p>b. to authorize any person to enter, on behalf of all the members entitled thereto, into an agreement with the company providing for the allotment to them respectively, credited as fully paid-up, of any further shares to which they may be entitled upon such capitalization, or as the case may require, for the payment by the company on their behalf, by the application thereto of their respective proportions of profits resolved to be capitalized, of the amount or any part of the amounts remaining unpaid on their existing shares;</p> <p>iii. Any agreement made under such authority shall be effective and binding on such members</p>
BUY-BACK OF SHARES	
41.	Notwithstanding anything contained in these articles but subject to the provisions of sections 68 to 70 and any other applicable provision of the Act or any other law for the time being in force, the company may purchase its own shares or other specified securities.
GENERAL MEETINGS	
42.	All general meetings other than annual general meeting shall be called extraordinary general meeting.
43.	<p>i. The Board may, whenever it thinks fit, call an extraordinary general meeting.</p> <p>ii.
